Volunteer with Us!

Volunteers wanted to plant and harvest the library's community garden.

NEWTON, NC – The Catawba County Library System is seeking volunteers to assist with getting the community garden into tip top shape! Volunteers will work alongside seasoned horticultural professional and Librarian April Green to beautify the reading garden as well as plant, maintain and harvest herbs and vegetables from the community garden at the Main Library in Newton. Volunteers must be at least 17 years of age or have a parent/guardian's legal consent. No experience is required.

Join us on upcoming outside work days in the garden and share in some good soil and good company:

- Tuesday, June 2 from 8 am to noon (reading garden beautification)
- Thursday, June 4 from 1 pm to 5 pm (reading garden beautification)
- Friday, June 5 from 8 am until complete (vegetable garden planting and drip irrigation installation)

The library's community garden was initiated in 2014 and it consists of 12 raised beds. The produce will be donated to community food banks while the garden itself will provide a setting for library programs and events.

Volunteers are asked to bring tools such as shovels, rakes, and pitch forks, if they already have them. To volunteer to work in the Library's community garden, or to find out more information about the programs and services available at your library, visit www.catawbacountync.gov/library/, email agreen@catawbacountync.gov or call (828) 465-8668. We look forward to working with you and making a difference for our community.

About: *The Catawba County Library System, headquartered in Newton, NC, serves the citizens of Catawba County with seven branches throughout the county and is a year-round, integral provider of early literacy and lifelong learning. In addition to traditional services, the system provides a full complement of computer and digital services, classes and support to bridge the digital divide, empower job seekers, and enhance community quality of life and economic health.*
