

Internships in Social Work

Ready to Make a Difference?

Internship opportunities are available throughout the year within our Family and Children's Services or Adult Services programs for students working toward a 4 year degree in Human Services or a Bachelor's or Master's in Social Work. These programs include poverty prevention, school social work, child and family mental health services, protective services for children, serving adults with disabilities, serving as a legal guardian for adults, long term care services for adults, and senior nutrition. Some internships have led to full time employment upon successful completion. To request more information about an internship at Catawba County Social Services, please email your resume, including area of interest, to kharrington@catawbacountync.gov.

Upon graduation, Catawba County Social Services is seeking applications on a continuous basis for Protective Services Social Workers. Our typical salary range for positions is \$42,221.00-\$65,513.00 annually (for fully qualified staff/based on education and years of experience). We offer a \$1,000 increase to the base salary for qualified candidates applying for protective services social workers (upon successful completion of 9 month probation period). You will find that Catawba County has one of the best benefits packages around.

To see our job opportunities, benefits in detail, and information about our community, scan the QR code below or go to our website, catawbacountync.gov/dss/jobs. Preference is given to BSW/MSW applicants, and/or to applicants with prior public social work experience in NC.
