ADOPTED OPERATING & CAPITAL BUDGET

FISCAL YEAR 2020/21

MAKING.

LIVING.

BETTER.

About the Cover - Catawba County's New Brand Platform: *Making. Living. Better.*

In early 2018, Catawba County began rolling out a new community brand platform: *Making. Living. Better.* Prior to then, Catawba County government had not focused on community branding or marketing as part of its communications efforts – so why branding, and why now?

The Catawba County Board of Commissioners designated branding and marketing as one of eight critical action areas in its strategic plan, which is aimed at increasing population and economic growth throughout the county.

The County recognized that significant efforts to promote our community have been in motion for many years – from the Hickory Metro Convention Center & Visitors Bureau's longtime destination marketing strategies to the City of Hickory's successful *Life. Well Crafted.* campaign. However, in order to be a good partner in these efforts, the County needed to play a more active role.

To get started, the County worked with a national community branding firm to develop the County's first brand platform. The process involved several months of research that included County tours, interviews, focus groups, surveys of Catawba County, Charlotte and Asheville residents, and discussions with statewide influencers in the areas of economic development, tourism, and education.

The goal of the research was to identify the assets that make Catawba County both appealing and unique. Some of the assets identified through the research include the County's convenient and accessible geographic location, high quality of life, respected manufacturing legacy, beautiful outdoors, kind and welcoming people, reputation as makers and doers, and collaborative spirit.

The research served as the foundation for a creative process that culminated in the development of a tagline and logo to help define the County's identity and story: *Making. Living. Better.*

- *Making* refers to the community's legacy as makers and doers: we make things happen.
- *Living* refers to quality of life: we enjoy our location, our amenities, and our people.
- *Better* refers to the community's "can do" spirit: we work together to make a difference.

That story is enhanced by a graphic logo that visually represents many of these same themes:

- The *outer circle* resembles a gear, which symbolizes Catawba County's legacy as makers and doers.
- The *inner circle* resembles a second gear, because two gears working together drive things forward. This represents Catawba County's collaborative spirit.
- The *nature scene*, with the foothills and the river, creates a sense of place for the County and symbolizes its good quality of life.
- The *foothill* is an outline of Bakers Mountain, the highest and most visible peak in the County, and the *water* represents the Catawba River – two natural assets that speak to the County's remarkable outdoors.

BUDGET ORDINANCE

BE IT ORDAINED by the Board of Commissioners of Catawba County:

SECTION I

Budget Adoption, 2020/21

The following budget with anticipated fund revenues of \$241,477,128 and departmental expenditures of \$241,477,128 (see [Revenue and Expenditure Summaries](#) in the Executive Summary Section of the budget document for breakdown) is hereby adopted in accordance with G.S. 159 by the County of Catawba for the fiscal year beginning July 1st, 2020, and ending June 30th, 2021, and the same is adopted by fund and department.

The following procedures, controls, and authorities shall apply to transfers and adjustments within the budget except for the budgets of the Reinventing Departments as shown in Section II.

- A. **Transfers Between Departments and Funds:** Transfers of appropriations between departments in a fund, between funds, and from contingency shall be approved by the Board of Commissioners or may be approved by the County Manager in conformance with all of the following guidelines:
 - 1. The County Manager finds that they are consistent with operational needs and any Board approved goals.
 - 2. Transfers between departments and funds do not exceed \$50,000 each.
 - 3. Transfers from Contingency appropriations do not exceed \$50,000 each unless the County Manager finds an emergency exists.
 - 4. All transfers between departments and funds are reported to the Board of Commissioners by its next regular meeting following the date of the transfer (with the exception of performance awards and reclassification/pay inequity funds, which the County Manager has the authority to transfer).
- B. **Transfers within Departments and Activities:** Department Heads may transfer line item appropriations between and within activities within the departments under their jurisdiction with the approval of the Budget and Management Director.
- C. **Transfers of Appropriations from Contingency or Departments for Real Estate Transactions:** Transfers of appropriations from Contingency or departments may be made by the County Manager in order to secure options, pay deposits, or pay other necessary expenses related to real estate transactions approved by the Board of Commissioners.
- D. **Transfers of Capital Projects Appropriations:** Transfers of appropriations up to \$50,000 between projects within a capital project fund may be approved by the County Manager. All transfers between projects are reported to the Board of Commissioners by its next regular meeting following the date of the transfer.
- E. **Transfers of Appropriations from Special Departmental Expense and Revenue Contingencies:** Transfers of appropriations may be made by the Budget and Management Director from special departmental expense and revenue contingency accounts that have been set aside to accommodate mid-year adjustments for allocations from outside agencies. The budget for such special departmental contingency expenditures will not be used until revenues are received and the related funds are transferred out of the contingency accounts to an appropriate line item.

SECTION II

Amendment to Procedures, Controls, and Authorities for Reinventing Departments

The following procedures, controls, and authorities shall apply to transfers, personnel, and adjustments within the budget for the Reinventing Departments, as determined by the County Manager:

- A. The Board of Commissioners will appropriate funds for the Reinventing Departments based on approved outcomes to be achieved during the fiscal year.
- B. Department Heads are hereby authorized to transfer appropriations between activities or from special department contingencies under their jurisdiction with the approval of the Budget and Management Director. Requests for transfers from the General Fund contingency must be approved by the County Manager. The budget for such special departmental contingency expenditures will not be used until revenues are received and the related funds are transferred out of the contingency accounts to an appropriate line item. Department Heads within the Reinventing Departments are hereby authorized to reallocate existing positions between activities under their jurisdiction.
- C. Departments will be allowed to retain all unexpended allocations and/or revenues as defined by the County Manager.
- D. Reinventing Departments may create or abolish positions which impact the outcomes approved by the Board of Commissioners and within available revenues upon summary approval of the Board of Commissioners. Approval will come at the next regularly scheduled Board of Commissioners' meeting and will be attached and approved as part of the minutes.

SECTION III

Tax Levy Rate

A tax rate of \$0.575 per \$100 of assessed valuation is hereby levied for Fiscal Year 2020/21, all of which is levied in the General Fund. No discounts will be allowed for early payment of taxes.

The following rates are levied for fire protection service districts and revenue neutral rates are reported:

<u>Fire Protection Service District</u>	<u>Levied Tax Rate Per \$100 Valuation</u>
Bandys Fire	\$0.1150
Catawba Rural Fire	\$0.1300
Claremont Rural Fire	\$0.1100
Conover Rural Fire	\$0.1100
Cooksville Fire	\$0.0750
Hickory Rural Fire	\$0.1500
Longview Rural Fire	\$0.0830
Maiden Rural Fire	\$0.0753
Mt View Fire	\$0.0718
Newton Rural Fire	\$0.1300

Oxford Fire	\$0.0650
Propst Fire	\$0.0620
Sherrills Ford Fire	\$0.1300
St. Stephens Fire	\$0.1200

SECTION IV

Hospital Fund

The Catawba Valley Medical Center Board of Trustees is hereby required to submit a monthly copy of its financial statements to the County Chief Financial Officer that will include a budget to actual comparison of all expenses and revenues. The Hospital maintains a balance with the County, in the Hospital Reserve Fund. This Fund is intended to be used to finance and construct major Hospital capital projects, if needed, and the school nurse program at Public Health. Catawba Valley Medical Center is a public non-profit hospital and an entity or component unit of Catawba County Government. The County owns the assets but the Hospital is not a line department of the County and therefore is not included in the County budget. The Hospital is authorized to operate as an enterprise fund.

SECTION V

Schools' Current Expense

The allocation of general revenues for the schools' current expense per school system is \$1,741 per pupil based on the average daily membership of K-12, \$58 per pupil of which is budgeted in support of schools cooperating on the following inter-school system programs--Catawba County Bus Garage, HCAM Core Academy, Conover School for Exceptional Children, therapeutic day treatment, and Community Schools.

In accordance with the School Budget and Fiscal Control Act, each Board of Education is required to submit to the Board of Commissioners, as soon as adopted, a copy of the School Board's budget resolution. The school finance officer will submit a quarterly statement of the financial condition of the Administrative unit to the Board of Commissioners.

SECTION VI

Capital Projects and Grants

Project Managers will be designated on a project-by-project basis for all County construction projects and the procedures set forth in "Architectural Procedures – Catawba County", adopted by the Board of Commissioners shall be used to coordinate the efforts of all parties involved in a project. Any changes in the estimate, as a result of bids or otherwise, shall be reported by the Project Managers and carry his or her recommendation of approval to the Board of Commissioners prior to the advertising of bids. When compiled and approved by user agencies, all projects must conform to the Catawba County Design and Construction Specifications.

In accordance with the School Budget and Fiscal Control Act each school system will submit to the County Budget and Management Director detailed project sheets for each capital project included in this budget.

The General Capital Projects Fund, the Hospital Construction Fund, the Water and Sewer Fund, the School Capital Outlay Fund, the School Bond Capital Projects Fund, the Schools’ Construction Fund, the Fire Districts Funds, and the Community Development Fund are hereby authorized. Appropriations made for the specific projects or grants in these funds are hereby appropriated until the project is completed.

Any grant or capital project budget previously adopted, the balance of any anticipated, but not received, revenues and any unexpended appropriations remaining on June 30th, 2020, shall be reauthorized in the Fiscal Year 2020/21 budget unless a specific new budget has been prepared.

SECTION VII

Emergency Approvals, Schools

Emergency transfers to and from the School Capital Outlay Fund shall be in accordance with the School Budget and Fiscal Control Act.

SECTION VII

Annual Financial Reports

All agencies receiving County funding are required to submit an audit report by December 31st, 2020. Approved payments may be delayed pending receipt of this financial information.

SECTION IX

Fees and Licenses

Charges for fees and licenses by Catawba County Departments or Agencies shall be in accordance with the fee policy. Fee changes to be adopted by the Board of Commissioners are set forth in the [Fee Updates](#) section of the Executive Summary and the entire fee schedule is included in the [Appendix](#).

SECTION X

SECTION XI

Personnel

- A. Salaries – Salaries for Fiscal Year 2020/21 are based on the Fiscal Year 2020/21 pay plan for Catawba County that is adopted as a part of this budget and is effective July 1st, 2020. Funds are included for a 2 percent performance pay increase for employees who satisfy performance expectations as reflected in employees’ annual performance evaluations effective in March 1, 2021 subject to revenue and Board of Commissioners approval.
- B. Performance Awards – Funds are allocated in the budget to provide one-time lump sum performance awards to recognize exceptional performance at the discretion of the County Manager.
- C. Travel Allowance – The travel allowance rate will be according to the IRS reimbursement rate.
- D. Special Payment – Positions that require specialized skills may be compensated by a special payment. This payment will only occur while the employee is serving in that capacity. This special payment is not considered a part of the annual base pay for classification. The amount of special payment is to be approved by the County Manager upon a recommendation by the Human Resources Director.

SECTION XII

Budget Policy for State and Federal Fund Decreases

It will be the policy of this Board that it will not absorb any reduction in State and Federal funds; that any decrease shall be absorbed in the budget of the agency by reducing personnel or department expenditures to stay within the County appropriation as authorized.

This policy is extended to any agency that is funded by the County and receives State or Federal money. This shall remain in effect until otherwise changed or amended by the Board of Commissioners. The County Manager is hereby directed to indicate this to each of the agencies that may be involved.

SECTION XIII

Reappraisal Fund

In accordance with the provisions of G.S. 153A-150, an appropriation of \$541,762 will be made from the General Fund to the Reappraisal Fund for the purpose of providing funds for the next reappraisal.

SECTION XIV

Fiscal Control Act

The Budget and Management Director and the Chief Financial Officer are hereby directed to make any changes in the budget of fiscal practices that are required by the Local Government and Fiscal Control Act. This shall extend to permitted consolidations of funds and "Single Tax Levies" permitted in the Fiscal Control Act.

- A. As provided by G.S. 159-25 (b), the Board has authorized dual signatures for each check or draft that is made on County funds. The signatures of the County Manager, Chief Financial Officer, Assistant County Manager, and Assistant Chief Financial Officer shall be authorized signatures of the County.
- B. Operating funds encumbered on the financial records of the County as of June 30th, 2020, are hereby re-appropriated to this budget.
- C. The Board authorizes the appropriation of all Fund Balances earned by the Reinvesting Departments as determined by the County Manager and as a result of the County's annual audit of June 30th, 2020.
- D. The Board also authorizes (as is the practice) one principal account as depository for all funds received by the Chief Financial Officer from any source. Current accounting techniques shall be used to assure that all funds will be properly accounted for in the financial records of the County.

SECTION XV

Authorization to Contract

The County Manager or his designee are hereby authorized to execute agreements, within funds included in the Budget Ordinance or other actions by the Board of Commissioners, for the following purposes: 1) Form grant agreements to public and non-profit organizations; 2) Leases of routine business equipment; 3) Consultant, professional, or maintenance service agreements; 4) Purchase of supplies, materials, or equipment where formal bids are not required by law; 5) Applications for and agreements for acceptance of grant funds from Federal, State, public, and non-profit organization sources, and other funds from other government units, for services to be rendered which have been previously approved by the Board; 6) Construction or repair projects; 7) Liability, health, life, disability, casualty, property, or other insurance or performance bonds other than similar items required by the Sheriff or Register of Deeds; and 8) Other administrative contracts which include agreements adopted in accordance with the directives of the Board of Commissioners.

SECTION XVI

Authorization to Award and Reject Bids

Pursuant to General Statute 143-129, the County Manager is hereby authorized to award formal bids received in amounts less than \$250,000 within the following guidelines: 1) bid is awarded to the lowest

responsible bidder; 2) sufficient funding is available within the departmental budget; and 3) purchase is consistent with the goals and/or outcomes of the department. The County Manager shall further be authorized to reject any and/or all bids received if it is in the best interest of Catawba County. A report shall be made to the Catawba County Board of Commissioners of all bids awarded or rejected under this section and entered in the minutes of its formal sessions.

This ordinance is adopted this 1st day of June 2020.

EXECUTIVE SUMMARY

Board of Commissioners Changes to the Manager's Recommended Budget

June 1, 2020

To the Catawba County Board of Commissioners and Citizens:

I am pleased to present to you the proposed budget for adoption. On May 11, 2020, I presented my recommended budget. Budget hearings were held on May 21, 2020, with a public hearing and wrap-up session on May 28, 2020. During deliberations the Board made changes to the budget as follows:

- Eliminated the proposed \$500 lump sum to employees July 1, 2020 (\$632,947).
- Includes a \$.13 Fire Service Protection District tax rate for Newton instead of \$.15 (\$111,203).

Additionally, since the wrap-up session the NC E-911 Board notified the County that Fiscal Year 2020/21 distributions will be \$9,890 lower than originally budgeted.

The final budget with the changes above is \$241,477,128.

Sincerely,

Mick Berry
County Manager

Message from the County Manager

May 11, 2020

To the Catawba County Board of Commissioners and Citizens:

I am pleased to present to you the recommended Catawba County budget for Fiscal Year 2020/21 in the amount of \$242,231,168, which maintains a property tax rate of \$0.575 per \$100 of valuation and reflects a 4.1 percent decrease in the total budget. The General Fund budget is \$201,847,712 of this total, a 1.5 percent increase over the current year. The budget is balanced and prepared in accordance with the Local Government Budget and Fiscal Control Act and Generally Accepted Accounting Principles, and is aligned with the priorities of and direction given by the Board of Commissioners.

With the international response to the COVID-19 pandemic and resulting economic crisis that is still unfolding, the County's budget was developed with even more extensive work with departments, education and agency partners and guided by the Board of County Commissioners. In response to the environment of uncertainty, the recommended budget includes a series of service level decisions which will be evaluated later in the fiscal year. This approach will yield better decisions as we gain greater clarity around financial, operating, and legislative environments.

The attached Budget Highlights provides an executive summary of the coming year's financial plan. Details on each department's budget, school capital and current expense funding, longer term capital improvement plans and other future looking data and analysis round out this budget. In this world of uncertainty, creating road maps to possible futures is more important than ever.

Sincerely,

Mick Berry
County Manager

MAKING LIVING BETTER

FISCAL YEAR 2020/21 BUDGET HIGHLIGHTS

The County’s total Fiscal Year 2020/21 Budget is \$241,477,128. The County manages these funds using accounts—called funds—to track expenditures and revenue sources. The easiest way for most people to think about funds is to compare them to bank accounts. Money comes into a fund from a variety of sources and is then used to provide services to the public. Catawba County has 36 funds, with the largest being the General Fund. The General Fund is the primary operating fund composing \$201,219,565 or 83.3 percent of the budget. These funds are summarized in the budget into the following fund types:

TOTAL BUDGET

GENERAL FUND

Includes most County departments and services. It is often referred to as the operating Fund.

OTHER GENERAL FUND-LIKE FUNDS

Includes Self-Insurance, Reappraisal and Register of Deeds Automation Funds. These funds are largely funded by and/or tied to General Fund activities.

SPECIAL REVENUE FUNDS

Includes funds that are restricted for specific uses and have dedicated revenue sources including: E-911, Sheriff’s Narcotics, Fire Protection Service Districts, Rescue Squads, Library Endowment, Parks/Historic Preservation Trust, Community Development, and Hospital Reserve Funds.

CAPITAL PROJECT FUNDS

Includes General Capital, Schools’ Capital, Schools’ Construction, Water & Sewer, and Solid Waste Capital Funds. Expenses in these funds are budgeted in projects, which--unlike other expenses that lapse at the end of each fiscal year--remain authorized until the projects are completed or the projects are closed.

ENTERPRISE FUNDS

Includes Solid Waste and Water & Sewer Operating Funds.

REVENUES

Catawba County has multiple revenue sources that are summarized in the following categories in the budget:

PROPERTY TAX

Includes revenues from taxes based on the assessed value of real and personal property owned. The General Fund reflects revenue from the county-wide 57.5 cents per \$100 of assessed valuation. Fire Service Protection District property taxes are budgeted in Special Revenue Funds.

SALES TAX

Consumers pay a sales tax rate of 2.25%. This revenue is budgeted primarily in the General Fund but also in Schools' Capital based on statutory requirements and Water & Sewer based on designations by the Board of Commissioners for use of the ¼ cent sales tax.

OTHER TAXES

Includes privilege licenses, real estate excise tax, tire and white goods disposal taxes, and ABC per bottle taxes.

INTERGOVERNMENTAL FUNDS

Includes funds received from the State and Federal governments, generally restricted for specific uses, and heavily concentrated in Human Services.

PERMITS & FEES

Includes building permit and ambulance fees and certified copies in the General Fund and Landfill user fees in the Solid Waste Management Fund.

MISCELLANEOUS

Includes ABC profits, cable TV franchise fees, interest on investments, and donations.

FUND BALANCE

Reflects the use of County savings.

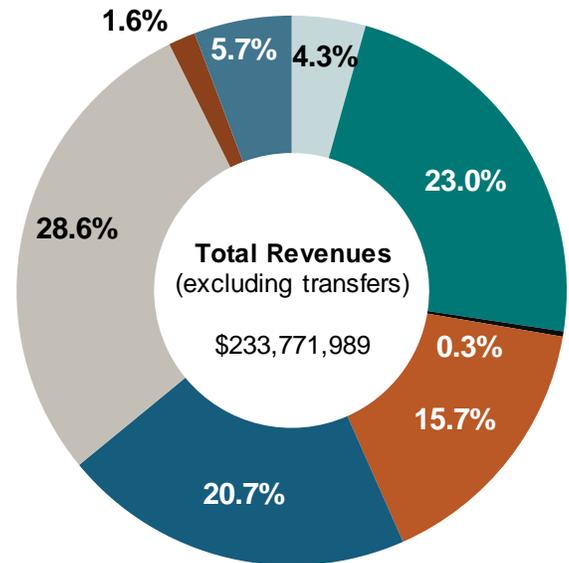

FINES & FORFEITURES

Fees collected by the Courts and entirely distributed to schools.

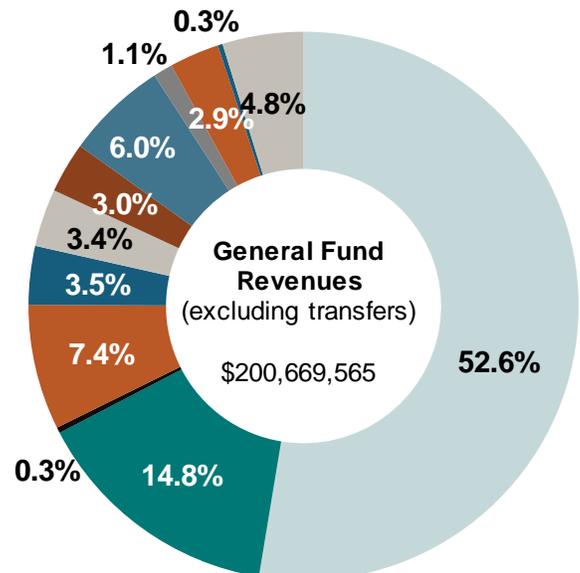

OTHER SOURCES

Includes debt proceeds, special contingency, and insurance premiums.

