

Catawba County Public Health Flu Clinic Schedule 2009

Seasonal flu vaccines are available for children ages 6 months to 18 years of age. H1N1 (swine) flu vaccines will be made available as soon as we receive them. These vaccines may be given to government selected high risk groups first. Please contact public health for more information.

Monday through Friday 8:00am to 5:00pm

Wednesday 8:00am to 6:00pm

Please call 828.695.5800 for an appointment

- 10 years of age and older = 1 dose H1N1
- 9 years of age and younger = 2 doses H1N1 (21-28 days apart)

Information current as of September 21st, 2009
