CATAWBA COUNTY LAUNCHES NEW VOTING LOCATOR WEBSITE

Catawba County has updated its Voting Locator website, giving voters an online tool to search for their polling place. The website is available through links on the County's home page, the Board of Elections page, or directly at <http://gis.catawbacountync.gov/voter/>.

"The new Voter Locator is just in time for the upcoming elections," said Michelle Deese, Catawba County GIS Administrator. "This website allows voters to find their polling location by searching on either their address, or the property owner's name."

Both searches use the auto-complete feature. As you begin typing, matches will be displayed below the input box. You may click on the appropriate match, which will then zoom to a map of the polling location. If you need directions to the polling location, you'll find a link to Google maps on the left hand side of the page, below the photo.

"The new site has been designed to work across desktops, tablets, and smart phones," said Ralph Dell, Catawba County's GIS Web Developer. "We welcome your feedback on how the site worked for you."

The public is invited to share feedback with Mr. Dell through an [email](#) link on the Voter Locator web page or at 828-465-8391.