Local Funds

The County receives significant revenue from sources other than County, particularly in Human Services where County governments are often ordered by the State to carry out certain programs. These revenues are typically restricted to programs for which they are received and can't be used for other purposes. Because large amounts of restricted funds are received from the State, the term "County Share" has been created to identify how much County tax revenue is spent on programs.

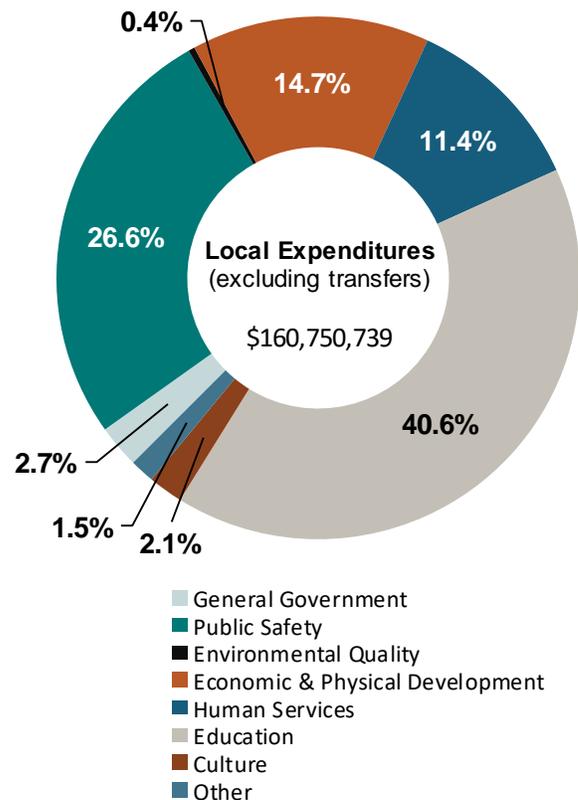

Other services (such as Building Services) generate sufficient user charge and fee revenue to support itself. In these instances, by Statute excess revenue can't be used to support other services. Similarly, Solid Waste, as an Enterprise Fund, supports itself without County tax revenue.

Many services provided by the County don't generate revenues at all, or the amount generated isn't sufficient to cover the cost of delivering the service such as Education, Public Safety, General Government Administration, and Libraries. The term Local Funds is used to refer to the portion of the budget supported by property tax, sales tax, and related fund balance dollars. When only local funds are considered, Education is clearly the largest portion of the County budget, followed by Public Safety.

LOCAL REVENUES

LOCAL EXPENDITURES

MAJOR CHANGES IN THE FISCAL YEAR 2020/21 BUDGET

REVENUE

Property Tax

Due to tax base growth and conservative budgeting in prior years, property tax revenue increased \$4.2 million budget to budget (\$3.47 million countywide property tax, \$725,307 fire protection service districts' property tax).

Sales Tax

Sales tax revenues decreased \$1,946,434 budget to budget due to the COVID-19 pandemic.

General Fund Balance

Fund balance appropriated in the General Fund decreased \$1,413,713 and it is anticipated that the Fund Balance appropriated will not actually be spent.

EXPENSE

Public Safety

Sheriff

The Sheriff's Office budget reflects increases primarily driven by two grant-funded School Resource Officers, radio replacements for statewide 800 MHz system compliance, and juvenile housing for Raise the Age.

Emergency Services

The Emergency Services budget includes costs associated with moving Animal Shelter operations in-house (including 15.0 additional FTEs), two additional EMS Shift Supervisors funded in April (2.0 FTEs) and associated equipment, a replacement vehicle for the current EMS Shift Supervisor, three replacement ambulances, and various operating increases.

911 Communications Center

The budget includes a \$26,000 reduction in Implemental Function Local revenues due to the CAD upgrade that occurred during Fiscal Year 2019/20.

Other Public Safety

The budget includes additional funding for jail diversion efforts in partnership with Court Services.

Environmental Quality

Forestry

Contractually, Catawba County funds 40 percent of the total budget for Forestry, with the State of North Carolina funding the remaining 60 percent. The decrease in the budget is due to removal of funds for a motor vehicle replacement that occurred in Fiscal Year 2019/20.

Cooperative Extension

The budget increase is driven by planned compensation increases.

Soil & Water Conservation

The budget increase is driven by planned compensation increases and needed equipment.

Economic & Physical Development

Technology

The budget includes the transfer of 1.85 FTEs from the Emergency Telephone System Fund to GIS due to statewide efforts to implement Next Generation 911 services (fully offset by associated revenue).

Planning, Parks, & Development

Operating and capital funds to prepare for the expected opening of Mountain Creek Park in July 2021 are budgeted. The budget also includes planned compensation changes and funds to contract for unified development ordinance updates.

Utilities & Engineering

Funds are included in the budget for the replacement of two vehicles and increased indirect costs.

Facilities

The budget includes increased utility and maintenance expense, primarily for the jail expansion and planned compensation changes

Human Services

Social Services

Social Services budget increased due largely to changes in entitlement programs such as foster care and Medicaid that pass-through the County budget as revenue and expense.

Public Health

The budget includes pass-through grant funding for Aids Leadership Foothills Alliance (ALFA), supporting the grant-funded Obstetric Care Management (OBCM) Public Health Nurse position, a new electronic health record system for the School Nurse Initiative, and operational resources.

Education

Current Expense

The budget includes increased current expense funding for public schools and Catawba Valley Community College (CVCC). The budget also continues to provide \$1.3 million for the K-64 Initiative.

Culture

Library

The budget increase is driven by planned compensation increases.

Other Cultural

The budget maintains current year funding levels for the United Arts Council, and Catawba County Historical Association and restores previous funding for the SALT Block. Funding for Newton Performing Arts is discontinued. The budget continues to fund Hickory Public Libraries so that County residents living outside the city limits of Hickory can use Patrick Beaver and Ridgeview Libraries free of charge.

General Government

County Manager

The budget increase is driven by planned compensation increases and funding retirement-driven staffing overlaps to allow cross training and build capacity in advance of long-term employees' retirement.

Tax

The budget increase is driven by planned compensation increases and required increases in state billing fees for motor vehicle tax billing.

Elections

The Board of Elections budget fluctuates annually based on the number of elections occurring during the fiscal year. The budget includes cyclical increases related to the 2020 general elections.

Register of Deeds

The budget includes planned compensation changes.

Finance

The budget includes a decrease in personal services due to staffing changes.

Contingency

Special contingency is increased to allow the county to recognize unanticipated revenue during the year.

Other

Self-Insurance Fund

The budget increase is primarily due to increased employee and retiree health claims, retiree health premiums, and property and general liability claims.

Reappraisal Fund

The budget for the Reappraisal Fund fluctuates annually based on the current stage of the four-year property tax revaluation cycle. The recommended Fiscal Year 2020/21 budget includes increased operating costs to address reappraisal staff training needs.

Emergency Telephone System Fund

The State of North Carolina is implementing Next Generation 911 (NG911) to ensure citizens are able to access 911 services regardless of their location or the communication technology they use. The NC 911 Board has contracted with AT&T for the implementation of a statewide Emergency Services IP Network (ESInet) and with GeoComm to manage the GIS services portion of the NG911 Project. All public safety answering points are scheduled to transition to ESInet by or before July 1, 2021, at which time, local addressing and mapping services will no longer be allowable charges to 911 funds.

Fire Service Protection Districts

The budget includes 11 districts remaining at their current rates, with three districts receiving tax increase beyond the current rate. Six districts will apply fund balance towards capital purchases.

Rescue Squads

The budget includes increased operational funds for each squad and purchases to replace a heat pump, quick response vehicle, and a medium duty rescue truck.

General Capital Projects

Funds are included toward the Trivium Corporate Center, future economic development, parks, various technology updates, public safety needs, and general renovations

Schools Capital

The budget decreased based on anticipated sales tax loss due to the COVID-19 pandemic.

Schools Construction

The budget decreased due to a one year delay in planned school construction projects.

Water & Sewer Capital

The budget continues the County's participation in the Hickory/Catawba County Waste Water Treatment Plan Expansion. Funds previously budgeted for the Trivium Corporate Center are transferred to the Trivium project in the General Capital Projects Fund.

Water & Sewer Administration

Expenses decreased slightly due to retiring debt.

Solid Waste Capital

The budget includes \$1,000,000 in a landfill closure project towards anticipated closure expenses. Additionally, funds budgeted for the installation of 15 wells and gas collection piping and wetlands mitigation.

Solid Waste Management

The budget includes an additional scale attendant to reduce wait times and provide one attendant per inbound and outbound land. Planned tipping fee increases to support future cell construction needs are included.

LONG-TERM FINANCIAL PLANNING

The Board of Commissioners began a strategic planning process in July 2016 aimed at enhancing and promoting the County's quality of life in order to attract working-age families and to grow the economy. Since that time, staff has been busy implementing key components of this plan and focusing on anticipating future service pressures and delivering responsive services to the community.

The Fiscal Year 2020/21 budget invests in services and infrastructure related to many of the 8 major focus areas of the strategic plan as well as general service needs. Highlights of investment include:

- *Economic Development:* The budget includes an additional \$2.7 million toward the County's share of a joint venture with the City of Hickory in Trivium Corporate Center plus \$100,000 to address emergent opportunities through the SECC Business Park/Education Campus.
- *K-64 and Education:* \$1.3 million dedicated to K-64 for the fourth year of a 5-year commitment, \$34 or 2 percent per pupil current expense increase for the three public school systems, and a 2 percent increase in current expense funding to CVCC. Additionally, the budget funds \$5.45 million in schools' annual capital needs. Additionally, \$45.75 million in construction projects are planned over the next two years. Further, \$14.8 million is committed to debt service for financed school projects.
- *Water & Sewer Infrastructure:* As part of the Strategic Plan, the County contracted for a comprehensive study of the Southeastern Catawba County water and sewer service area including development of a long-term capital improvement plan and a plan for financial sustainability. The study identified capital infrastructure needs for the next 10 years, which the County is financially well-positioned to address with existing funds.
- *Parks:* Work continues on Mountain Creek Park development, with operation of the initial phase anticipated at the beginning of Fiscal Year 2021/22, with a second phase in future years. The County plans to apply for PARTF grants to assist with the first phase of Mountain Creek Park. Additionally, funds to support 2 months' staffing for Mountain Creek Park and initial equipment purchase is included in the budget .
- *Healthy & Safe Community:* The County has reserved bed rental revenue since its last jail expansion in 2007 and dedicated 1.5 cents property tax since Fiscal Year 2015/16 toward the cost of future jail expansion. A 320-bed expansion began in Fiscal Year 2018/19 with total costs of \$33 million, \$22 million of which was debt financed with the rest coming from reserved revenue. The expansion is set to open in the first quarter of Fiscal Year 2020/21, and the budget accounts for one full year of operations. The budget also accounts for increased revenue from renting inmate beds to outside agencies.

The budget begins to implement the recommendation by a 2018 EMS study to increase the number of EMS Shift Supervisors by funding two supervisors in April subject to revenues. The budget supports a budget increase for Rescue Squads to account for increasing operating costs.

- *Solid Waste:* In Fiscal Year 2018/19, the BOC authorized expenditure of just over \$10 million in funds for the next landfill cell expected to begin accepting waste in 2021. Planning for this cell, closure/post closure costs of the existing cell, and future cell needs necessitated a \$2 per

ton tipping fee increase in Fiscal Year 2018/19—the first in over 10 years—with scheduled annual increases over the next 10 years. MSW tipping fees will increase by 2.2 percent and C&D tipping fees will increase by \$1 in Fiscal Year 2020/21. Tipping fees will continue to be based on the consumer price index or 2 percent in future years, whichever is greater. Additionally, the Fiscal Year 2020/21 budget includes an additional Scale Attendant position at the Landfill.

The County is able to make these investments within available revenues, maintaining the property tax rate of \$0.575 for every \$100 of valuation, thanks to growth in the tax base due to property tax base growth, a strong tradition of fiscal stewardship, and conservative budgeting. Comprehensive long-range plans have been developed for critical service areas such as school construction, jail expansion, water and sewer infrastructure, parks, libraries, and solid waste.

The following pages provide 4-year revenue and expenditure projections that reflect the County's long-range plans.

REVENUE TRENDS

MAJOR REVENUE SOURCES (ACTUALS & TRENDS)

Property Tax

A tax levied by the Board of Commissioners applicable to real and personal property. Once every four years, the County Tax Assessor must revalue the real property in the County. The County tax rate is \$0.575 per \$100 of valuation. Fiscal Year 2020/21 budgeted property tax is \$105,547,711.

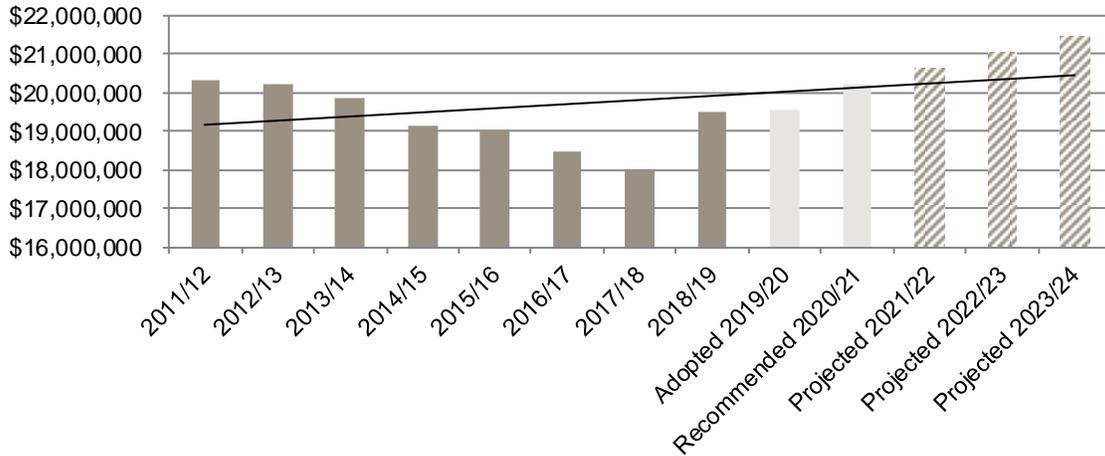

Sales Tax

Sales tax is levied by the County, collected by the State, and then returned to the County. Sales Tax revenue is directly related to an economy's growth or decline. Sales Tax estimates include a 5.2 percent decrease for Fiscal Year 2020/21 compared to Fiscal Year 2019/20 budget.

Permits & Fees Revenue

Actuals, Adopted, Projected with Trend Line

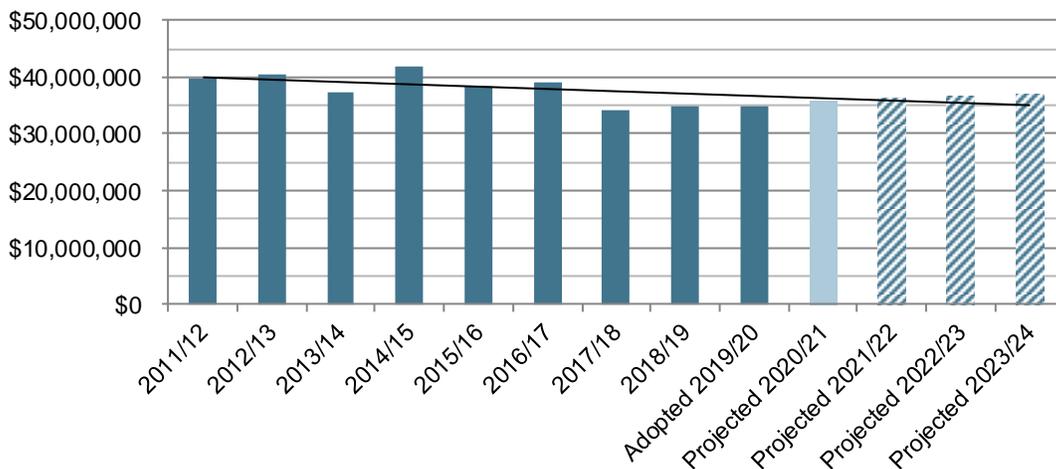

Permits & Fees

Revenue from permits and fees includes funds received from Medicaid reimbursement, user fees, and assessments to municipalities for items such as elections, GIS, or planning studies. The largest revenues in this category include Landfill User Fees (\$5,780,016), Ambulance Charges (\$5,700,000), and Building Permits (\$2,303,101).

Intergovernmental Revenue

Actuals, Adopted, Projected with Trend Line

Intergovernmental

Revenues received from the State and Federal government. Most of these revenues are tied to programs that the State or Federal Agency has ordered the County to implement, such as human service programs. Some of the largest revenues in this category include Medicaid Administration (\$3,340,800), State Aid to Families with Dependent Children – Foster Care (\$2,000,000), Work First Block Grant (\$1,887,585), and Lottery (\$1,600,000).

FUND BALANCE

The County uses four basic fund types: General, Special Revenue, Capital, and Enterprise. Each of these fund types has its own specific legal and accounting requirements. Appropriations lapse at year end in the General, Special Revenue, and Enterprise Funds, for which annual budgets have been legally adopted. The Capital Projects Funds budgets are adopted on a project ordinance basis, spanning more than one year. Appropriations are carried over in these funds until the project is completed. Each fund also has its own fund balance. Fund balance represents monies that remain unspent after all budgeted expenditures have been made. These unspent monies serve as a working capital reserve to pay expenditures in the early part of the fiscal year before taxes are collected. The fund balances are also available for appropriation or may be saved for major capital expenditures. The Chief Financial Officer and the Budget and Management Director estimate fund balances for the current year and upcoming fiscal year based on expected revenue and expenditure occurrences throughout the year.

Fund balance is typically referred to in two ways: available fund balance and unassigned fund balance. The County’s available fund balance refers to its total cash and investments minus liabilities, encumbrances, and deferred revenues at the end of each fiscal year. Unassigned fund balance is more conservative, referring to the amount of fund balance with no restrictions or designations that is freely available to be appropriated and spent at any time. It is calculated starting with the available fund balance and reducing it by things such as fund balance appropriated for subsequent year’s expenses and Board of Commissioners’ designations such as Reinventing Surplus (which may or may not be spent), and other reserves. The tables below reflect unassigned fund balance.

General Fund

The General Fund is the principal fund used to account for the provision of governmental services. This fund summarizes the financial transactions of functional services, based on departmental operations, except for those transactions that must be accounted for separately in other funds. The County had available fund balance of \$70.5 million or 39.3 percent, as defined by the Local Government Commission (LGC), at the end of Fiscal Year 2018/19. This is well above the LGC’s 8 percent requirement and the Board of Commissioners’ goal of 16 percent.

General Fund (and like Funds) Unassigned Fund Balance at the end of Fiscal Year 2018/19 was \$42 million or 24 percent. The Fiscal Year 2020/21 budget appropriates \$6.5 million in General Fund fund balance to help finance County operations and schools’ annual capital projects. This is a \$784,596 decrease from the amount budgeted in Fiscal Year 2019/20. Additionally, \$523,100 in fund balance is appropriated in the General Fund-Like Funds. Due to conservative revenue and expense budgeting, it is expected that most of this appropriation is simply a balancing number and will not be spent.

Total	42,001,535	41,932,000	6,394,953	39,427,000

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trust, or major capital projects) that are legally restricted to expenditures for special purposes.

Special Revenue Fund Types Unassigned	Act. 6/30/2019	Est. 06/30/20	Appropriated

Total	2,922,794	2,724,000	549,736	2,242,000

Capital Projects Funds

The Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The County maintains a separate Schools' Capital Projects Fund, General Capital Projects Fund, Hospital Construction and Operations Fund, Water and Sewer Construction Fund, and Capital Projects Reserve Fund for accounting and budgeting purposes.

Capital Projects Fund Types Unassigned	Act. 6/30/2019	Est. 06/30/20	Appropriated	
			FY 2020/21	Est. 06/30/21

Total	25,514,043	25,425,417	1,376,845	24,091,000

Enterprise Funds

Enterprise Funds are used to account for services that are financed and operated in a manner similar to private business enterprise where the intent of the governing body is that the costs of providing service to the general public on a continuing basis be financed or recovered primarily through user charges. The County has two enterprise funds, the Solid Waste Management Fund and the Water and Sewer Fund.

