August 2019

Excel Basics
Tuesday, August 6 at 11 am
Learn the basics of Excel, a spreadsheet program that lets you store, organize, and manipulate data. This class will teach basic functions like AutoSum and AutoFill and is necessary for taking the more advanced Excel classes.

Excel: Formulas and Functions
Wednesday, August 7 at 11 am
Learn to create basic formulas or use already created functions to add numbers, calculate a mortgage payment, or search for variables. Basic Excel skills are required.

Meet Libby
Tuesday, August 13 at 11 am
Libby is a free, user-friendly way to find and enjoy 1000s of ebooks and audiobooks on the NC Digital Library. Learn how to download the app, sign in, and download a title or two. Bring your own tablet or smartphone so we can help set it up and have you ready to go by the time you leave.

ADULT STEAM: Create 3-D Printed Jewelry
Thursday, August 15 at 6 pm
Learn to create 3-D files using Tinkercad, a free online computer-aided design (CAD) software. Participants will have the opportunity to create simple objects for earrings, necklaces, or bracelets using geometric shapes and letters that can be printed with the 3-D printer. Supplies will be provided. Registration required: 828.465.8665.

3-D Basics
Tuesday, August 20 at 4 pm
Learn the foundations of 3-D printing: what it is, how it works, and where you can find resources to get, create, and share 3-D printable files.

Back to Work: Resumés
Monday, August 26 at 6 pm
At this computer class, patrons will learn how to spruce up an old resumé or create a new one that showcases their skills and experience. Registration required: 828.466.6818.

Learn More on GCFLearnFree.org
Wednesday, August 7 at 10 am
