

**GARBAGE COLLECTION (See also “Landfill,” “Materials Recovery Facility,” “Recycling.”)**

Each town and city provides residential trash collection and weekly curbside recycling services. Garbage Disposal Services, Inc. (GDS), under franchise to the County, offers weekly trash collection and curbside recycling to all homes in the County not served by a municipality. Cities and towns provide different levels of commercial waste collection services. GDS’s commercial service is available for hire throughout the County.

***For information on recycling and conservation programs, call GDS at 256-2158 or the Catawba County’s Recycling Coordinator at 465-8217.***