Enterprise Fund Types Unassigned	Act. 6/30/2019	Est. 06/30/20	Appropriated	
			FY 2020/21	Est. 06/30/21

PERSONNEL SUMMARY

The Fiscal Year 2020/21 Budget includes a total of 1,167.8 authorized full-time equivalents (FTEs) in all funds. An FTE simply converts the hours worked by a position into a percentage of a full year’s number of hours (2,080/year). Some FTEs may be filled with more than one person (multiple positions) and the work that is accomplished may equal more than 2,080 hours (reserve positions in the Sheriff’s Office and EMS, respite position in Social Services). If so, the FTE may be 1.25 or 2,600 hours worked.

SUMMARY OF PERSONNEL CHANGES

New and increased FTEs included with the Fiscal Year 2020/21 Budget are as follows:

Position	Department	Total FTEs	Funding Source
EMS – Shift Supervisor	Emergency Services (EMS)	2.0	General Fund
Scale Attendant	Solid Waste Management	1.0	Solid Waste Management Fund
Deputy Sheriff	Sheriff’s Office (Court Security)	2.0	General Fund
Attorney	County Manager (Legal)	1.0	General Fund
Park Ranger	Planning, Parks& Development	3.0	General Fund
Park Supervisor	Planning, Parks& Development	1.0	
Total Recommended FTEs		10.0	

Positions added/abolished by Board of Commissioners’ action during Fiscal Year 2019/20 are as follows:

Position	Department	Total FTEs	Funding Source
School Resource Officer	Sheriff’s Office (added during FY19/20)	2.0	DPI Grant
Animal Services Staff	Emergency Services (Animal Services)	15	General Fund
Total FY19/20 Added FTEs		17.0

STRATEGIC PLAN

COUNTY STRATEGIC PLAN

Success for Catawba County means driving economic and population growth through creating jobs and strengthening quality of life.

THE STRATEGIC PLANNING PROCESS

In response to data indicating an ongoing gradual decline in Catawba County's working age population, the Board of Commissioners embarked on a collaborative strategic planning process to proactively drive local economic and population growth. Beginning in September 2016, the Commissioners quickly identified eight critical growth sectors that would bring focus to the strategic plan and its overarching goal: Economic Development, K-64 Education, Water & Sewer Infrastructure, Housing, Healthy & Safe Community, Parks, Arts & Culture, and Branding.

Over the course of the next 15 months, the Board examined each of these areas through a series of workshops and site visits that explored opportunities for the Board to catalyze action, either through their own leadership or through collaboration with other community partners. Twenty-one plan-specific workshops, retreats and presentations featured detailed research into the current status of each strategic area, identification of alignment among strategies and County operations, and thorough evaluation of potential Board actions. Site visits included assessing economic development sites in both Catawba County and other areas, such as Gaston, Lincoln, York and Durham counties; examining paramedicine initiatives, jail programs and shared service center operations in Durham and Wake counties; and exploring the planning process for multi-use housing developments in Chapel Hill and Chatham and Mecklenburg counties.

In addition, multiple community meetings and presentations were held to gather input, enhance collaboration, and inform both partners and residents about the strategic planning process. These included providing strategic plan updates to all eight city and town councils; hosting a Municipal Summit to foster connectivity and collaboration among municipal leadership; facilitating an arts & culture workshop to gather community input; conducting County brand development site visits and focus groups; facilitating public forums to gather feedback on park development; and supporting partner-led meetings to discuss housing opportunities and needs.

All of this culminated in identification of key goals, strategies and tactics that, taken together, position Catawba County for growth that not only supports a strong economy but also enhances the County's existing quality of life.

GUIDING PRINCIPLES

The Board's leadership of the strategic planning process is rooted in the County's overarching principles that are part of its organizational DNA and serve as a compass in its service delivery: Effectiveness, Efficiency, Transparency, Stewardship, Collaboration, and Alignment.

These principles are reflected in the work accomplished throughout Catawba County government, which serves as a solid foundation for the strategic plan. County employees' commitment to operational excellence has enabled the Commissioners to shift their focus toward growth strategies grounded in strong County services and partnerships.

From the outset, the Board's strategic planning process has been deliberately and inherently dynamic. When opportunities have arisen for the Board to take action, they have taken action. When research into specific strategies has not yielded opportunities for action consistent with the role of County government, the Board has changed course.

Examples of major actions already taken by Board throughout this process include:

- Investment in a second speculative business park building (Economic Development)
- Formation of K-64 and establishment of its multi-sector governing board (Education)
- Expansion of Riverbend Park and establishment of Mountain Creek Park (Parks)
- Initiation of a Southeastern Catawba County master planning study (Water & Sewer)
- Initiation of a formal County branding process (Branding & Marketing)

This fluid approach is still, and always will be, a vital component of the strategic plan. As a result, this document represents a point-in-time culmination of the Board's strategic plan and will continually evolve and change as progress is made. Once the County's brand is finalized, this document will be redesigned to reflect the County's new brand identity and will be housed on the County's redesigned website.

Key components of the plan include the following:

- **Success Statements:** Define why each focus area matters to achieving the strategic plan's overarching objective – driving economic growth, creating jobs, and enhancing quality of life.
- **Strategies:** Pinpoint what actions the Board is taking within its sphere of influence.
- **Tactics:** Detail how the Board is tackling each strategy.
- **Partners:** List the many partners with whom the Board may collaborate to research, define, and/or implement each strategy.
- **Linkages:** Demonstrate how each strategy connects to other strategic plan areas and represent secondary linkages to external partners who may help inform the strategies as they evolve.

ECONOMIC DEVELOPMENT

Success in Economic Development means **catalyzing** a positive business climate to ensure diversified opportunities that retain and attract quality employers and investment in our community.

1 Foster Positive Business Climate

- TACTICS**
- a. Maintain low cost of government – competitive tax rate and development fees.

MAKING. LIVING. BETTER.

INTRODUCTION TO THE COUNTY

COUNTY PROFILE

NESTLED IN THE FOOTHILLS of the Appalachian Mountains and bordered by the Catawba River, Catawba County offers the hospitality of a mid-size community with reach that extends across a highly populated and fast-growing region. Situated between Charlotte and Asheville at the juncture of Interstates 77 and 40, we are an easy drive to major cities, the mountains, and the coast. Thanks to this ideal location, we provide a unique opportunity to live and work in a connected, inclusive and knowable community with convenient access to diverse amenities and the amazing wonder of our region's natural spaces.

#MyCatawbaCounty

For a community of our size, Catawba County offers an exceptional amount of arts, culture, recreation and entertainment experiences. This includes a thriving local culinary scene, two community theaters, indoor and outdoor live music venues, an acclaimed art museum and local folk art festival, a symphony, multiple farmers markets and farm tours, breweries and distilleries, a renowned science center, hiking and biking trails, family-friendly activities, historical attractions, an annual visiting writers series, and the championship-winning Hickory Crawdads minor league baseball team. There's no shortage of things to see and do right here at home.

Catawba County is ideal for those who have a sense of adventure and a heart for hard work: for people with a passion for making something of themselves, their community, and the future. Our residents are actively crafting a living and a life rich in both tradition and promise.

Our work ethic is the essence of our community: if it can be made, we'll make it. If we can improve it, it'll get better. And if we can do it together, it'll be the best it can possibly be. We appreciate where we've been and look forward to where we're headed, and we approach life with warm hospitality, humility, strong loyalty to family and community, and a fierce commitment to making a difference for the people who live and work here.

Our character is also reflected in the strategic vision of local leadership to build a strong, collaborative foundation for economic and population growth in the areas of education, housing, infrastructure, arts and culture, health and safety, and economic development. Municipal and community partners from across the county are committed to taking the action needed to achieve shared, long-term prosperity for our community.

All told, Catawba County has a long tradition transforming possibility into prosperity. Our creative, industrious spirit reflects a legacy driven by invention – and reinvention – to make life better. Today, this looks like revitalized Mill Districts that have renovated abandoned mills into thriving corporate and retail spaces; the initiation of several major, long-term community and downtown development projects designed to enhance walkability, livability, connectivity and aesthetic appeal; a respected manufacturing workforce that has transformed local industry with advanced technical skills and careers; and the expansion of access to our incredible natural recreation spaces through the addition of hundreds of acres to our local park systems.

ABOUT COUNTY GOVERNMENT

Catawba County provides a full range of governmental services including administration, human services, parks and recreation, education, community development, public works, and public safety.

The County adopted the Board-Manager form of government and organization in 1937. Under this form of government, the County is governed by a popularly elected five-member Board of Commissioners who serve staggered four-year terms in even-year elections.

THE COUNTY MANAGER is responsible for implementing policies set by the Board of Commissioners and for directing, coordinating, and supervising the daily activities of County government. The County's Values Statement reflects the County's public service priorities

DOING WHAT'S RIGHT

Integrity, respect, transparency, professionalism

DOING WHAT MATTERS MOST

Service to others, initiative, empowerment, prioritization, authenticity

DOING IT TOGETHER

Teamwork, inclusion, stewardship, empathy, patience

DOING IT WELL

POPULATION

With a median age of 41.6 years, the County is facing the challenges that arise from an aging population in conjunction with little to no population growth over the last several years. The County's median household income was \$51,157 in 2018, which was \$2,212 and \$12,022 less than the respective state and national medians. Approximately 13 percent of the County's population is at or below the poverty line. Approximately 25 percent of the community identifies themselves as an ethnicity other than White (Non-Hispanic).

EDUCATION

Catawba County has 44 public schools across three school systems with approximately 23,000 combined students. The largest system, Catawba County Schools, is also the County's largest employer. Over the past 10 years, the number of enrolled students in Catawba County's public schools has decreased 6 percent from 24,486 in 2010 to 23,028 in 2020. For 2019, the average 4-year graduation rate for the three systems combined was 89.4 percent, exceeding the statewide rate of 86.5 percent. Individually, Newton-Conover City Schools had one of the highest graduation rates in the State at 94.4 percent, Catawba County Schools' rate was over 89 percent, and Hickory Public Schools' was 87 percent.

Catawba Valley Community College (CVCC) offers more than 60 programs of study with one- and two-year degree programs, a two-year college transfer program, and continuing education classes. CVCC was recognized as one of only four of the 58 NC community colleges to achieve Excellence Level on four or more of the eight performance measures for student success.

While funding public schools is primarily a State responsibility, approximately 40 cents of every local property and sales tax dollar is dedicated to current expense (operating), capital and debt service needs of the three public school systems and CVCC. The budget increases investment in total current expense by 2 percent or \$34 per pupil for public schools and 2 percent or \$93,000 for CVCC due to the opening of the new Workforce Solutions Center.

THE CATAWBA COUNTY PROMISE

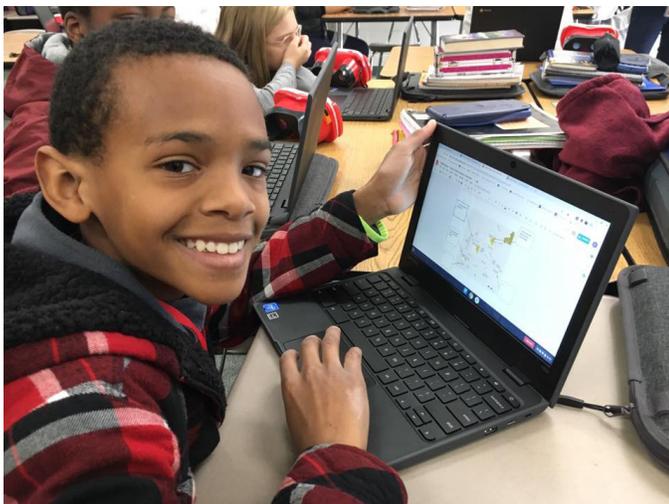

The County is also home to Lenoir-Rhyne University, a 128-year-old liberal arts institution offering students more than 50 undergraduate majors and nearly 30 graduate programs in five schools of study: Arts and Sciences, Health Sciences, Education and Human Services, Professional and Mathematical Studies, and Theology.

In Fall 2019, Lenoir-Rhyne University began offering the Catawba Promise: a 50% discount on undergraduate tuition for Catawba County-based high school graduates or transfer students with a 3.5 or higher GPA. County residents who apply to LRU and meet the qualifications will be included automatically in this guaranteed minimum financial aid program.

PARTNERING TO SUPPORT EDUCATION & WORKFORCE DEVELOPMENT

Building upon the core strengths of the local economy, Catawba County has made significant strides in preparing its workforce with the skills to meet current and future labor needs of local employers. As employment opportunities continue to grow and long-tenured skilled workers approach retirement, cross-sector partnerships among local governments, the business community, education systems, and industry-specific resources have institutionalized a full-spectrum approach to connecting local talent with available jobs.

Collaborative programs have been designed to ensure the County's current and future workforce and local businesses are poised to thrive. Several key initiatives that have emerged from these partnerships are highlighted below: K-64 is part of the Board of Commissioners' Strategic Plan to proactively drive economic and population growth. Designed to develop and sustain collaboration across the County's educational spectrum and the private sector, the initiative aims to meet local workforce demands by providing relevant career education pathways to students from kindergarten through retirement.

To accomplish this, K-64 is focusing on six priority areas. 1-to-World Technology aims to equip every K-12 student with a device that enables individualized learning inside

and outside the classroom. As of Fall 2019, K-64 had provided Chromebooks to all 7th-12th grade students in the County's three public school systems. The initiative's Tech-Savvy Educators focus area provides teacher training to maximize use of the Chromebooks in their lesson plans.

The third focus area, Character Development, is designed to help students acquire the soft skills needed to cultivate leadership and teamwork. K-64 is piloting three national programs in elementary schools across the County's public school systems to determine which programs to expand system-wide.

Work-based Learning and Employer Engagement work hand-in-hand to connect students with employers via internships, work-study programs, apprenticeships and other opportunities. K-64's sixth focus area, Career Adaptability, ensures access to relevant training for adult learners seeking to advance their skills.

Chartered in 2017 by Catawba County, the County's three public school systems, CVCC, the Catawba County Economic Development Corporation (EDC), and the Catawba County Chamber of Commerce, K-64 is governed by a 12-member board of directors comprised of both private and public sector representatives and managed by CVCC. Catawba County committed \$1.3 million per year for five years in investment capital for the K-64 initiative.

The Workforce Solutions Complex at CVCC, which opened in early 2019, is a concrete example of how Catawba County is transforming to fill the jobs of today and tomorrow. The 80,400-square-foot, state-of-the-art facility brings together advanced equipment and instruction for hands-on training in a variety of industries, including Computer Engineering Technology, Electrical Engineering Technology, Computer Integrated Machining, Electronics Engineering Technology, Automotive Systems Technology, Welding, Mechanical Engineering Technology, Mechatronics and Robotics, and Heating/Ventilation and Air Conditioning.

The Complex is also home to K-64, which at its roots is an economic development initiative. While it revolves around education, K-64 fundamentally aims to broaden

opportunities for residents to pursue viable careers and for employers to fill in-demand jobs. The \$25.1M facility was funded by the County.

The ACT Career Readiness Certificate allows job seekers to show prospective employers that they possess basic skills required for today's workplace. This certification is recognized by more than 100 employers in the MSA, and the number is growing. Every public high school within Catawba County offers the certification. The Western Piedmont Workforce Development Board has worked to certify Catawba County as a Work Ready Community, which positions the County to quantify the skill levels of its workforce, identify gaps and develop plans to address those gaps. Based on this information, educators, local businesses, and governments build career pathways aligned to the needs of business and industry. The County has achieved 100 percent of ACT's National Career Readiness Certificate goals.

The Catawba Valley Manufacturing Academy is an industry-driven training course designed with input and expertise from 29 local manufacturers. It prepares students for high-demand manufacturing positions, such as machinists and maintenance technicians, with the region's largest employers. Graduates are fast-tracked for open positions with sponsoring companies, earning Career Readiness Certificates to signify competence in required skill areas and ensuring manufacturers have ready access to the critical labor force they require. The Manufacturing Academy serves 15 students per cohort on average and maintains a long waiting list for admission.

The Catawba Valley Furniture Academy, offered by CVCC, is a private-sector-driven training program designed to proactively anticipate and meet workforce needs in the furniture industry. Designed in partnership with 5 major local furniture manufacturers, it prepares students for high-demand skilled positions in the areas of pattern making, manual cutting, inside upholstery, sewing, and others. The program varies from 9 to 18 months in length depending on the area of specialization. Graduates receive manufacturing certificates and are able to secure jobs at participating companies – Century Furniture, LEE Industries, Lexington Home Brands, Sherrill Furniture and Vanguard Furniture.

The program occupies a 38,000-square-foot building in Newton, which was secured in 2016 with the help of a \$200,000 commitment from local furniture companies and \$675,000 from the County. The expanded location allows the Academy to serve up to 66 students per session, more than doubling its previous capacity.

In acknowledgement of this program's success, the Furniture Academy earned a 2015 Governor's Award for Excellence and has become a model for similar programs offered through CVCC.

The Construction Careers Academy is currently being developed by K-64 and CVCC following the Academy model. The program launched its first initiative, "Ride and Decide," with 27 participating students in 2019. This summer internship program gives high school students the opportunity to preview careers in construction through classroom both classroom learning and hands-on site work, including carpentry, plumbing and electrical work for which students earn \$9 an hour and college credit. The program is free to students and supported by the Career and College Promise program and ApprenticeshipNC.

Apprenticeship Catawba is a training pipeline for high school students. Based on the German apprenticeship model and accredited by the North Carolina Department of Commerce, this highly competitive 4-year program ensures students are career-ready at graduation by providing 8,000 hours of paid on-the-job training that counts toward an Associate Degree in Mechatronics Engineering Technology or Computer Integrated Machining Technology from CVCC. These degrees often serve as the foundation for future four-year degrees in fields such as mechanical engineering. Additionally, students earn Journeyman Certificates upon graduation, qualifying them for immediate work in skilled trades such as Mechanical Maintenance Technician, Electrical Maintenance Technician, Mechatronics Technician, Tool & Die Maker, and Computer Numerically Controlled Machinist, among others. Not only do these high-performing students leave the program with degrees, but they do so without incurring any college debt and are employed full-time by the sponsoring company, earning at least \$34,000 per year and gaining pathways to jobs with earning potential of \$65,000 to \$86,000. Students are selected to participate annually from the

County's three public school systems through a competitive process. The program is supported by seven advanced manufacturing companies in the area: Aptar, Continental, GKN, Sarstedt, Technibilt, Tenowo, and ZF.

The Lenoir-Rhyne University Health Sciences Center is a collaborative effort between the University, Catawba County, City of Hickory, Catawba County EDC, Catawba Valley Medical Center (CVMC), and Frye Regional Medical Center. The Center, which is open to 48 new students a year and employs 5 to 6 full-time faculty and staff, houses a new Physician Assistant program that graduated its first cohort in May 2018. The Center is working to establish clinical training centers for program participants and provide high quality internship and student practitioner opportunities. Feasibility studies will be conducted on future expansions for Doctorate-degree programs for nurse practitioners, pharmacy, optometry, physical therapy and, ultimately, osteopathic medicine. Catawba County committed \$100,000 toward the project, investing \$20,000 per year over 5 years through Fiscal Year 2018/19.

The Manufacturing Solutions Center (MSC), a branch of CVCC, helps entrepreneurs and works with companies in all 50 states and over 150 countries to conduct product testing or prototyping, or to find domestically-made production inputs. MSC has worked with such nationally known companies as Keen, Merrell, 3M, Nike, Hanes Brand, LL Bean, Lands End, Target, Polartec, Boeing, and Ralph Lauren.

MSC focuses on helping companies and entrepreneurs bring a product to market, improve product quality and production, increase sales, and create and retain jobs. MSC has also established itself as a regional expert in prototype development using 3D printing. To improve product quality, the MSC has an accredited ISO/IEC 17025 testing laboratory at its 10,000 square foot manufacturing incubator, where microbiological, thermal, and mechanical testing for textiles is performed. To help increase sales, MSC develops marketing materials and works to identify new or expanded export and marketing opportunities.

The Center aids entrepreneurs in transforming concepts into finished marketable products by bringing together all

of the resources needed to successfully launch a product. MSC has facilitated development of such innovative products as wearable technology that regulates blood circulation, delivers active ingredients to the skin through the fabric, and integrates QR codes into the material so it can be scanned and tracked throughout the production process.

At America's Competitiveness Forum in 2014, the MSC was recognized by the US Department of Commerce as one of the top economic job creation programs.

LOCAL ECONOMY

Catawba County is part of the Hickory Metropolitan Statistical Area (MSA), which includes Alexander, Burke, Caldwell, and Catawba counties. Recent economic indicators show consistent improvement in Catawba County's economy, with positive gains in employment, unemployment, retail sales, and tourism.

