

**Erosion and Sedimentation Control
Fee Schedule Effective 7-1-08**

These fees are for sites that **disturb more than one acre**. Sites that disturb more than one acre are required to submit a formal erosion control plan. Once the site has been permitted, it will be inspected on a regular basis.

Express Plan Review.....When combined with Building Services Express Plan Review, Building Services hourly rate for plan review plus \$150.00 per disturbed acre or any part thereof, acres 2 through 999,999.

Stand Alone Express Plan Review \$97.50 per hour or any fraction thereof minimum \$200.00, plus \$150.00 per disturbed acres or any part thereof, acres 2 through 999,999.

Plan Review \$200.00 (includes the first acre disturbed, plus \$150.00 per disturbed acre or any part thereof, acres 2 through 999,999).

Permit Placard..... \$5.00
Fines for Notice of Violation Varies based on severity, adherence to approved plan, prior record, whether the violation was committed willfully, amount of money saved by noncompliance, cost of rectifying the damage, and staff investigative costs.

Reinspection Fee (required after Notice of Violation) \$125.00

If a site is out of compliance, it will receive a Notice of Violation. Any project that is under an NOV may not have any activity (I.E. Building Services inspections) until the site is brought into compliance and the required fine is paid to the Catawba County Finance Department, and the re-inspection fee has been paid. Fines and re-inspection fees may NOT be billed on an account.

The project management fee is assessed only on sites that **do not disturb more than one acre** (i.e. single family homes), are not required to submit an erosion control plan, **and** only after County inspectors have investigated a complaint and found that the site is not in compliance with erosion control laws.

Project Management Fee \$50.00 (Fee for sites not requiring a formal erosion control plan, but found to be in violation of the North Carolina Sedimentation Pollution Control Act of 1973 (Staff will recommend adequate sediment control measures and inspect the site. Inspections will cease once site is stabilized.)
