

CHILDREN, SERVICES CONCERNING

The County's human resources agencies provide services in many areas for children. Public Health provides physical examinations, vision and hearing tests and laboratory tests; counseling, immunizations, nutrition counseling, dental health screening, scoliosis screening and nurse follow up and/or referral. For more information on these programs call Public Health at 695-5800.

For information on adoption, day care, problem pregnancies, child abuse, delinquency prevention programs, conventional and specialized foster care, work permits for minors, and child support services, call Social Services (see listing below).

For information on adolescent counseling, mental retardation and developmental disability programs, psychiatric services, drug and alcohol abuse problems, and parent training/education, call Mental Health Partners at 1-877-327-2593.