The retail and employment hub of the Hickory-Lenoir-Morganton Metropolitan Statistical Area, Catawba County has successfully diversified and balanced its traditional manufacturing base of furniture, textiles, and communications through comprehensive economic development efforts to recruit new non-manufacturing sectors. Its prime location at the junctures of I-77 and I-40 with less than an hour's drive to Charlotte Douglas International Airport – adds to Catawba County's desirability as a business hub.

The County has made strides to diversify the tax base, with Apple, Inc., Target, and ITM Technologies serving as a few examples of newer employers helping to enhance the County's data center, distribution and medical manufacturing sectors. The County's primary employers also reflect this changing economic environment, with the County's three school systems and two medical centers showcasing the strength of the local Educational and Health Services sectors.

EMPLOYMENT REBOUNDS, WITH UNEMPLOYMENT AMONG THE LOWEST IN NORTH CAROLINA

Employment figures in the MSA were on the rise, showing 800 more jobs in February 2020 than the same period one year ago. Another bright spot for the economy is that job openings continue to be available, with 3,966 job openings advertised online through NCWorks in March 2020, according to the NC Department of Commerce Labor Market Overview.

The average county unemployment rate in calendar year 2019 was 3.6 percent, and averaged 3.7 percent as of March 2020. This unemployment rate is among the lowest in the State and lower than State's 2020 average rate to date of 4.0 percent and equal to the average 2020 national rate of 4.1 percent.

STRONG RETAIL SALES & TOURISM PERFORMANCE INDICATE SUSTAINED RECOVERY

Catawba County remains a retail magnet for the region, capturing 60.3 percent of the \$4.095 billion in retail sales from the four-county MSA, while accounting for only 42.4 percent of the population. Taxable sales were 4.31 percent higher in Fiscal Year 2018/19 than FY 2017/18, and this was the 11th year in a row that revenues increased.

Statewide, the County ranks 18th in population but 12th highest in taxable sales. These figures cement Catawba County's position as a regional retail destination highlighted by furniture and automotive corridors, shopping options ranging from local boutiques to popular box stores, and a vibrant restaurant scene. The strength of the County's retail hub draws visitors from surrounding communities and generates significant taxable sales within the County. The State's recent extension of sales tax to certain services including tickets for entertainment events has positively impacted the County's taxable sales activity.

Catawba County ranks 16th in the State for tourism revenue. This economic sector is buttressed by the presence of a wide range of cultural amenities that appeal to all audiences, including the following examples:

- Catawba Science Center
- Green Room Community Theatre
- Hickory Choral Society
- Hickory Community Theatre
- Hickory Crawdads Baseball Team

Hickory Metro Convention Center
 Hickory Motor Speedway
 Hickory Museum of Art
 Newton-Conover Auditorium
 Newton Foothills Folk Art Festival
 Oktoberfest in Downtown Hickory
 Western Piedmont Symphony

Recent and continuing downtown redevelopment efforts, including those in the cities of Hickory, Conover, and Newton, have resulted in the improvement of outdoor walkability and gathering spaces and the installation of outdoor amphitheaters that host frequent concerts, festivals, and events annually.

ECONOMIC DEVELOPMENT

Recently, Catawba County has taken a proactive, aggressive approach in charting its economic future through targeted expansion. In the past few years, job gains have been made as a result of significant expansion projects – funded both privately and in partnership with the public sector - occurring in a wide range of industries from traditional manufacturing to high-tech. This mix of public-private partnership and private investment underscores the County’s balanced economic health and resiliency.

YEAR	BUSINESS INVESTMENT	JOBS
2019	\$110,233,000	423
2018	\$129,706,086	531
2017	\$1,448,570,000	361
2016	\$199,575,188	490
2015	\$488,755,982	420
2014	\$137,374,352	320
2013	\$22,704,651	498
2012	\$46,055,129	312
2011	\$54,604,000	710
2010	\$25,267,000	808
10-yr total	\$2,662,845,388	4,873

To further bolster these efforts, the County continues to actively recruit and attract targeted national and international companies with a focus on higher-wage industries like Information and Advanced Manufacturing, the latter which leverages the County’s skilled workforce.

Thanks to the efforts of the EDC, nearly \$2.7 billion in investment and more than 4,850 jobs were announced over the past 10 years. Of the 10-year total, investments of \$110.2 million and 423 jobs were announced in 2019.

PARTNERING TO STIMULATE GROWTH

Catawba County is committed to supporting new and existing business and industry through the delivery of high quality government services supported by a low and stable property tax rate. The County actively collaborates with the private sector, municipalities, and the EDC to attract new businesses, development, and jobs. Recognizing the need to take action in order to stimulate economic growth, Catawba County invests in the following partnerships and strategies:

Claremont Spec Buildings

In 2014, Catawba County, the City of Claremont, the EDC’s Committee of 100 and Matthews Construction combined efforts to construct and market a spec building aimed at attracting value-added industry to Catawba County by addressing the deficit of move-in ready industrial space. That spec building was sold in 2017 to DAE Systems, resulting in \$7.255 million in investment and 53 new jobs. Based on its success, the Board of Commissioners approved a second spec building in cooperation with the City of Claremont with an annual carrying cost of \$45,000 for three years. The 48,000-square-foot building was completed to its shell state in December 2017. In August 2017, Progressive Furniture announced plans to purchase the building and immediately expand the facility to 108,800 square feet, investing a minimum of \$6.5M. Progressive Furniture’s expansion retains 75 positions in Claremont and is expected to create 30 new positions, with as many as 100 new positions over the next 5 years.

Trivium Corporate Center is a 270-acre Class A Business Park developed jointly by Catawba County and the City of Hickory. The park is being developed in an effort to create job opportunities in advanced light manufacturing facilities, technical operations, and corporate headquarters. The vision for the park is to have amenities such as community

walking/cycling trails, community gardens, and open green space to accentuate the site's character, and to appeal to business prospects in a corporate, up-scale environment where light manufacturing, engineering, and innovation co-exist and augment the greater community.

In August 2018, **Corning** became the first tenant in the park, announcing plans to build a cable manufacturing facility for its Optical Communications business segment that will create approximately 110 jobs over the next five years and invest \$60 million in this location.

ITM Isotopen Technologien München AG (ITM), a Germany-based group of specialized radiopharmaceutical companies, became the second tenant in the park in December 2018 when it announced plans to construct a manufacturing facility in the park for production of a new generation of targeted radiopharmaceuticals for the treatment of cancer patients, creating 137 jobs and investing \$17 million over the next five years. Cataler North America Corporation, a Toyota Motor Corporation affiliate became the third tenant in the Trivium Corporate Center in December 2019 when it announced plans to construct a manufacturing facility for the production of automotive catalysts for some of the world's largest producers of automobiles creating 151 jobs and investing a minimum of \$42 million in new facility construction, machinery, and equipment.

Cataler North America Corporation, a Toyota Motor Corporation affiliate became the third tenant in the Trivium Corporate Center when it announced plans to construct a manufacturing facility for the production of automotive catalysts for some of the world's largest producers of automobiles. Over the next five years Cataler NA plans to create 151 jobs and invest a minimum of \$42 million in new facility construction, machinery, and equipment.

The NC Data Center Corridor builds on Catawba County's existing asset base related to fiber optic cable production and emerging technology. The County – in partnership with local governments and the Economic Development Corporation – has had success in attracting data centers to the community. This strategy leverages the presence of other major data centers in surrounding communities, as both Facebook and Google have data centers in the Piedmont region. Most significantly, in 2009 the County enticed Apple, Inc. to commit to construct a data center facility on a 183-acre site within the County. This site, located in the town of Maiden, is Apple's only east coast operations facility and serves as its data center headquarters housing its iCloud suite of services (storage, word processing, presentation software, Find My iPhone, etc.). With an investment of \$1 billion, 150 new jobs and 250 additional contract workers to operate the facility, this was the largest economic development project in the history of the County and the State. Now the County's largest taxpayer, Apple, Inc. has expanded its presence into the solar industry with a 170-acre site adjacent to the data center, a 200-acre site nearby in Conover, and

a 105-acre site in Claremont. Solar energy from the first site is used to power the data center, making it the largest end-user solar farm in the country.

In 2012, Bed Bath & Beyond, Inc. built a \$36.8 million data center in the County, located in a 48,000-square-foot facility in Claremont Industrial Park.

INVESTMENT HIGHLIGHTS

Apple - In 2019, Apple announced its plans to invest another \$2 million in a generator house for its complex of buildings located in the Town of Maiden which houses iCloud servers. Apple's complex currently occupies over 400 acres with an additional 300 acres for a solar farm to fuel the server buildings. Apple's total investment in Catawba County exceeds \$4 billion.

ITM - ITM Isotopen Technologien München AG (ITM), a group of specialized radiopharmaceutical companies, broke ground in January with plans to construct a manufacturing facility in the Trivium Corporate Center for the production of a new generation of targeted radiopharmaceuticals for the treatment of cancer patients. ITM plans to create 137 jobs and invest \$17 million over the next five years as Trivium Corporate Center's second tenant.

Shurtape Technologies - Shurtape Technologies, LLC, an industry-leading manufacturer and marketer of adhesive tape and consumer home and office products, announced it will construct a new distribution and future manufacturing facility in the Town of Catawba. The Company plans to invest \$31.4 million and create 100 new jobs at this location over a four-year period.

Design Foundry - Design Foundry LLC announced plans in January to manufacture upholstered furniture in partnership with a major furniture and home goods retailer. The Company plans to invest \$3.133 million in building renovations and machinery and equipment and create 202 new jobs with an overall average wage of \$57,995 over a five-year period.

OTHER SUPPORT

Catawba County contributes funding to Chamber of Commerce programs that support and develop local businesses. “The Catalyst: Entrepreneurs Supporting Entrepreneurs” is a group of local founders, mentors and local entrepreneurial resources. This collaborative of local founders, mentors and entrepreneurial support representatives (Chamber, SBTDC, the CVCC Small Business Center, SCORE, LRU Center for Social & Commercial Entrepreneurship) are growing Catawba County’s start-up community and providing support to high-growth ventures and lifestyle businesses through mentors and unique programming in order to optimize the positive economic impact on the community. Its purpose is to provide more regular entrepreneurial programming to build a community of entrepreneurs who are starting or growing an enterprise in the Hickory Metro region.

County funding is also used to support HKY4Vets, a program dedicated to providing opportunities for veterans and military families to grow and prosper in Catawba County.

The Chamber’s Edison Project funded from 2015 to 2020, was designed to identify, support, and reward new startup small businesses in the County. Entrepreneurs with viable business ideas and associated plans submit them for consideration and review by judges, competing with other entrepreneurs for economic incentives and startup assistance. Recent Edison Project winners include the following:

2018 First Place, KardKases: Produces cases that protect collector cards and are offered online.

2017 First Place, Foothills Digest: Foothills Digest is a publication and website which speaks to the history and tradition of the Foothills region of North Carolina.

2016 First Place, PushNPutt: PushNPutt Golf Products, LLC, aims to change the way golfers practice putting through its patented, innovative flagsticks that automatically raise golf balls out of the cut and back onto the putting surface. The products are 100% made in the USA at Image Industries in Newton, NC.

2015 First Place, BlingBook: Blingbook is a unique modular jewelry binder system to organize, store, and transport your jewelry collection in a tangle free and customizable way that simplifies and de-clutters.

Catawba County sponsors the Chamber of Commerce’s “Leadership Catawba” program, which brings together upcoming local leaders from a variety of organizations for a 6-month leadership training program. With the goal of community leadership succession, the experience provides participants with information about the social, economic, and political dynamics of the community and encourages them to get involved.

Catawba County continues to support the Convention and Visitors Bureau (CVB) and the Chamber of Commerce Visitor Information Center. Both organizations bring attention and money to the local economy through the promotion of conventions, conferences, local heritage events, and tourism.

MEDICAL ASSETS

With two regional medical centers and an extensive system of physicians, specialists and healthcare resources, Catawba County is well positioned to meet the current and future medical needs of the community. This ranges from accessible family practices and urgent cares to leading-edge diagnostic and treatment services in a variety of medical fields.

Catawba Valley Medical Center (CVMC) is the largest not-for-profit community hospital in the region and the County’s second largest employer. While technically owned by Catawba County, CVMC is completely self-supporting. In 2017, the hospital combined its Catawba Valley Medical Group and Catawba Medical Foundation to form Catawba Valley Health System (CVHS), which is comprised of not only the medical center, but also a thriving medical group with primary and specialty care providers, an acute care facility, urgent care facilities, and a foundation. Based on the quality and consistency of medical care provided by CVHS, the system has recently received multiple awards including the following:

- Women’s Choice Awards – Outpatient Experience (2020), Patient Safety (2017 to 2020), America’s Best 100 Hospitals for Patient Experience (each year from 2012 through 2017), Best Hospital for Cancer Care (2014 to 2020), Best Hospital for Patient Experience in Orthopedics (each year from 2013 to 2020), America’s Best Stroke Centers (2019, 2020), Best Hospital for Patient Experience in Obstetrics (each year from 2013 to 2020), America’s Best Hospitals for Bariatric Surgery (2016 to 2020), America’s Best Breast Centers (2018 and 2020)
- First hospital in the State to receive four Magnet designations from American Nurses Credentialing Center (2014, 2019)
- A 2016 Premier QUEST award winner for high-value healthcare; Comprehensive Center for Metabolic & Bariatric Surgery from the American College of Surgeons (2016)

MAKING. LIVING. BETTER.

LONG-TERM VISION

Driven by a long-term vision that combines fiscal responsibility with strategic growth, Catawba County is committed to fostering a positive business climate and enhancing quality of life. From education and economic development to cost of living and cultural amenities, local government leaders and community stakeholders are working to create opportunities that will enable Catawba County's citizens and communities to thrive well into the future.

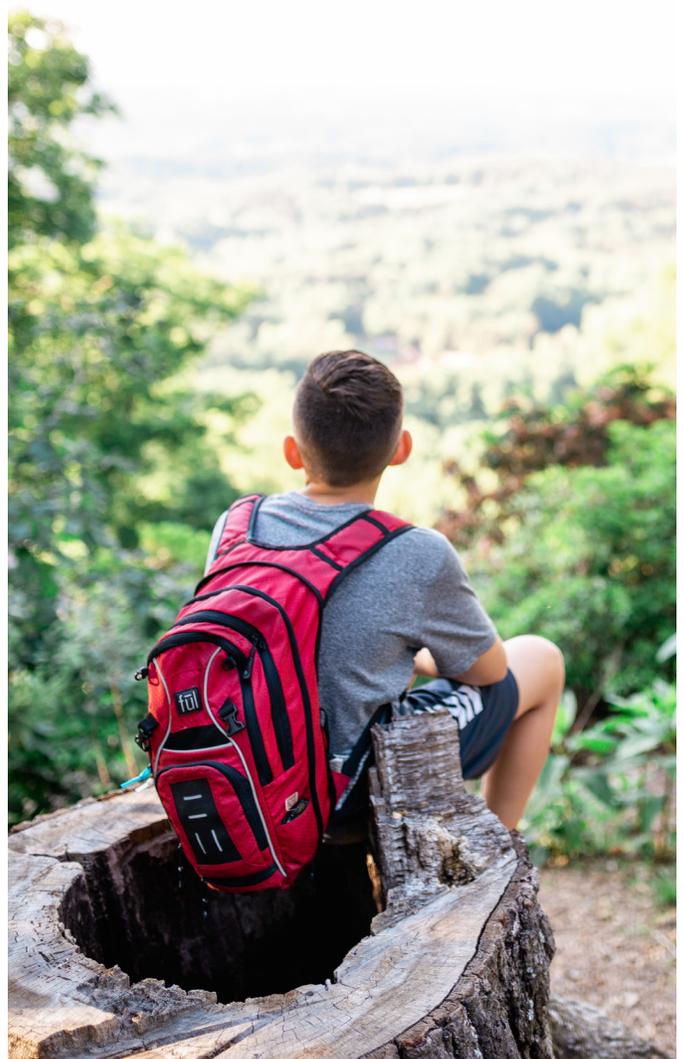

Frye Regional Medical Center, the County's seventh largest employer and eighth largest taxpayer, is a private hospital that has served the community for more than 100 years. The Heart Center at Frye is home to the most extensive array of cardiology services in the region, and was the only regional facility offering 24/7 full-service cardiology and on-site heart surgery until 2014. In 2015, Frye Regional Medical Center was acquired by Duke LifePoint. Duke LifePoint combines Duke University Health System's unparalleled expertise, quality and patient safety with LifePoint Health's financial resource and operational experience. Like CVMC, this hospital has also received numerous awards for the quality of its services.

- Women's Choice Award for Excellence in Obstetrics (2014 and 2015) Heart Care (2015) and Breast Centers (2015)
- American Heart Association/American Stroke Association's recipient of Get With the Guidelines-Stroke Gold Plus Quality Achievement Award (2015)
- Recipient of Outstanding Patient Experience award from Health Grades, a leading independent healthcare ratings organization (2017)

A LEADER IN ENVIRONMENTAL STEWARDSHIP

The County has a long history of environmental stewardship, demonstrated most notably by its robust recycling and waste reduction program. Residents recycled 34,693 tons of material in FY18/19, which equates to an average of 483 pounds recycled per capita resulting in a ranking of 2nd in the State for total recycling and 1st for common household recycling per capita. Without these focused recycling and waste reduction efforts, projections indicate a new Landfill cell (estimated to cost roughly \$10 million) would be needed at least 2 years earlier than the current estimate of June 2021.

In 2019, Catawba County was recognized as one of the Top 5 Counties for Clean Energy Investment by the NC Sustainable Energy Association. The Catawba County EcoComplex and Resource Recovery Facility, winner of the 2015 Harvard Ash Center Bright Ideas in Government Award and a 2013 Energy Leadership Award from the Charlotte Business Journal, is designed to protect the County's environment and promote economic development by attracting jobs in the green energy, agricultural and environmental sectors. One component of the EcoComplex is the Biodiesel Research, Development and Production Facility, which was developed in 2011 by the County in partnership with Appalachian State University. In 2014, the County leased the biodiesel facility to Blue Ridge Biofuels in a move that generated consistent revenue for the County while increasing the company's biodiesel production capacity from 500,000 gallons a year to 3 million gallons a year starting in 2017. The first biodiesel producer in the Charlotte area to make fuel from used cooking oil, Blue Ridge Biofuels continues to partner with Appalachian State to research which feed stocks are most efficient for biodiesel production and best suited for the local climate.

BUDGET OVERVIEW & STRUCTURE

READER'S GUIDE

Local government, like most industries, has a vocabulary all its own. The Reader's Guide is designed to help the average reader use this document by explaining how the document is organized and by defining some of the common terms used in local government finance.

PURPOSE OF BUDGETING

The primary purpose of budgeting is to formally convert Catawba County's plans and policies into current year services and programs. The budget provides detailed financial information on the costs of services and the expected revenues for the upcoming fiscal year. The budget process also provides a forum for reviewing progress made in the current year and the levels of service provided by local government and for setting priorities for services in the upcoming years to meet the needs and requirements of citizens.

ACCOUNTING STRUCTURES & SYSTEMS

As a means of tracking and accounting for money, the operations of the County are divided into Funds. Within funds are smaller designations including functions, departments, organizations, line items, and project numbers depending on the fund.

FUNDS & FUND STRUCTURE

The County uses four basic fund types: General, Special Revenue, Capital, and Enterprise. Each of these fund types has its own specific legal and accounting requirements. The easiest way for most people to think about funds is to compare them to bank accounts. Money comes into a fund from a variety of sources and is then used to provide services to the public. As with a personal bank account, funds have to take in at least as much money as they spend, and by law, budgets for funds must be balanced. What this means is a governmental unit cannot plan to spend more than it will take in.

Catawba County has 35 funds with the largest being the General Fund. There are 10 major funds marked by an * while the remaining 25 funds are non-major funds. Major funds represent the significant activities for the County and can include any fund whose revenues or expenditures constitute more than 10% of the revenues or expenditures of the appropriated budget.

GENERAL FUND & GENERAL FUND-LIKE FUNDS

General Fund*

The General Fund is the primary operating fund of the County. It is used to account for all financial resources of the general government, except those required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, sales taxes, Federal and State grants, and other various taxes and licenses. Within the General Fund are seven Functions: General Government, Public Safety, Environmental Quality, Economic & Physical Development, Human Services, Education, and Culture. A function is a group of departments and/or organizations that accomplish a similar general purpose. For example, the Sheriff's Department and the Emergency Services Department are part of the Public Safety Function. Divisions within departments are divided into Organizations. For instance, Narcotics and Jail are examples of Organizations

budgeted in the Sheriff's Department. Each of these accounting units facilitates the tracking of costs and effectiveness of services provided to the public.

Self-Insurance Fund*

The County is self-insured. This fund is used to track the County's cost for wellness, employee health and dental insurance, property and general liability insurance, and workers' compensation.

Reappraisal Fund*

The County maintains this fund as required by North Carolina General Statutes for financing the cost of the next reappraisal.

Register of Deeds Automation and Preservation Fund*

In 2002 new legislation created an Automation Enhancement and Preservation Fund and expanded the uniform fees for services charged by Register of Deeds. This increase in fees is to be used to enhance the standards for instruments to be registered in the Office of the Register of Deeds. Revenues in this Fund are to be spent on computer and imaging technology enhancements in the Register of Deeds Office. Revenues are based on 10% of the total for Marriage Licenses, Recording of Legal Instruments, UCC Filing Fees, and Miscellaneous Revenues. The remaining 90 percent of these revenues are recorded in the Register of Deeds cost center in the General Fund.

General Capital Reserve Fund*

To account for funds set aside for future capital and/or debt service.

SPECIAL REVENUE FUNDS

Emergency Telephone System Fund

Established in accordance with North Carolina law to account for the revenues received from the 911 charges and the expenditure of those funds for the emergency telephone systems.

Federally Seized Properties and Monies Fund

To account for the revenues received by the Sheriff's Department for drug reimbursements and the expenditure of those funds to further narcotics enforcement efforts.

State Unauthorized Substance Abuse Fund

To account for the revenues received by the Sheriff's Department for controlled substance tax and the expenditure of those funds to support the Sheriff's efforts to deter and investigate drug crimes.

Hospital Reserve Fund

To account for funds held in reserve for Catawba Valley Medical Center to finance and construct major Hospital capital projects, if needed, and the school nurse program at Public Health.

Rescue Squads Fund

To account for the accumulation of funds for the financing of future capital needs of the six rescue squads within the County.

Library Endowment Fund

To account for donations stipulated for the purchase of Library books.

Gretchen Peed Scholarship Fund

To account for donations stipulated for scholarships.

Parks/Historic Preservation Trust Fund

To account for donations and other funds stipulated for park expenditures.

Community Development Fund

To account for the accumulation of funds for the financing of critical housing needs for low-income families within the County.

Fire Protection Service Districts Funds

The County maintains fourteen separate fire protection service district funds under its budgetary control to account for tax receipts and disbursements to the fire districts.

CAPITAL PROJECTS**General Capital Projects Fund***

To account for the financing and construction of all major general government capital projects.

Schools' Capital Projects Fund

To account for the financing and construction of annual capital projects for the three school systems and community college in the County.

Schools' Construction Fund

To account for the financing and construction of major capital projects for the three school systems and community college in the County.

Water & Sewer Capital Projects Fund*

To account for the financing and construction of all major water and sewer capital projects in the unincorporated sections of the County.

Solid Waste Capital Fund*

To account for the financing and construction of all major solid waste capital projects.

ENTERPRISE FUNDS**Water and Sewer Administration Fund***

This fund accounts for the operations of the County's water and sewer activities.

Solid Waste Management Fund*

This fund accounts for the operations of the County's solid waste activities.

ABOUT THIS DOCUMENT

This budget document summarizes all service functions provided by Catawba County government and represents the annual plan for the allocation of resources. The budget presented covers the period of July 1, 2020 to June 30, 2021 (“Fiscal Year 2020/21”).

The budget document is divided into functions (each function has a divider page). The functions of the General Fund make up the first seven sections of this document, and all remaining funds are in the section title Other Funds. Each department has a summary sheet that shows the total funding for that department and how the dollars will be spent. The organizations within each department have pages listing the objectives/outcomes to be achieved and major categories of funding sources and expenses. Within Organizations are accounts or line items. These are the basic units of measure in the budget and make it possible to determine, for example, how much money is spent on books in the Main Branch of the Library.

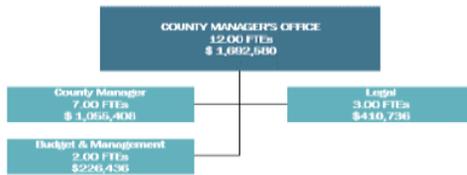

This document does not show every line item, but groups the line items in easier-to-read, general categories. For example, all money received from the State is shown in that major category, despite the fact that there may be several different line items or types of State revenue. Expense categories shown in the budget are: Personal Services, Supplies and Operations, and Capital Outlay. Personal Services include salaries, benefits, and part-time or temporary wages. Supplies and Operations include office supplies, books, travel, utilities, and other similar costs. Capital Outlay accounts for the purchase of equipment that costs more than \$5,000.

For each County Function, a summary report is provided at the beginning of each section providing information on the departments, services, and expenditures captured by that function. Subsequent departmental pages provide organizational, performance, and financial information from Fiscal Year 2018/19 (Actual), Fiscal Year 2019/20 (Current), and Fiscal Year 2020/21 (Requested and Recommended). See Guide to Departmental Sections for detailed information on navigating department and division information.

GUIDE TO DEPARTMENTAL SECTIONS

COUNTY MANAGER

DEPARTMENT DESCRIPTION

COUNTY MANAGER

The County operates under a County Manager form of government adopted by the Board of Commissioners on March 1, 1937. The County Manager is charged with the responsibility for coordinating, supervising, and recommending alternative solutions to problems presented to the Board of Commissioners. As Chief Administrator of County government, the manager is responsible to the Board of Commissioners for administering all departments of County government under the Board's general control and for serving as liaison officer to the public and groups within the County.

- Each departmental section of the operating budget begins with an organizational chart that reflects the way in which the department's budget is organized and tells the reader which division pages will follow.
- The Departmental Services section describes the department's divisions and core functions.
- The financial table displays revenue, expenditures, and budgeted personnel for the entire department for the prior fiscal year (2018/19 Actual), the current fiscal year (2019/20 Current), and budgeted fiscal year (2020/21 Requested and Recommended).
- After the financial table this section presents an overview of the changes to the department's budget and may include specific information on approved requests.
- This section discusses budget outcomes for the fiscal year (2020/21) as well as the mid-year 2019/20 and prior year 2018/19 and 2017/18 reports on outcomes and services.

FINANCIAL DOCUMENTS

The budget is the financial plan for County operations for the fiscal year beginning July 1, 2020 and ending June 30, 2021. The budget shows the source of revenue and how these sources will be spent. It also contains outcomes, goals, and objectives the County departments have set for the year. The budget and the audit are the key financial documents that the County uses to illustrate its financial plans and status. The budget looks ahead to the coming year and shows how funds plan to be spent, while the audit shows the County's year-end financial condition. The audit document is produced annually a few months after the end of each fiscal year (October or November) while the budget is produced annually at the beginning of each fiscal year (final copies are usually made available to the public in mid-July).

BASIS OF ACCOUNTING

Basis of Accounting refers to when revenues, expenditures, and the related assets and liabilities are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All funds of the County are budgeted for and accounted for during the year on the modified accrual basis of accounting in accordance with North Carolina General Statute 159-26(c). Under the modified accrual basis, revenues are recognized in the accounting period in which they become measurable and available to pay liabilities of the current period. Expenditures are recognized in the accounting period in which the costs for goods or services are incurred (except for un-matured principal and interest on general long-term debt, which are recognized when due). On a budget basis, the Solid Waste Management Fund is accounted for using modified accrual. As an enterprise fund, at the end of the year, transactions are reporting in the basic financial statements using full accrual.

The level of control, or level at which expenditures may not legally exceed the budget, is the department level for the General Fund and the fund level for all other funds. Any change in appropriation level of the fund must be approved by the Board of Commissioners. The County Manager or the Budget & Management Director may approve any changes within a fund that do not require an alteration of the appropriation level. Appropriations lapse at year-end, except appropriations for the Capital Improvement Plan Fund, which are carried forward until such time as the project is completed.

COMPENSATED ABSENCES

It is the policy of the County to permit employees to accumulate up to 30 days earned but unused vacation leave, with such leave being fully vested when earned. For the County, the current portion of the accumulated vacation pay and salary-related payments is not considered to be material; therefore, no expenditure or liability is reported in the County's governmental funds. The County's liability for accumulated earned vacation and the salary related payments as of the end of the year is recorded in the government-wide financial statements. For the County's proprietary fund, an expense and a liability for compensated absences and the salary related payments are recorded within those funds as the leave is earned, if the amount is considered to be material. The sick leave policy of the County provides for an unlimited accumulated of earned but unused sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of

retirement may be used in the determination of length of service for retirement benefit purposes. Since neither entity has any obligation for accumulated sick leave until it is actually taken, no accrual for sick leave is made by the County.

ENCUMBRANCES

Encumbrances are financial commitments for services, contracts, or goods that have not as yet been delivered or performed. Purchase orders that remain unperformed at year-end are carried forward to the new fiscal year. A portion of fund balance is reserved to pay for any commitments related to purchase order and contracts that are unperformed at year-end.

SUMMARY OF LEGAL REQUIREMENTS

North Carolina counties budget and spend money under the Local Government Budget and Fiscal Control Act (LGBFCA), as adopted by the North Carolina General Assembly. The major effects of the LGBFCA on the budgetary process are as follows:

BUDGET FORMS & PROCEDURES

The budget officer must prescribe the forms and procedures for the departments to use in preparing requests. In the words of G.S. 159-10, requests shall be made in such form and detail, with such supporting information and justifications, as the budget officer may prescribe. G.S. 159-10 also requires that a budget request show actual expenditures for the prior year, estimated ones in the current year, and requested ones for the coming budget year.

DEPARTMENTAL REQUESTS

G.S. 159-10 requires that the budget request for a department include revenues or fees that it will collect in the budget year.

BUDGET PREPARATION CALENDAR

The LGBFCA establishes the dates by which each stage in the annual budget process is to be completed (G.S. 159-10 through 13). These dates are as follows:

- Departmental requests, other than the public schools, must be submitted to the budget officer before April 30th.
- School administrative units and community colleges must submit proposed budgets and requests for County appropriations and supplemental tax levies no later than May 15th.
- The recommended budget must be given to the Board of Commissioners no later than June 1st.
- The Commission must enact the budget ordinance by July 1st, when the budget year begins.

RECOMMENDED BUDGET

G.S. 159-11 requires that the budget officer's recommended budget be balanced unless the Board of Commissioners insists that an unbalanced budget be submitted. It is also required that the budget be submitted to the Commissioners with a budget message. G.S. 159-11(b) states that the message should include:

- A concise explanation of the governmental goals fixed by the budget for the budget year.
- Important features of the activities anticipated in the budget.
- The reasons for stated changes from the previous year in program goals, programs, and appropriation levels.
- Any major changes in fiscal policy.

BOARD REVIEW

Once the budget is before the Board of Commissioners, several general legal provisions apply to Board review and adoption of the budget ordinance.

- At least ten days must pass between submission of the budget and adoption of the budget ordinance.
- On the same day the budget is submitted to the Board of Commissioners, the budget officer must file a copy of it in the office of the Clerk to the Board where it is available to the public and press.
- The Clerk to the Board must publish a notice that the budget has been delivered to the Board of Commissioners and is available for public inspection. This advertisement must also note the time and place of the required public hearing.
- During the interval between submission and adoption, the Board may conduct its review at both regular and special meetings. At least one of these dates must be a public hearing at which any person who wishes to comment may.
- The Open Meeting Law (G.S. 143-318.9 through 318.18) applied to the budget preparation and adoption process.

ADOPTION OF THE BUDGET ORDINANCE

The budget ordinance must contain the appropriations, the estimated revenues, and the property tax levy as well as rate.

BUDGET PROCESS

As required by the Local Government Budget and Fiscal Control Act (G.S. 159, Article 3), the governing board must adopt by July 1st an annual balanced budget ordinance for all funds except for those funds that operate under project ordinances.

Budgetary control is exercised in all funds except the agency funds. Appropriations are made at the departmental (function) level and amended as necessary. The current budget amounts represent the budget as of December 31st of the current budget year. The budget was prepared on the modified accrual basis of accounting as required by North Carolina General Statute 159-26(c). Appropriations lapse at year-end in the General and Special Revenue Funds for which annual budgets have been legally adopted, with the exception of those departments participating in the reinventing program. The Capital Projects Funds' budgets are adopted on a project basis, spanning more than one year. Appropriations are carried over in these funds until the project is completed. The County follows these procedures in establishing a budget:

1. The Budget Officer is the County Manager and as such, the Budget and Management Office is part of the County Manager's Office. The Budget and Management Office consists of a

Budget and Management Director and one Budget and Management Analyst and is supervised by an Assistant County Manager.

2. Each Fall, the County Board of Commissioners holds a retreat to discuss issues, priorities and county-wide goals for the upcoming fiscal year. These goals become the driving force behind initiatives to be considered and included during the budget cycle.
3. Each fall, the Budget and Management Office works with departments and management to update the County's long-range financial plans including Five Year Capital Improvement and Operating Plans.
4. During the months of October and November the Budget and Management Office prepares Revenue and Expense projections for the upcoming fiscal year. Revenues are projected for the County's main funding sources, property and sales tax, based on trends and economic forecasts for the area.
5. The Budget and Management Office establishes a beginning base for each department that includes the allowable increases for salaries, benefits and operating budgets. In developing budget requests, staff is instructed that any funding requests for program or service expansions or equipment beyond the base amount is to be thoroughly justified and will be weighed against other competing needs and available funding. The role of budget staff is to work with departments to develop data-driven requests and justifications for presentation to the County Manager that facilitate financially sound budget recommendations.
6. In December, departments are given pertinent budget information, funding parameters, and the goals established by the Board of Commissioners.
7. In late January or early February, the reinventing departments submit requested outcomes, and departments not in the reinventing program as well as outside agencies and schools submit budget requests to the Budget and Management Office.
8. During February and March, the Budget and Management Office analyzes requests for the non-reinventing departments and outside agencies, negotiates outcomes with departments, works with departments to develop budget requests, and shares pressing issues and expansion requests with the County Manager.
9. February through April, the County Manager conducts a series of budget meetings with the department managers and agency directors to discuss requests. He then submits a recommended budget to the Board of Commissioners. The budget includes proposed expenditures and the means of financing them.
10. The Board of Commissioners conducts budget hearings with the department managers and agency directors in May or June.
11. A Public Hearing is conducted to obtain taxpayer comments.
12. Prior to June 30th, the budget is legally enacted through passage of an ordinance.
13. Budgets for General, Special Revenue, and Capital Projects Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). The Board of Commissioners annually adopts a budget by ordinance appropriating funds, and may during the year authorize supplemental appropriations. Supplemental appropriations are reviewed by the Director of Finance and the Budget and Management Office, submitted to the

Finance and Personnel Subcommittee, and then transmitted to the Board of Commissioners for review and approval. If approved, they are implemented by budget revision.

REINVENTING DEPARTMENTS

Modeled after the book *Reinventing Government*, Catawba County uses two budget processes: Reinventing, a more flexible, department regulated form of budgeting, and Non-reinventing, a traditional, line item analysis form of budgeting. Four of the County's 15 departments are reinventing departments and include County Manager, Human Resources, Library, and Social Services. Outcomes for using the reinventing budget process are to:

- Become a more active organization by defining mission and achieving goals that support the mission.
- Place greater focus on the customer – what's the impact of services?
- Achieve and sustain higher service levels within limited resources.

In order to meet these outcomes, basic changes were made in the budget process to shift the focus from inputs to outcomes, to increase authority and flexibility for reinventing departments, encourage better use of resources, and simplify and streamline the budget process. Flexibility and changing the focus to outcomes is achieved by allotting these departments a lump sum increase each year without any analysis or controls at the detail budget level. The only financial control is the inability to spend more than the Department's total allotment. Budget analysis and negotiation has shifted to discussions on outcomes, or what the departments hope to accomplish in the upcoming fiscal year, and improvements to service levels. To encourage better use of resources and ownership in decision making, departments can retain all unexpended funds at the end of the fiscal year as long as they can demonstrate achievement of at least 90 percent of adopted outcomes. Updates on the progress and achievement of outcomes are reported on a semi-annual and annual basis. The Budget Highlights for the Reinventing Department sections of the budget document focuses on outcome achievement and changes to outcomes rather than monetary changes in the budget for this reason.

FINANCIAL POLICIES

Financial Policies are used to guide the County in the financial management of all funds. The North Carolina Local Government Budget and Fiscal Control Act regulates North Carolina governmental units in financial matters. These policies are used by the Catawba County Board of Commissioners to allow the County to function as a fiscally sound governmental unit.

Revenue Policy

The property tax rate shall be set each year based on the cost of providing general government services.

The fee structure established for the Solid Waste Management Fund will be sufficient to finance needed operating, capital, and debt costs of providing solid waste services.

Revenue projections will be made in a conservative manner.

Any County service that benefits specific recipients shall be supported either fully or in part by user fees, based on cost recovery percentages established by the Board of Commissioners.

Fund Balance Appropriated shall not exceed an amount that management can reasonably expect to save during the year or that is not sustainable while remaining above the Board of Commissioners 16 percent fund balance goal.

Operating Budget Policy

The County will continue to develop benchmarks and monitor performance measurements to assist in the evaluation of expenditures.

Operating budget projections will include annual costs plus allowances for operating costs associated with new capital.

Capital Improvement Policy (See CIP section for 5-year plan)

The County will review and adopt annually Five-Year Capital Improvement Plan detailing each capital project, the estimated cost, and description. This plan will be used as a guide in the development of the annual budget.

Accounting Policy

Annually, a firm of licensed, certified public accountants will issue an official opinion on the County's annual financial statements to the Board of Commissioners.

Financial systems will be maintained to monitor revenues and expenditures on a monthly basis.

Staff will give a Financial Report to the Board of Commissioners covering revenues and expenditures on a periodic basis.

Debt Policy (See Appendices for full policy)

The County will manage its debt obligations to meet demands for capital facilities while striving to maintain or to improve the County's Aa1/AA+ bond rating.

Debt should not exceed 1.5 percent of the countywide assessed value (legal limit is 8 percent).

The County's annual debt service payment should not exceed 20 percent of the operational budget.

Reserve Policy

The County has a goal of maintaining General Fund fund balance of 16 percent, the equivalent of two months of operating expenses. These funds will be used to avoid cash flow interruptions, generate investment income, eliminate the need for short-term borrowing, and for use in the case of unanticipated emergencies.

The County will maintain a Contingency Reserve to provide for unanticipated expenditures of a non-recurring nature to meet unexpected increases in the operating budget.

The Water and Sewer Fund shall maintain a minimum fund balance of \$5,000,000.

Catawba Valley Medical Center is public non-profit hospital and an entity or component unit of Catawba County Government. The County owns the assets but the Hospital is not included in the County budget, although the Hospital is required to submit its annual budget to the County for review. The Hospital is authorized to operate as an enterprise fund. The Catawba Valley Medical Center Board of Trustees is required to submit a monthly copy of its financial statements to the County Chief Financial Officer that include a budget to actual comparison of all expenses and revenues. The Hospital maintains a balance with the County, in the Hospital Reserve Fund. This Fund is intended to be used to finance and construct major Hospital capital projects, if needed, and the school nurse program at Public Health.

Investment Policy (See Appendices for full policy)

The County's investments will be undertaken in a manner that (1) seeks to ensure the preservation of capital in the overall portfolio (safety), (2) provides for sufficient liquidity to meet the cash needs of the County's various operations (liquidity), and (3) attains a fair market rate of return (yield) its debt obligations to meet demands for capital facilities while striving to maintain or to improve the County's Aa1/AA+ bond rating.

Balanced Budget Policy

The County will annually develop and adopt a balanced budget in which the sum of estimated net revenues and appropriated fund balances is equal to appropriations, pursuant to the North Carolina Local Government Budget and Fiscal Control Act.

DEPARTMENT INFORMATION

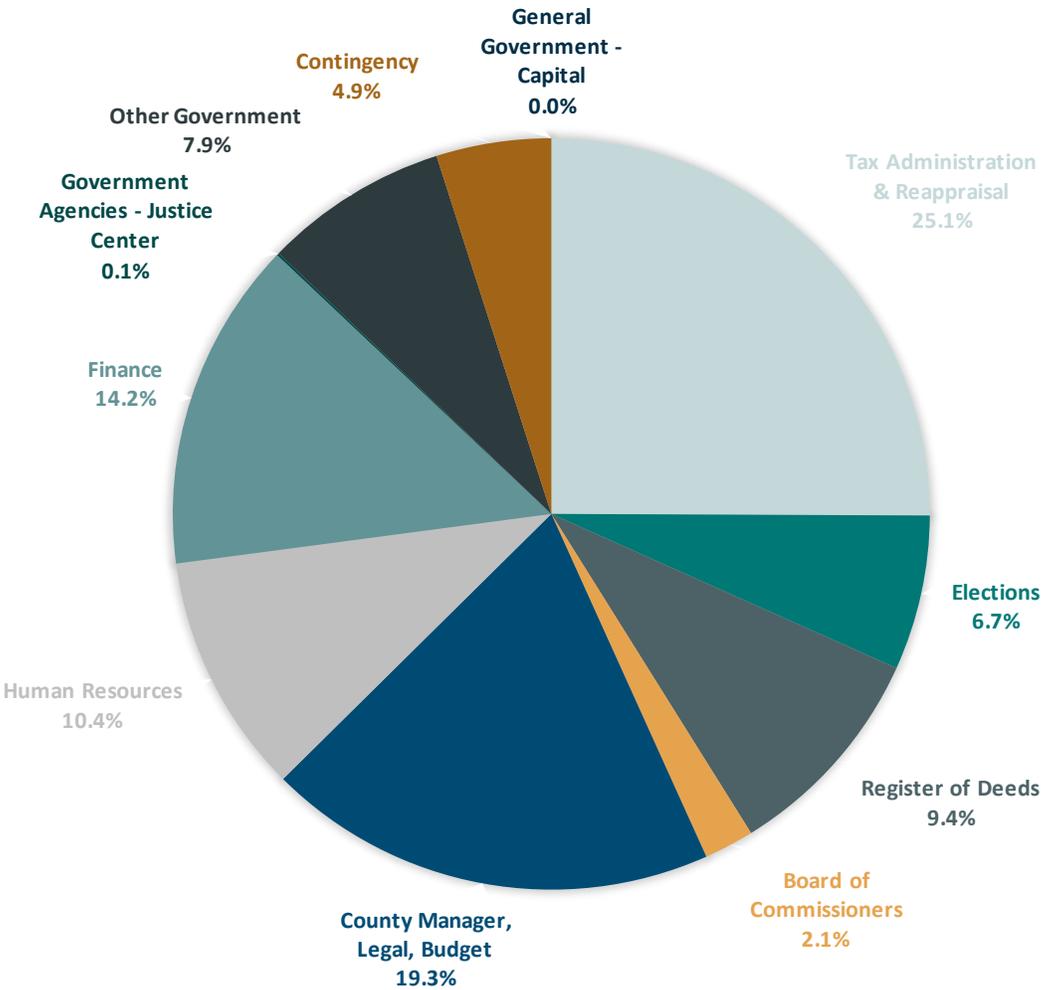

GENERAL GOVERNMENT

The General Government function provides administrative support for County government. It is \$10,149,240 or 4.3 percent of total expenditures for the fiscal year, including Reappraisal and Register of Deeds Automation budgeted in Other Funds. The General Fund portion of General Government is \$9,528,488. General Government includes direct public services such as the Board of Elections, Register of Deeds, and Tax (\$4,171,751 or 1.8 percent of the budget) as well as County Administration including the Board of Commissioners, County Manager, Human Resources, and Finance (\$5,977,499 or 2.6 percent of the budget).

This function ensures smooth administration of all areas of County service by maintaining compliance with accepted accounting principles and personnel statutes, by registering voters, by issuing marriage licenses, and recording property transactions.

The County bills and collects taxes for eight municipalities within the County as a means of providing this general government service at the lowest possible cost to the taxpayer. The service has worked well and has produced savings to other local government units in Catawba County.

BOARD OF COMMISSIONERS

DEPARTMENT DESCRIPTION

The Board of Commissioners is the governing body of Catawba County. The 5-member board is elected at large for 4-year staggered terms and may serve unlimited terms. Their duties include establishing the array of services provided to citizens and a funding plan to pay for the services; appointing the County Manager and County Attorney; designating the County Clerk; adopting the annual budget; setting the property tax rate; establishing service levels for solid waste, emergency services, public safety, library, public health, mental health, and social services; adopting zoning and subdivision regulations; approving new positions, and appointing over 300 people to 50 citizen boards.

REGISTER OF DEEDS

DEPARTMENT DESCRIPTION

REGISTER OF DEEDS
10.00 FTEs
\$875,556

ADMINISTRATION

The Catawba County Register of Deeds serves as custodian of all records of real estate, vital records, military discharges, and the certification of notary publics. It is essential in preserving Catawba County’s history.

The Register of Deeds is a customer-driven recording agency that provides numerous functions to the legal community and the general public, such as supplying accurate and expedient documentation as needed. The Register of Deeds is an elected official of four year terms legally charged with recording and maintaining the integrity, completeness, accuracy and safekeeping of Catawba County’s public records.

The department’s highest priority is to provide six services required by North Carolina General Statutes. The six required services are recording legal documents, issuing marriage licenses/certificates, recording/issuing birth and death certificates, issuing notary public oaths/authentications, imaging recorded documents and maps, along with indexing all the above recorded documents and maps.

The Office is bound by North Carolina General Statutes to make recorded documents available via a temporary or permanent index within 24 hours; documents must be fully indexed on the permanent index within 30 days of the initial recording. At the same time, the indexing unit strives for a margin of error of less than one percent. This is to ensure that each staff member, constituent or citizen will be able to retrieve such public records when needed.

CONTINGENCY

Annually the budget includes contingency funds for which the County Manager has transfer authority granted by the Board of Commissioners of up to \$50,000 per transfer. Additionally, special contingency revenue and expense is included to provide the County flexibility in recognizing small revenues such as donations and grants that are hard to predict throughout the year. These transfers are reported to the Board of Commissioners on a regular basis.

TRANSFERS FROM THE GENERAL FUND

Certain revenues, such as property tax, must initially be budgeted in the General Fund but need to be spent in other funds. These dollars are in effect accounted for twice, inflating the total budget by the transfer amounts, as they are reflected both in the fund transferred from and the receiving fund.

The budget includes the second full year payment for Mountain Creek Park debt service. The County issued \$8 million in debt in Fiscal Year 2017/18 to develop this new park in the Sherrills Ford – Terrell community.

The budget includes \$14.8 million toward current and future debt for the three public school systems and Catawba Valley Community College.

Funding for Public Safety-related debt makes up just under \$5 million, dedicated to the Justice Public Safety Center, Animal Shelter, and both 2007 and 2020 Jail expansions.

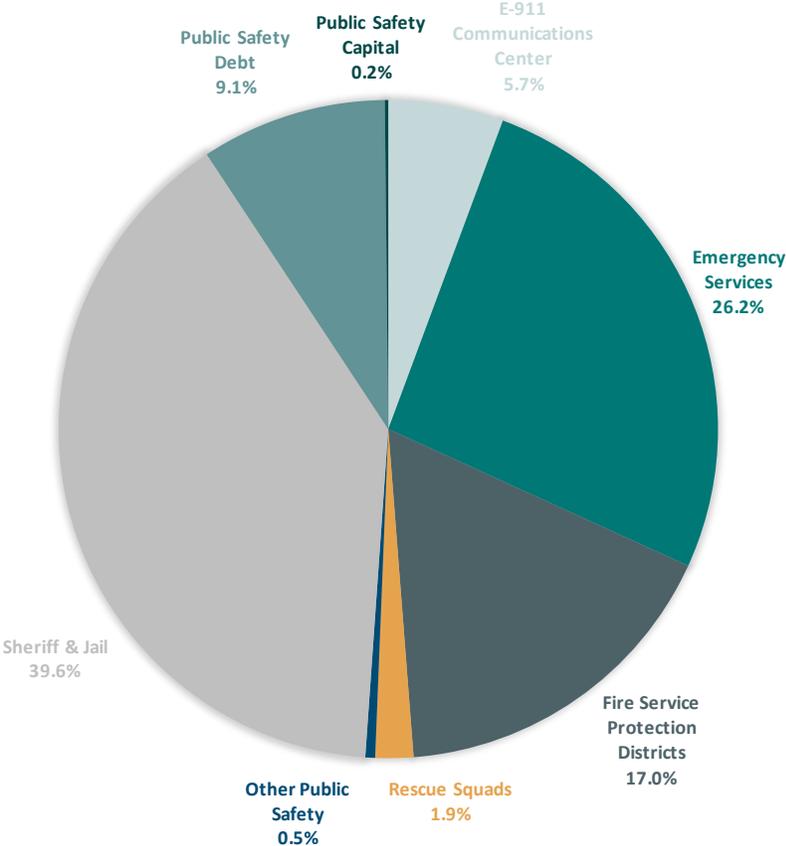

Debt service payments for Catawba Valley Medical Center are continued. Since the County owns the hospital, any debt issued is reflected in the County budget but is completely funded by the hospital and does not require any County funds.

PUBLIC SAFETY

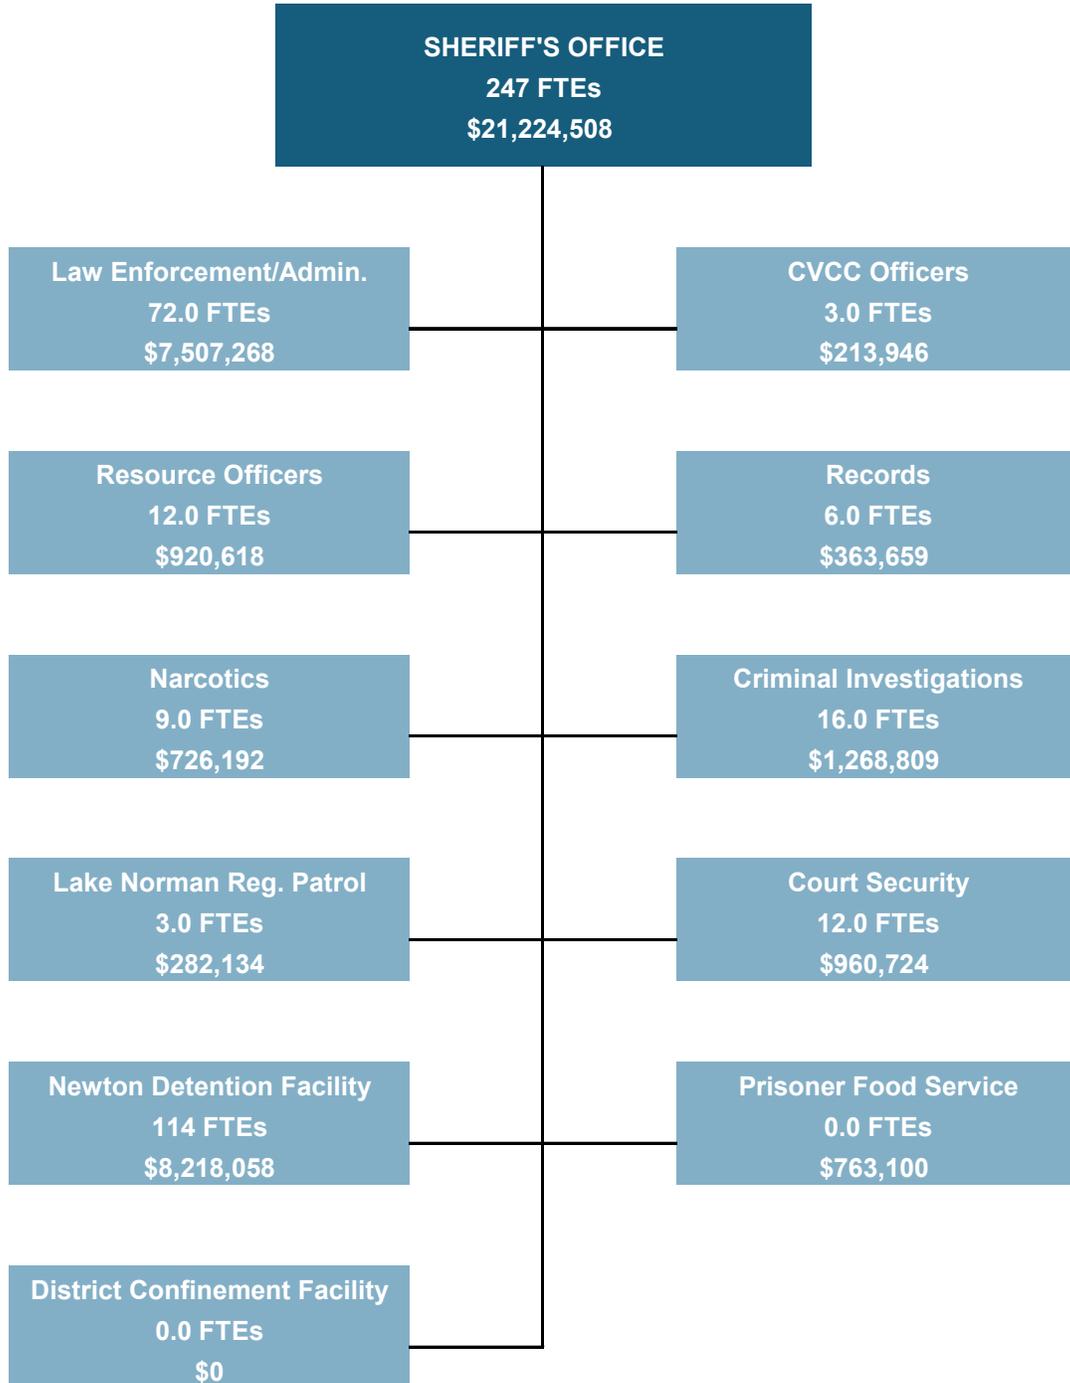

The Public Safety function is composed of the Sheriff’s Office, Emergency Services, E-911 Communications Center, and Other Public Safety activities (Lake Norman Marine Commission, Pre-Trial Services, Court Improvement Board, and Conflict Resolution Center). The Sheriff’s Office includes the following activities: Law Enforcement & Administration, CVCC Officers, School Resource Officers, Records, Narcotics, Criminal Investigations, Lake Norman Area Patrol, Court Security, Newton Detention Facility, and Prisoner Food Service. Emergency Services consists of Emergency Services Administration, Veterans’ Services, Emergency Medical Services, Fire/Rescue Division, Fire Fighting Alarms, Animal Control, and the Animal Shelter (operated by the Humane Society of Catawba County). The Emergency Services division is also responsible for Rescue Squads, Fire Service Protection Districts, and the E-911 Communications Center. The E-911 Communications Center provides emergency and administrative communications for the citizens of Catawba County by placing them in touch with public safety and related government services agencies.

The County has budgeted \$53,872,069 representing 23.0 percent of all expenditures for the fiscal year for Public Safety, including debt, capital expenses, and special revenue restricted for specific purposes such as the Emergency Telephone Surcharge and Federal Asset Forfeiture Funds. Total General Fund departmental expenses are \$42,484,275. The departments work to provide a safe, secure community and to provide emergency medical transportation to medical care facilities. The services provided are both salary and equipment intensive and increased costs generally reflect equipment replacements.

SHERIFF'S OFFICE

DEPARTMENT DESCRIPTION

LAW ENFORCEMENT & ADMINISTRATION

The Sheriff's Office is charged with protecting the public, investigating crimes, operating the Jail, providing court security, and serving civil process. Law Enforcement and Administration consists of Road Patrol, Civil, Warrant, and overall Administration for the Sheriff's Office. Patrol Officers provide protection and service to the County 24 hours a day, 7 days a week by responding to calls for service, enforcing laws, investigating crimes, and deterring crime by their presence. They also patrol problem areas in an attempt to curtail aggressive driving behaviors that contribute to accidents, or prevent crimes in areas of statistically proven trouble. Civil and Warrant Officers serve civil and criminal legal processes issued by the court.

SCHOOL RESOURCE OFFICERS (SROs)

School Resource Officers (SROs) work in the Catawba County High Schools and Middle Schools as Law Enforcement Officers to maintain order by enforcing the laws and local ordinances. They also respond to law enforcement calls involving drugs, weapons or immediate threats at the Catawba County elementary schools within their school district during working hours. They investigate all criminal activity committed on all Catawba County school properties or involving students from the school to which the officer is assigned during working hours. They assist school officials with enforcement of applicable board of education policies and administrative regulations. They are a resource to teachers and parents in the areas of law enforcement. They act as counselors in some instances when listening to and assisting students, faculty and parents with various problems and concerns in the law enforcement field. They are aware of available resources in the County for referral to collaborating agencies.

RECORDS

The Records Division manages case reports for Road Patrol, Investigations, and the Newton Detention Facility. Additional responsibilities include central warrant repository, orders for arrest, juvenile summons, background checks for handgun purchase permits, alcohol and drug abuse, private attorney criminal history checks, officer criminal history checks for court, public fingerprints, County employment backgrounds, concealed carry permits, precious metal permits, domestic violence orders, and Division of Criminal Information (DCI) entry/monitoring.

NARCOTICS / VICE DIVISION

The Narcotics Division is responsible for the many aspects of drug eradication in Catawba County. Narcotics Officers investigate, interview, collect evidence, arrest, and present information to State and/or Federal Prosecutors. They further provide testimony in the prosecution of defendants for violation of the North Carolina Controlled Substance Act and in violation of United States Controlled Substances Act. This is done in an attempt to reduce drug use and trafficking in Catawba County. Working together with other agencies provides needed investigators to insure officer safety.

CRIMINAL INVESTIGATIONS (CID)

CID is responsible for investigating and following up on serious misdemeanor and felony crimes. Some of these crimes include homicides, robberies, felony assaults, and major fraud including identity theft and embezzlement, and sex offenses.

LAKE NORMAN REGIONAL PATROL

The Lake Norman Regional Patrol serves the citizens of southeastern Catawba County by providing community policing, patrol of both land and water to protect lives and property by enforcing State and local ordinances, and promotion of boater safety.

COURT SECURITY

The Court Security Unit is responsible for ensuring the safety and protection of court officials, employees, visitors, inmates, and the general public in the Catawba County Justice Center. Court Security also ensures the smooth and safe movement of inmates between the Newton Detention Center and courtrooms.

NEWTON DETENTION FACILITY

The purpose of the Newton Detention Facility is to provide for the safety and security of inmates by fairly and humanely ensuring their physical, mental, and medical welfare is provided for as required by State and Federal law.

PRISONER FOOD SERVICE

Jail food service will provide inmates in Catawba County custody well-balanced meals as required by the State of North Carolina Department of Human Resources.

The Sheriff's Office budget increase is primarily driven by the addition of two grant-funded School Resource Officers approved during Fiscal Year 2019/20, radio replacements to comply with state system requirements, and juvenile housing costs related to "Raise the Age" legislation that increased the age youth can be adjudicated as a juvenile to 18. Two full-time deputy positions are added to Court Security funded by reduced part-time wages. The budget also includes a full year of operational costs for the expanded jail funded by redirection of funds previously used to pay Burke County for operation of a regional jail facility and increased bed rental revenue.

EMERGENCY SERVICES

DEPARTMENT DESCRIPTION

ADMINISTRATION/EMERGENCY MANAGEMENT

Emergency Management is responsible for protecting the community by coordinating the activities necessary to build, sustain, and improve the capability to mitigate against, prepare for, respond to, and recover from threatened or actual natural disasters, acts of terrorism, or other man-made disasters. The division serves as a resource for private business, industry, schools, other local government and volunteer agencies in the development and implementation of their emergency plans. The Emergency Management Office provides public education in family and community preparedness and severe weather awareness, and insures the public receives accurate emergency information and instructions during incidents.

VETERANS SERVICES

Assist Veterans and their dependents in accessing compensation, pension, and other benefits from the Department of Veterans Affairs as well as answer questions and refer them as needed to other local, State, and Federal agencies. Educate Veterans, dependents, and local agencies on available benefits and serve as a Veterans advocate for Catawba County.

FIRE/RESCUE

Fire/Rescue helps coordinate fire department and rescue squad functions, as well as performs fire inspections in rural Catawba County and municipalities that contract for service. Fire/Rescue also works with law enforcement agencies (both State and local) to combat arson and unlawful burning. A constant goal is to make every citizen aware of the dangers of fire and to continue a viable fire safety program in the school systems. Additionally, Fire/Rescue coordinates response and training activities for the County Hazardous Materials Response Team and the County Urban Search and Rescue Team.

EMERGENCY MEDICAL SERVICES (EMS)

It is the mission of Catawba County Emergency Medical Services to assure that each customer receives prompt emergency response and the highest quality of pre-hospital care available.

ANIMAL SERVICES

Catawba County Animal Services will provide excellent customer service by ensuring animals adopted are healthy and citizens are educated in the proper care of these animals. Furthermore, Animal Control conducts rabies canvasses of the county, responds to and investigates animal bites, dangerous and potentially dangerous dogs, allegations of animal cruelty, as well as complaints of abandoned, stray, and lost animals.

OTHER PUBLIC SAFETY ACTIVITIES

This includes funding for outside agencies related to public safety. The County contracts with Repay, Inc. to provide Court Services aimed at expediting movement of inmates through the criminal justice system and diverting them from the County jail. The Conflict Resolution Center (CRC) was established in 1997 as a non-profit organization aimed at promoting peaceful settlement of disputes and preventing escalation of conflict through mediation, diverting these issues from district court. Lake Norman Marine Commission (LNMC) is funded equally by the four counties bordering Lake Norman (Catawba, Lincoln, Iredell, and Mecklenburg). LNMC was established in 1960 by the General Assembly to make regulations applicable to Lake Norman and its shoreline area for all matters relating to public recreation and water safety. LNMC's primary objectives are centered on boater safety and environmental issues with the majority of funds used to maintain the roughly 142 navigational aids on the lake.

Jail Diversion – (maintained): The budget maintains \$50,000 in seed funding to pilot initiatives related to jail diversion efforts, including implementation funds for the recommendations identified in the study led by Cansler Collaborative Resources.

Court Services – Repay (\$3,905 increase): The budget includes increased funding for Court Services-Repay to support the BOC's strategic plan initiative related to jail diversion. In the coming year, Court Services will continue to provide project management for a technical assistance grant received from Arnold Ventures to implement an evidence-based pre-trial screening assessment tool as well as play key role in coordinating any additional pilot initiatives identified through the Court Improvement Board and Cansler project.

Lake Norman Marine Commission (maintained): LNMC continues to address an infestation of Hydrilla (an invasive exotic weed) through a large stocking of sterile grass carp, along with activities related to maintaining an effective system of navigational markers throughout the lake.

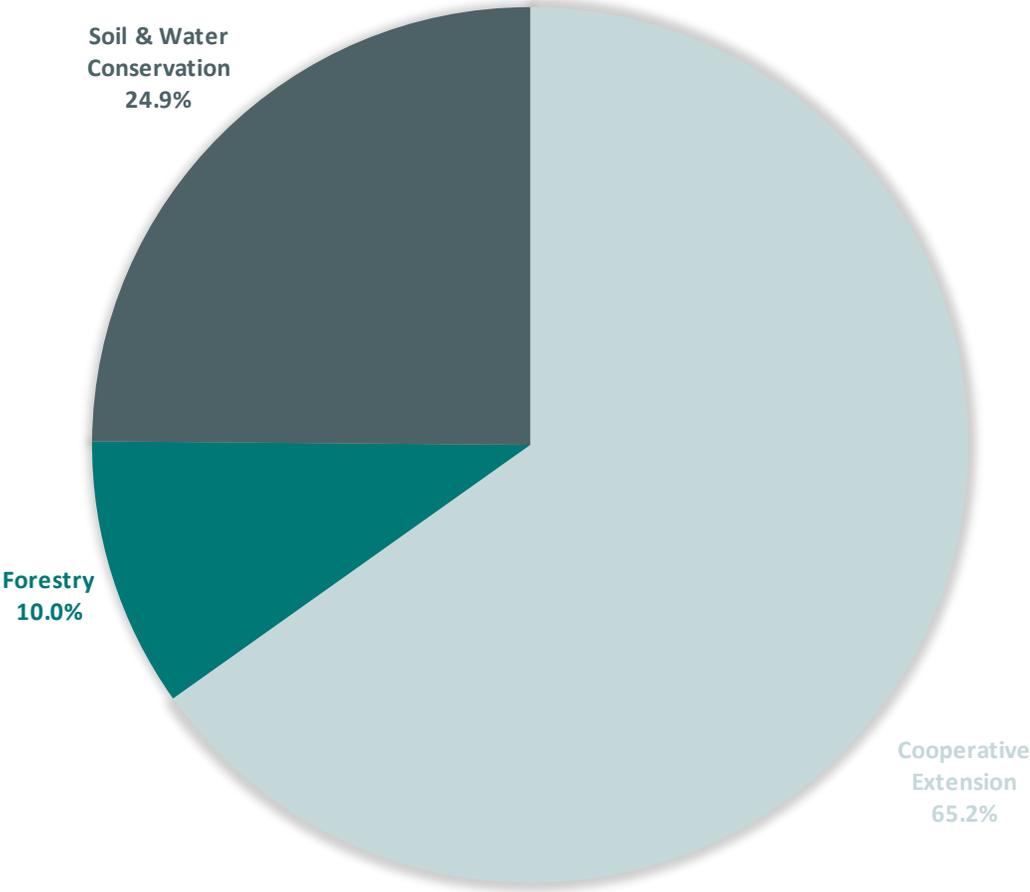

Conflict Resolution Center – (maintained): The budget maintains \$14,500 in funding to partially

cover the cost of a certified District Court Mediator who attends court two days per week to divert cases from criminal and civil court through mediation and conflict resolution strategies. The Administrative Office of Courts stopped funding local mediation centers several years ago, but the General Assembly mandated that citizen vs. citizen warrants be referred to mediation.

Civil Air Patrol (maintained): The budget continues annual funding of \$405 for the Civil Air Patrol. Funds are used to pay monthly telephone expenses.

ENVIRONMENTAL QUALITY

The Environmental Quality function consists of Cooperative Extension Services, Soil and Water Conservation, and Forestry. This function's budget is \$712,263 or 0.3 percent of the total expenditures for the fiscal year. This function is funded by the County, as well as State and Federal governments, and provides technical and advisory services to the agricultural community.

ADMINISTRATION

The Catawba County Cooperative Extension Service is an educational agency sponsored jointly by the United States Department of Agriculture, North Carolina State University, North Carolina A&T State University, and Catawba County. It provides Catawba County citizens with scientifically based information and informal educational opportunities focused on local needs and issues. The Catawba County Extension Service is committed to executing prescribed actions and achieving goals described in the Catawba County Farm and Food Sustainability Plan (adopted by the Board of Commissioners in 2013) in the areas of Agriculture, 4-H and Youth, and Local Food System Development.

PERFORMANCE MEASUREMENT

AGRICULTURE

Fiscal Year 2020/21 Outcomes	Mid-Year FY 19/20	Actual FY 18/19	Actual FY 17/18
<p>1. To increase, support, and improve row crop production and Catawba County row crop producers' farm profitability while also slowing the loss of the county's farmland, two row crop presentations (e.g. best practices in soybean productions, industrial hemp, herbicide resistance management, agrochemical use, pest management, variety selection, etc.) will be held. At least 3 credits will be gained by participants towards X, N, D, O pesticide license requirements and/or Certified Crop Advisor continuing education credits. (Farm and Food Sustainability Plan Actions items: 7A, 10E, 11B)</p>	On Target	Achieved	Achieved 10 workshops offered
<p>2. To educate Catawba County livestock farmers about pasture management in order to meet the nutritional needs of livestock, NC Cooperative Extension will host three meetings and/or farm demonstrations. Farmers will gain an understanding of grass species growth patterns, regional disease patterns, and the nutritional needs of grass pastures. This knowledge will aid in addressing environmental, disease, and low production challenges resulting in increased length of time that pastures can be grazed by livestock or an increase in forage production. 80 percent of farmers at meetings or demos will increase their knowledge which will be measured by surveys. Data will be collected through a six-month follow up call or a farm visit to measure changes made on farms due to information received at these events. (Farm and Food Sust. Plan Actions 7A, 10E, 11B)</p>	On Target 100% increased knowledge	Achieved	Achieved 100% increased knowledge

<p>call or farm visit to measure changes made in participants' marketing habits due to the information received at these events. (Farm and Food Sust. Plan Actions 7A, 10E, 11B)</p>			
<p>4. To help small farmers reduce input costs and increase productivity, market readiness and profits, a small farmers group will meet monthly during the winter and spring and bi-monthly during the summer and fall. These meetings will provide a place for farmers to discuss problems, explore opportunities for collaboration, receive disease and pest updates, and obtain programming specific to their needs. Eight presentations will focus on increasing productivity and profits, reducing input costs and crop loss and adopting food safety practices. At least two farm tours will be planned to demonstrate different production systems and equipment. Presentation surveys will show 80% of farmers increased their knowledge. A post year survey will find that this program improved productivity and /or increased profits for at least half of the participants. (Farm and Food Sustainability Plan Actions items: 7A, 10A, 10B,10E, 11C)</p>	<p>On Target</p>	<p>Achieved</p>	<p>New outcome in Fiscal Year 2018/19</p>

(Farm and Food Sustainability Plan Action item: 10E)</p>	<p>On Target</p>	<p>Achieved</p>	<p>New outcome in Fiscal Year 2018/19</p>
<p>6. In support of local foods development and support of the county visioning strategy, Cooperative Extension will further work to increase awareness of Catawba County local foods. We will focus on increasing the purchase of local foods through a Local Foods Cooking Class series, which will source from farmers and provide people with a \$10 bag of produce. This program will result in an estimated \$15,000 increase in local food consumption. (Farm and Food Sustainability Plan Actions items: 6B, 7C)</p>	<p>New Outcome Fiscal Year 2020/21</p>

<p>8. To educate groups in safe food-handling practices, the Family and Consumer Science Agent will offer 5 ServSafe Food Protection Manager Certification classes, a Farm-to-Fork food safety training for farmers' market vendors, telephone assistance, and home food safety classes upon request. Pre/post-tests or end-of-session retrospective evaluations will be used to assess increases in knowledge. Hands-on activities will be evaluated by observation. For ServSafe participants, achieving a passing score on the certification exam will serve as the evaluation. At least 125 individuals will increase knowledge of safe food handling practices and it is expected that 60 percent of individuals participating in ServSafe certification training will achieve a passing score on the exam. Collaborators include Catawba County Environmental Health, local farmers' market managers and community organizations. The department requested a new Software Engineer position to address increased technology pressures and support needs for critical systems, but the request is not recommended due to potential revenue loss. The budget increase is driven by planned compensation increases and the transfer of 1.85 FTEs from the Emergency Telephone System Fund to the GIS General Fund budget (fully offset by associated revenue). This shift is due to statewide 911 changes as North Carolina implements Next Generation 911 (NG911) to ensure citizens are able to access 911 services regardless of their location or the communication technology they use.

PLANNING, PARKS, & DEVELOPMENT

DEPARTMENT DESCRIPTION

PLANNING

Conduct a comprehensive planning program, including the administration of the Unified Development Ordinance and the development and implementation of long-range planning studies. The planning program is designed to promote and maintain the orderly physical growth and development of Catawba County which serves to improve the quality of life for its citizens and provide economic development opportunities within the County.

PARKS

Provide recreational opportunities for the citizens of Catawba County through the operation and development of parks and the preservation of open space. Environmental education and the preservation of the County’s unique natural heritage are Catawba County Parks’ primary goals. These goals will be accomplished through the execution of the Comprehensive Parks Master Plan. Implementation steps will incorporate projects, programs, goals, objectives, strategies, and opportunities as called for in the Plan.

COMMUNITY DEVELOPMENT

To increase affordable housing opportunities and ensure safe housing for low-to-moderate income persons by administering a series of CDBG and Housing Finance Agency related grants assisted by the Western Piedmont Council of Governments.

DEPARTMENT DESCRIPTION

BUILDING SERVICES

The mission of Building Services is to provide consistent, timely, and courteous advice and service to customers, contractors, businesses, homeowners, and the general public through the application of the State Building Code, and the local soil sedimentation and erosion control program, both through inspections and plan review services. The focus of the service is to protect public safety by ensuring all buildings are built to code specifications while promoting economic development through a partnership with the building industry. The operations of Building Services have, as its foundation, four guiding principles: protecting the public, providing the best possible customer service, promoting economic development, and ensuring consistency in the application of codes and treatment of customers. The County provides these services to the eight municipalities in the county (Hickory, Conover, Newton, Claremont, Maiden, Long View, Catawba, and Brookford).

PERMIT CENTER

Provide permitting information and service to the customers of Catawba County, including municipalities. The Permit Center currently operates two locations (Catawba County Government Center in Newton and a Remote Access Permitting Terminal (RAPT) in Hickory City Hall) to provide convenient locations for the public to acquire permits and information for Building Services, Planning, and Environmental Health.

LOCAL CODE COMPLIANCE

Protect the regional water quality and health, safety, and general welfare of Catawba County citizens through implementation of the local code compliance program.

EROSION CONTROL

Protect the regional water quality and health, safety, and general welfare of Catawba County citizens through implementation of the local soil sedimentation and erosion control program. Promote Catawba County's economic development through timely permitting service to local contractors and developers. The County provides the local soil sedimentation and erosion control program to the eight municipalities in the county (Hickory, Conover, Newton, Claremont, Maiden, Long View, Catawba, and Brookford).

The budget increase is primarily driven by incentive contracts negotiated to encourage business investment to grow the tax base, create new jobs, and result in net revenue above the cost of the

incentives that helps support County services.

Catawba County continues to provide the EDC with 51.5 percent of its overall funding, with the remaining 48.5 percent coming from municipalities. Funding by cities is based on population, total tax valuation, and business personal property valuation.

The budget continues to include debt service (\$551,620) for the NC Data Campus, a 70-acre multi-jurisdictional business park partnership between Catawba County, the Cities of Conover and Hickory, and the Towns of Maiden and Catawba. (Funds to support this expense include \$314,419 from current and previously reserved ¼ cent sales tax, with the balance reimbursed by the municipal partners). The park bolsters Catawba County's economic development efforts by providing up to three shovel-ready sites marketed primarily for data center recruitment. These efforts also further bolster the region's efforts to create a cluster of data centers known as the NC Data Center Corridor, leveraging the presence of existing datacenters like Apple and Google to transform the region's reputation into one that embraces innovation and high tech industry.

The budget continues the County's partnership with the Chamber of Commerce in funding the Visitor Information center and providing Leadership Catawba Sponsorship.

Funding is increased for entrepreneur support and the HKY for Vets program through the Chamber of Commerce.

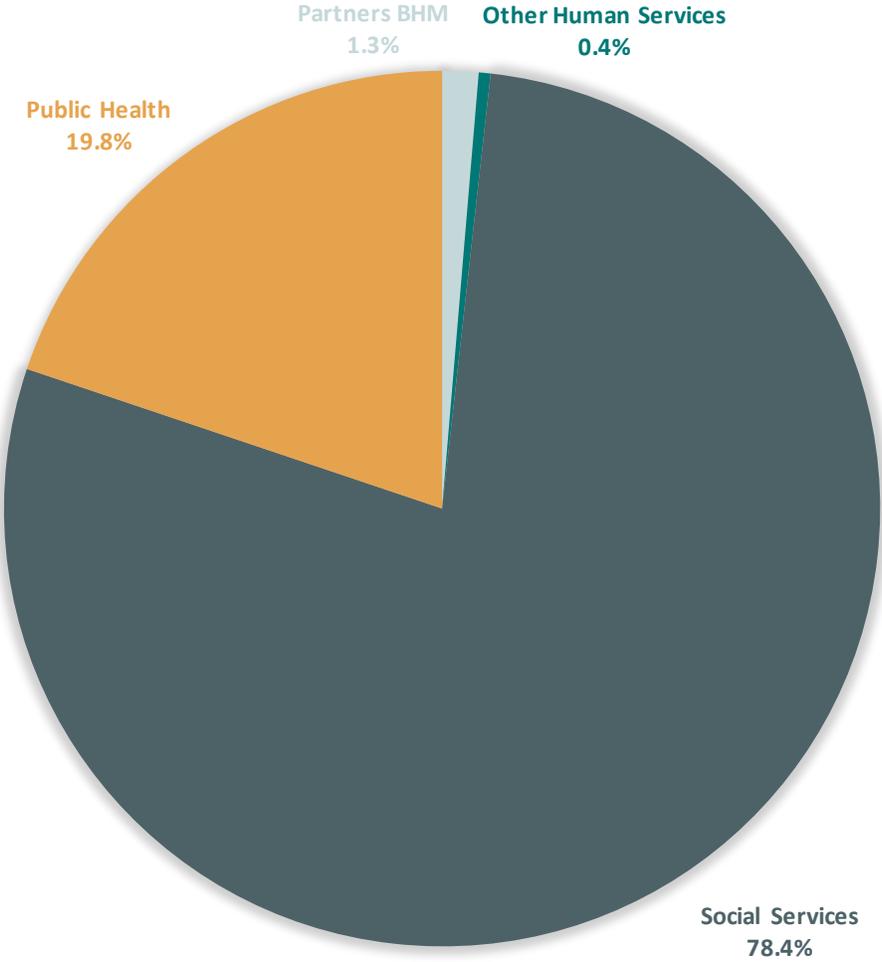

Funding for the Convention & Visitors Bureau (CVB) remains flat. This financial support assists the CVB in promoting Catawba County and preparing for the 2021 Visit NC 365 Conference which will be held in Hickory. County funds are used to assist with advertising, marketing, and staffing the sales department of the Hickory Metro Convention Center as well as to operate the Regional Visitors Center.

Funding for the Beaver Management program is increased. The program helps landowners in dealing with beavers, which can be very destructive. Services are available to DOT in all 100 counties and are available to landowners, local governments, soil and water conservation districts, and others in the 42 counties that pay at least the base level participation fee. This base level participation has remained at \$4,000 annually since 2008, but is increasing during Fiscal Year 2020/21 to \$6,000. This increase allows citizens to access services at reduced rates.

HUMAN SERVICES

The Human Services' budget of \$48,375,727 is 20.7 percent of total expenditures for this fiscal year. A significant portion of the Human Services' budget is funded by State and Federal sources. Social Services' expenditures of \$37,926,326 support human needs, and Public Health is projected to expend \$9,586,901 for delivery and assurance of public health services. Other Human Resources include the Medical Examiner and is funded at \$211,000 this fiscal year. \$650,000 is for Partners Behavioral Health Care contracted services and pass-through funding.

The dependence of these services on Federal and State grants makes the budget process very difficult. Therefore, the County has a conservative approach to anticipated revenues and a realistic approach to service levels which cushion the impact of Federal and State reductions in funding and service levels.

PARTNERS BEHAVIORAL HEALTH MANAGEMENT

As a result of State mandated Mental Health Reform, mental health ceased being a County-provided service in Fiscal Year 2008/09. The responsibility for managing and ensuring the delivery of needed services was shifted to Managed Care Organizations (MCOs) statewide. Catawba County is part of a 9-county MCO that includes Catawba, Burke, Cleveland, Gaston, Iredell, Lincoln, Rutherford, Surry, and Yadkin Counties called Partners Behavioral Health Management (Partners BHM). Counties continue to be responsible for providing funds towards critical community mental health services not supported by State or Federal funds.

The budget maintains funding to Partners BHM as the County continues to work with Partners BHM and other community partners to assess local physical and behavioral health needs and explore improvements. This funding includes \$125,000 in ABC funds, consistent with the NC GS 18B-804 requirement that bottle taxes and a portion of ABC gross receipts be spent for the treatment of alcoholism or substance abuse, or for research or education on alcohol or substance abuse.

PUBLIC HEALTH

DEPARTMENT DESCRIPTION

ADMINISTRATION

To manage and administer quality, cost effective, and customer-driven public health programs and services to Catawba County residents.

ENVIRONMENTAL HEALTH

To assure a safe and healthful environment for the citizens of Catawba County with respect to permitted establishments, subsurface waste disposal, private well construction and protection, and North Carolina smoke-free laws.

MATERNAL HEALTH

Catawba County Public Health (CCPH) aspires to ensure the highest quality and most efficient prenatal services to pregnant women by assuring early access to prenatal and postpartum medical care and support services through the Obstetric Care Management (OBCM) Program that aims to maximize healthy birth outcomes. CCPH, in partnership with Catawba Valley Medical Center (CVMC), assures comprehensive prenatal care is available to all pregnant women in Catawba County.

CHILD HEALTH

Catawba County Public Health (CCPH) seeks to ensure that children ages 0-18 have access to preventive and acute health care. Routine health care promotes physical, social, and emotional growth of children through the early detection, treatment and referral of health problems, illness prevention, and anticipatory guidance.

Care Coordination for Children (CC4C)

Catawba County Public Health seeks to ensure care management services are provided for all Medicaid-eligible children birth to five years of age determined to be high-risk and qualify for services. The Care Coordination for Children (CC4C) program, in partnership with Community Care Networks, implements community based interventions for children to maximize health outcomes. Priority risk factors include children with special health care needs, having or at increased risk for chronic physical, behavioral or emotional conditions, exposed to toxic stress in early childhood including extreme poverty in conjunction with continuous family chaos, recurrent physical or emotional abuse, chronic neglect, severe enduring maternal depression, persistent parental substance abuse, repeated exposure to violence within the community or family, those in the foster care system, or those who are high cost/frequent users of services.

