We would love to hear your ideas at a community meeting

Catawba County is developing a Farm & Food Sustainability Plan to help promote and sustain agriculture with a focus on economic development opportunities and local food initiatives. We want to hear your ideas about the challenges facing agriculture and opportunities to help make agriculture thrive in Catawba County. Please join us for refreshments and share your ideas at one or all of the community meetings.

If you can't join us at one of the community meetings, please share your ideas on the County's web site at:
