

## **PROCEDURE FOR ACQUIRING MANUFACTURED HOME PERMITS**

The Catawba County Permit Center needs the following approvals and applications turned into the office before a manufactured home permit can be issued.

1. Zoning approval from the proper zoning jurisdiction (see list below).
2. Health Department approval if there is an existing septic tank system on the property, or if one will be placed on the property, or conformation of city sewer services provided. (An Authorization to Construct must be obtained from the Environmental Health Department or you must have approval of an existing system).
3. An application for **Manufactured Home Permit** completed by the person or company setting up the manufactured home and returned to the Permit Center. If a licensed set up contractor is to be listed on the permit, the contractor must state his name as listed in the license book, license number, address, and sign the application form. Fees are collected when the permit is issued to individuals who do not have a billing account with Catawba County.
4. An application for an electrical permit completed by the licensed electrician or homeowner, whichever person that will be performing the work. Fees are collected when the permit is issued to individuals who do not have a billing account with Catawba County.
5. An application for plumbing permit completed by the plumber or homeowner, whichever person that will be performing the work. Fees are collected when the permit is issued to individuals who do not have a billing account with Catawba County.
6. An application for mechanical permit may be required if an outside heating/cooling unit is to be installed. The application must be completed by the mechanical contractor or homeowner, whichever person that will be performing the work. Fees are collected when the permit is issued to individuals who do not have a billing account with Catawba County.
7. Homeowner's may do all the work if they own the home and it is not intended for rent, sale or lease during the permitting period.

Permits will be issued after all the above approvals and applications have been received in the Building Services Office. Fees for all permits are collected when the permit is issued, unless an approved account has been set up in advance.
