

Recalled Pool Safety Drain Products

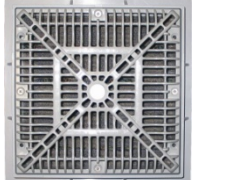

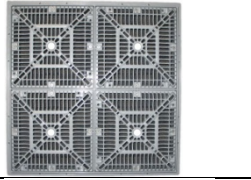

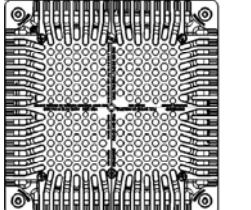

Some pool safety drains have been recalled by the manufacturers due to inadequate testing for body entrapment risks. The recall requires replacement of affected drains installed in wading pools, spas and single-drain swimming pools. Drains in multiple-drain swimming pools or swimming pools with gravity drainage systems are not required to be replaced under the recall. Pool owners with affected drains should be notified of the recall and instructed to contact the drain manufacturer for recall instructions.

Recalled Products:

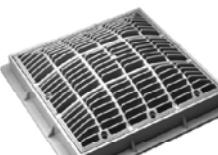

Image	Model/Description	Manufacturer Information
	A&A Manufacturing PDR 10" Drain Model #560	http://www.aamfg.com/
	Aquastar 10" Anti-entrapment 10" Suction Outlet Cover	http://www.aquastarpoolproducts.com/draincoverrecall.html
	Aquastar 4RNDxxx 4" Skimmer Equalizer/Suction Outlet with pipe adapter, and R4NDxxx 4" Skimmer Equalizer	http://www.aquastarpoolproducts.com/draincoverrecall.html
