

Catawba County Building Services Fee Schedule
Effective Date February 17, 2009

SCHEDULE A - BUILDING PERMIT FEE (NEW BUILDINGS/STRUCTURES/ADDITIONS)

Blanket permit fees will be based on the Building Valuation Data per square foot, as published biannually by the International Code Council (ICC). Square foot construction costs, as published by the ICC, shall be adjusted in accordance with the Catawba County Building Cost Factor, and shall serve as the minimum acceptable cost per square foot for such work.

Building Permit65 % of Blanket Permit
Electrical Permit14 % of Blanket Permit
Mechanical Permit12 % of Blanket Permit
Plumbing Permit 9 % of Blanket Permit

Permit Fee: Gross Area x Catawba County Square Foot Multiplier (Table A).

Gross Area: the area included within surrounding exterior walls, or exterior walls and fire-walls exclusive of courts per floor.

Square Foot Construction Cost: published by ICC based on occupancy & type of construction.

Catawba County Building Cost Factor (CCBCF): A mechanism for adjusting building construction costs specifically for Catawba County set for each building group and construction type annually with County budget adoption and are based on actual documented building costs during the fiscal year.

a. Private Garages are group U.

b. Unfinished basements use 0.072 as the Catawba County Square Foot Multiplier.

c. N.P. = Not Permitted - These use groups are not permitted in these Construction Types.

d. Building Permits will be affected by \$10.00 surcharge effective August 1, 2003 as mandated by Senate Bill 321 - "Homeowners Recovery Fund" (G.S. 87-15.b)

* This table is based on the ICC fee schedule method and Catawba County square foot building costs. For more information on fee schedule contact the Catawba County Permit Center at (828) 465-8399.

Permit Fee Multiplier: Amount of Building Services Budget to be recovered through permit fees (1)
 Total Annual Construction Value (2)

1. Building Services Division budget as approved by the Catawba County Board of Commissioners including the percentage of the budget that is to be recovered through permit fees.
2. Based on historical records, total annual construction value in dollars that has occurred within Catawba County in the previous year.

Catawba County Building Services Fee Schedule

Effective Date February 17, 2009

Appeals: Building valuation data may be appealed by one of the following methods:

1. Upon issuance of a Certificate of Compliance the permit holder may submit final documentation of all building construction costs to include structural, electrical, plumbing, mechanical, interior finish, normal site preparation, architectural and design fees, overhead and profit. Documentation will be compared to ICC Square Foot Construction Costs to determine if the initial building valuation was accurate. All documentation that verifies a difference of more than 10 % from the initial building valuation data to the actual completed cost of construction can be appealed for a refund of a portion of the permit fees initially paid.
2. Permit applicants may appeal valuation data by submitting a Cost of Construction claim form to the Catawba County Permit Center at time of permit issuance. This form shall be sealed and certified by a North Carolina registered design professional engaged in the project. The contractors and design professionals shall also agree to supply the County with all change orders that occur during project construction. Prior to issuance of a Certificate of Compliance the permit holder will be responsible to reimburse Catawba County for any additional permit fees that may be assessed due to change orders that increase the value of the building by more than 10% of the original cost of construction.

Structure values which are not identified by the International Code Council BVD will be based on the contractors estimate and using the permit fee multiplier with a minimum building permit fee of \$88.00. Examples of such structures: swimming pools, signs, retaining walls, cell towers, private piers, etc.
