February 2019

Excel Basics

Monday, February 4 at 11 am

Learn the basics of Excel, a spreadsheet program that lets you store, organize, and manipulate data.

Worklife Wednesday: Resumé Tune-up

Wednesday, February 6 from 10 am-2 pm

Book a 30-minute, individual session to create or update your resumé by calling 828.465.8665.

Excel: Formulas and Functions

Wednesday, February 6 at 11 am

Learn to create basic formulas or to use already created functions to add numbers, calculate a mortgage payment, or search for variables. Basic Excel skills required.

Excel: Macros

Thursday, February 7 at 11 am

Understanding how macros work can lead you to automating actions to get your work done more quickly. This class will show you how to record and run a macro and how to create a Quick Access button. Basic Excel skills required.

Python: Class 1

Wednesday, February 13 at 11 am

This general purpose computer coding language is easy to learn, open source, and works across multiple platforms. In this class, we'll cover variables, expressions, and data types. Intermediate computer skills needed.

Windows 10 Tips and Tricks

Thursday, February 14 at 11 am

This workshop will help you get comfortable using the interface. Learn to customize the Start Menu, access the Quick Access Menu, and get Cortana to give directions, set reminders, and much more.

3-D Basics

Monday, February 18 at 11 am

Learn the foundations of 3-D printing: what it is, how it works, and where you can find resources for 3-D printable files.

Python: Class 2

Wednesday, February 20 at 11 am

This second coding class will cover format operators, input, and conditions. Intermediate computer skills required.

Microsoft Word Basics

Thursday, February 21 at 11 am

This workshop is intended to help new users get comfortable with word processing software. We'll create, edit, save, and print documents.

Adult STEAM: Succulents and 3-D Printing

Thursday, February 28 at 5 pm

Join us as we talk about the 3-D printing process and watch a planting container be printed. Anelle Ammons from the Catawba County Extension Services will help us plant succulents in pots created on the 3-D printer. Please call 828.465.8665 to register.

Computer Class: Update Your Resumé

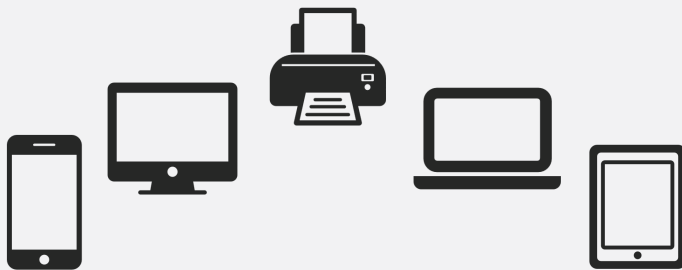

Wednesday, February 20 at 4 pm

Do you want to create your first resumé or need help sprucing up your current one? Participants will learn to create a simple resumé or update the one they already have. Please call 828.466.6818 to register.

Pinterest

Wednesday, February 6 at 10 am

Are you interested in crafts, hairstyles, fashion, or recipes? You can find these and many other subjects of interest online on Pinterest. Learn how to set up an account, and then you can start creating your very own vision boards!

Digital Book Club

Thursday, March 21 at 12 noon

Get ready for our first-ever digital book club meeting, customized for folks who read with Overdrive and/or Hoopla apps! Share your thoughts on the Catawba County Digital Book Club's social media pages. The book club 'meets' quarterly on Facebook Live and in continual asynchronous social media. Our first selection is *No Good Asking* by Fran Kimmel. We'll have a closing discussion online on March 21 at noon and announce our next quarterly selection at that time.