Early Childhood Support Team

The Early Childhood Support Team (ECST) nurse provides health promotion/health prevention to identified ECST Child Care Centers, the children enrolled, and their families as a member of a multi-agency, multi-disciplinary team, including health education for children, center staff and families, health consultation and staff development, assistance to families in locating and obtaining health resources, and identification and development of emergency action plans for children with chronic illnesses.

School Health

The School Health Program provides school site, direct health services, health education, consultation for faculty and staff, and health promotion/prevention for staff and students to promote maximum physical, social, emotional, and educational growth of children.

PREPAREDNESS & RESPONSE

Ensure Catawba County Public Health is prepared to prevent, mitigate, and/or respond to disease outbreaks and biological threats to our community.

COMMUNITY & ADULT HEALTH

Catawba County Public Health Adult Health Programs provide patients with screening exams for early detection of breast, cervical, and communicable diseases, provide methods and strategies for the prevention of unplanned pregnancy and diseases, and focus on the promotion of health and wellness through education on healthier lifestyle choices.

WOMEN, INFANTS, & CHILDREN (WIC)

Women, Infants and Children (WIC) is a supplemental healthy food program funded by the United States Department of Agriculture (USDA) for infants and children up to age five, and pregnant, postpartum and breastfeeding women.

The budget includes pass-through grant funding for ALFA, supporting the grant-funded OBCM Public Health Nurse position, a new electronic health record system for the School Nurse Initiative, and various equipment and operational resources. One time funding provided by Catawba Valley Medical Center for specialized nursing assistance at Conover School during Fiscal Year 2019/20 is removed from the budget.

PERFORMANCE MEASUREMENT

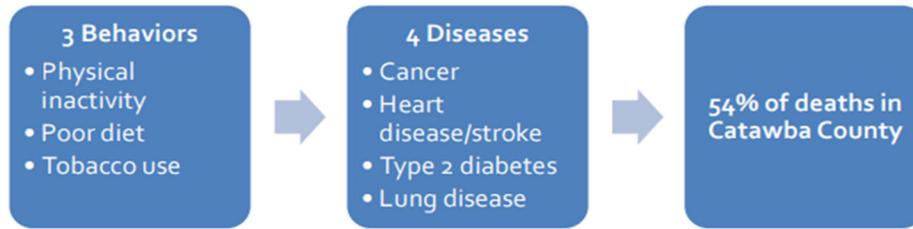

GOAL 1 – IMPROVE THE HEALTH AND WELLBEING OF WOMEN, INFANTS, CHILDREN, AND FAMILIES

The health and wellbeing of women, infants, and families is a cornerstone to community health. Creating healthy beginnings through promoting positive pregnancies, births, and early childhood experiences provides a strong foundation for young children to grow into healthy adults.

Fiscal Year 2020/21 Outcomes	Mid-Year FY 19/20	Actual FY 18/19	Actual FY 17/18
1. 90% of children (ages 0-5) who are placed in Catawba County’s custody are seen by their pediatrician within the recommended timeframes per Fostering Perspectives.	On Target 100%	Achieved 100%	Achieved 100%
2. 80% of clients served through OBCM and CC4C not already enrolled in WIC will be scheduled for WIC services.	On Target 86%	Achieved 88%	New outcome in Fiscal Year 2018/19
3. 90% of adult WIC participants, latent or active TB patients, and Family Planning patients that are identified as current tobacco users will be referred to the NC Quitline.	On Target 90%	New outcome in Fiscal Year 2019/20	
4. 100% of identified violations related to the child care center’s safe sleep policy will receive appropriate technical assistance by the ECST nurse.”	New Outcome Fiscal Year 2020/21		

GOAL 2 – PROMOTE A CULTURE OF WELLNESS IN CATAWBA COUNTY BY SUPPORTING COMMUNITIES AND PARTNERSHIPS

Between 2009 and 2013, over half the deaths in Catawba County were related to diseases associated with preventable risk behaviors like tobacco use, poor diet, and physical inactivity. Prioritizing healthy eating, active living, and preventing chronic disease in our community creates an inclusive and cross-cutting platform for a diverse set of stakeholders, resources, and target populations with different needs, interests, and perspectives. Focusing on preventable risk factor behaviors like promoting healthy eating and active lifestyles can impact not only morbidity and mortality related to disease, but overall wellbeing and quality of life as well.

Fiscal Year 2020/21 Outcomes	Mid-Year FY 19/20	Actual FY 18/19	Actual FY 17/18
5. 85% of Family Planning patients that are identified as having an elevated risk of becoming pre-diabetic per Family Planning Guidelines will receive appropriate referrals to a diabetes education program.	On Target 100%	New outcome in Fiscal Year 2019/20	
6. 80% of schools serving 6 th -12 th grade students will receive evidence-based interventions to mitigate the impacts of alarming youth tobacco trends.	Pending To be submitted at yearend.	New outcome in Fiscal Year 2019/20	
7. 60% of employees will demonstrate a knowledge of identified health priorities from the Community Health Assessment by the end of the year.	New Outcome Fiscal Year 2020/21		

GOAL 3 – STRENGTHEN CORE PUBLIC HEALTH FUNCTIONS TO PROTECT HEALTH AND ENSURE THE SAFETY OF THE COMMUNITY

A strong infrastructure is made up of people, programs, and policies that have the capacity to prevent public health emergencies; as well as mitigate and control the impact that communicable disease outbreaks, natural disasters, and other threats can have on the wellbeing of the community. With partners, Public Health works to ensure that staff are receiving training and diligently engaging in prevention-oriented work related to vaccinations, emergency preparedness, and responding to community needs related to communicable disease.

Social vulnerability refers to the resilience of communities when confronted by natural disasters or disease outbreaks. This index scores on a scale from 0 (lowest vulnerability) to 1 (highest vulnerability) using fifteen different Census-related indicators. As of 2016, Catawba County’s current social vulnerability index score is 0.6543 with a range of Census tract scores from 0.0893 to 0.972 (<https://svi.cdc.gov/map.html>).

Fiscal Year 2020/21 Outcomes	Mid-Year FY 19/20	Actual FY 18/19	Actual FY 17/18
8. 85% of reviewed onsite well and septic permits will require no revisions.	On Target 15%	New outcome in Fiscal Year 2019/20	
9. To promote the prevention of communicable disease, 85% of Adult Health patients identified as having an elevated risk for exposure to hepatitis A and/or hepatitis B will be referred for appropriate vaccination.	On Target 100%	New outcome in Fiscal Year 2019/20	
10. 13. 85% of employees participating in emergency preparedness and mass vaccination will report an increase in their knowledge related to working in a Point of Dispensing for Vaccinations.	New Outcome Fiscal Year 2020/21		

OTHER HUMAN SERVICES

DEPARTMENT DESCRIPTION

Expenses associated with the Medical Examiner are housed in this section of the budget. Counties are required by statute to pay for Medical Examiner services and autopsy reports for County residents who die inside the County if the medical examiner, district attorney of the county, or any superior court judge request it. Deaths requiring an autopsy that occur outside a person's county of residence are entirely the funding responsibility of the State.

Per North Carolina General Statutes, fees for the Medical Examiner and autopsies currently are as follows:

- 130A-387 - For each investigation and prompt filing of the required report, the medical examiner shall receive a fee paid by the State. However, if the deceased is a resident of the county in which the death or fatal injury occurred, that county shall pay the fee. The fee shall be \$200.
- 130A-389 - A fee for the autopsy or other study shall be paid by the State. However, if the deceased is a resident of the county in which the death or fatal injury occurred, that county shall pay the fee. The fee shall be \$1,750.

EDUCATION

The County has budgeted \$66,896,335 or 28.6 percent of the total budget for education expense. This includes \$45,410,448 for current expenses for the three school districts and Catawba Valley Community College (CVCC), \$1,300,000 for the K-64 Initiative, and capital and construction expenses total \$5,404,867. The Debt Service amount for education is \$14,781,020. Public education is a major responsibility of County government. In recent years, Catawba County has undertaken major initiatives to both support effective education and to secure accountability for the use of educational funding.

EDUCATION

Operational funding for public schools is the responsibility of the State, while funding for school construction, equipment, and debt are County responsibilities. Historically, State funding has not been sufficient to meet all needs so counties provide current expense funding to schools as well. Catawba County’s current expense funding assists the County’s three public school systems with operating needs, including both instructional programs and support services. The School Budget and Fiscal Control Act requires the County to fund each school system the same amount per pupil based on average daily membership figures certified by the State and based on the highest attendance figures of the first two out of three months of the school year. North Carolina General Statutes allow the Board of Commissioners to allocate current expense funding in a variety of ways. Catawba County has always provided a lump sum amount per pupil and left the decision how to spend with the school boards.

Like public schools, the State is responsible for funding community college operations, while counties are responsible for maintenance, capital, and general facility operations.

The budget includes increased current expense funding for public schools and CVCC of \$636,972. A \$34 per pupil increase (2%) is included for public schools in current expense funding, resulting in a per-pupil rate of \$1,741 and a total funding increase of \$543,972 or 1.4 percent.

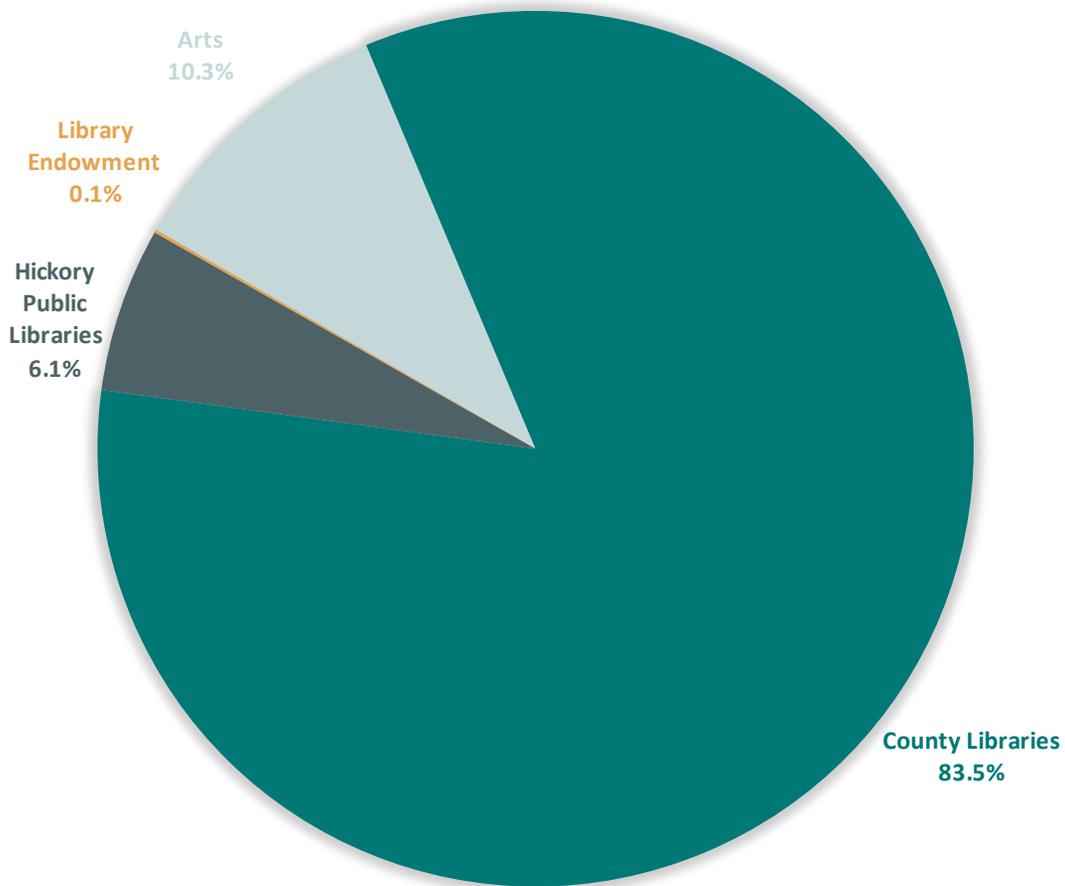

A \$93,000 or 2 percent operating increase is included for CVCC current expense.

The budget also continues to provide \$1.3M for the K-64 Initiative, in the fourth year of the County's 5-year funding commitment. These funds will support achievement of 1-to-1 technology throughout all public middle and high schools in Catawba County.

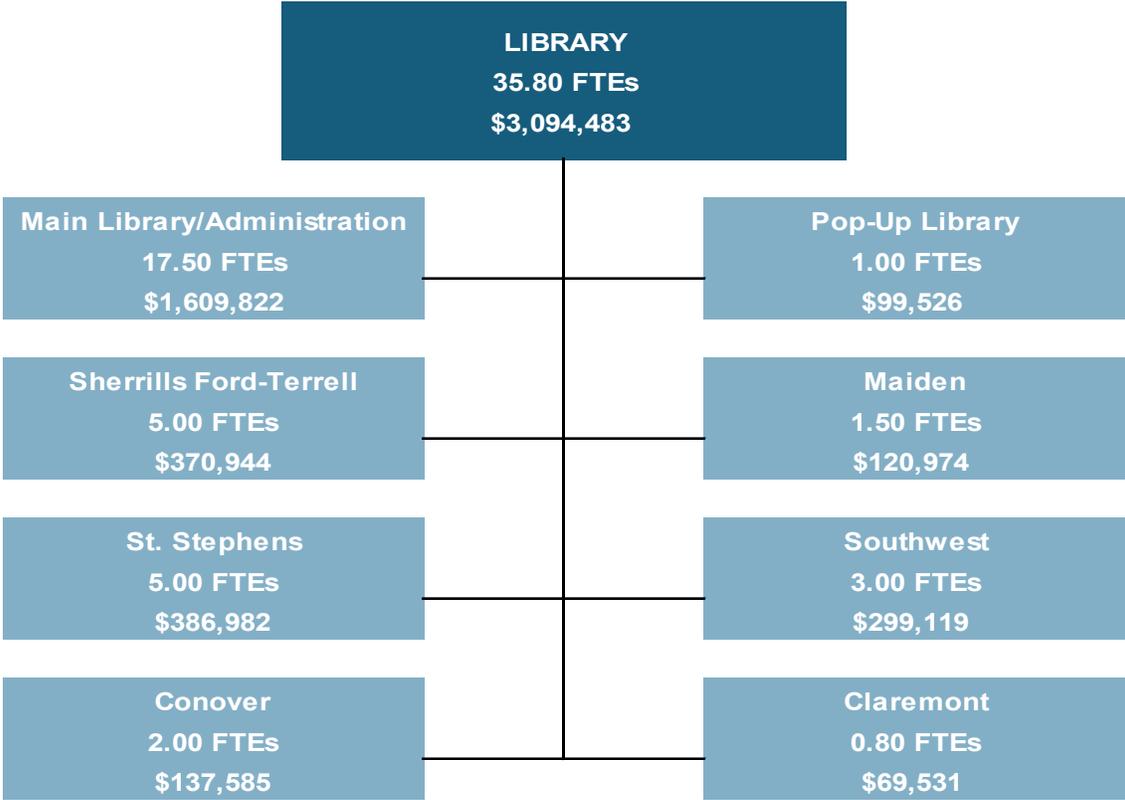

CULTURE

This function is composed of the County Library system, the Catawba County Historical Association, Catawba County Council for the Arts, Salt Block, Newton-Conover Auditorium, and Hickory Public Libraries. The Main Library is located in Newton with branch facilities in the Maiden, Sherrills Ford, St. Stephens, Mountain View, Conover, and Claremont areas, as well as a mobile library that operates Countywide. The County has budgeted \$3,707,424 or 1.6 percent of the total budget in support of the library system, culture, and the arts.

LIBRARY

DEPARTMENT DESCRIPTION

As the community’s place to connect, explore, and grow, Catawba County Library empowers lives and builds our community by bringing people, information, and ideas together. The Library works to inspire the joy of reading, life-long learning, cultural appreciation, creative thinking, and promote economic development and individual growth through comprehensive resources, a knowledgeable and responsive staff, innovative technologies, and welcoming facilities.

As a public gathering place organized around public service and the transfer of information and ideas, the library is a unique, neutral community space for social interaction and engagement, easily accessible, with distinct resources, and rich in content and experience. As such, it contributes to a healthy community where people come together in ways that level social inequities and promote community engagement and social connection.

REGISTER OF DEEDS AUTOMATION & PRESERVATION FUND

In 2002, legislation created an Automation Enhancement and Preservation Fund and expanded the uniform fees for services charged by the Register of Deeds. This increase in fees is to be used to enhance the standards for instruments to be registered in the Office of the Register of Deeds. Revenues in this fund are to be spent on computer and imaging technology enhancements in the Register of Deeds Office. Revenues are based on 10 percent of the total for Marriage Licenses, Recording of Legal Instruments, UCC Filing Fees, and Miscellaneous Revenues. The remaining 90 percent of these revenues is recorded in the Register of Deeds cost center in the General Fund.

The State of North Carolina is implementing Next Generation 911 (NG911) to ensure citizens are able to access 911 services regardless of their location or the communication technology they use. The NC 911 Board has contracted with AT&T for the implementation of a statewide Emergency Services IP Network (ESInet) and with GeoComm to manage the GIS services portion of the NG911 Project. All public safety answering points are scheduled to transition to ESInet by or before July 1, 2021, at which time, local addressing and mapping services will no longer be allowable charges to 911 funds.

Restricted revenue received is reserved in the fund and budgeted to support narcotics investigations. To align with federal requirements, the budget transfers the available balance in the existing seizure fund into two separate funds based on the federal agency officers cooperated with to conduct the investigation.

STATE UNAUTHORIZED SUBSTANCE ABUSE FUND

Per the Department of State Treasurer’s 2010-38 guidance, funds collected from the controlled substance tax should be treated in a manner similar to the Federal Asset Forfeiture funds (restricted and used exclusively to enhance the ability of law enforcement agencies to deter and investigate crimes, especially drug offenses). As a result, these funds (previously in the General Fund) are now budgeted in a separate State Unauthorized Substance Abuse Fund (USUB) designated as restricted revenue for Sheriff’s Office use only.

HOSPITAL RESERVE FUND

The Hospital maintains a balance with the County, in the Hospital Capital Reserve Fund. This Fund is intended to be used to finance and construct major Hospital capital projects, if needed, and the school nurse program at Public Health. Catawba Valley Medical Center is a public non-profit hospital and an entity or component unit of Catawba County Government. The County owns the assets but the Hospital is not a line department of the County and therefore is not included in the County budget. The Hospital is authorized to operate as an enterprise fund.

The budget continues to transfer \$500,000 of the reserve to the General Fund in support of the school nurse initiative. The Hospital has been a vital partner in the school nurse initiative, providing \$500,000 annually toward the effort to place school nurses in schools throughout the county’s three public school systems.

Rescue Squads budget increased \$167,444 due to increased operational needs created by a shortage of volunteers and planned capital purchases.

BACKGROUND

Rescue Squads, unlike Fire Protection Service Districts, are not legally eligible to levy specific tax rates and therefore rely on the County for annual funding appropriations. Catawba County contracts with three Rescue Squads and some volunteer fire districts within the County to provide Medical First Response and Rescue Services to its citizens and visitors.

Rescue Squads provide Medical First Response, which is classified as a Basic Life Support service, while the County’s EMS provides Advanced Life Support services. Together, these organizations collaborate to keep citizens safe. Rescue Squads are contracted to provide an average emergency response time to medical calls of 6 minutes or less.

Rescue Services include: Vehicle Extrication, Swift Water Rescue, Confined Space Rescue, High Angle Rescue, Trench Rescue, Structural Collapse and Dive Rescue. Claremont Rescue is contracted to provide Heavy Rescue Services and the remaining two Rescue Squads (Catawba and Maiden) are contracted to provide Light Rescue Services.

GRETCHEN PEED SCHOLARSHIP FUND

This scholarship was established in November 1996 by the Catawba County Board of Commissioners and Board of Social Services to honor former Commissioner Gretchen Peed. It is intended for any post-high school education program and will be available to any child who is or has been in the legal custody of Catawba County Social Services. This shall be a perpetual fund, and scholarships shall be generated from interest accrued from the donated principal. The principal shall not be accessed.

Social Services has made a concerted effort to encourage secondary education. To help insure better connectivity and opportunities for these children’s education, Social Services will continue this emphasis.

COMMUNITY DEVELOPMENT FUND

The Community Development Fund is used to account for funds for Community Development Block Grant (CDBG) Urgent Repair and Scattered Site programs that are awarded during the fiscal year. Upon award, they are taken to the Board of Commissioners for approval and a revision to the budget.

The CDBG program is administered on behalf of Catawba County in agreement with the Western Piedmont Council of Governments. Qualifying households are provided assistance through grant funding for energy efficiency improvements, minor structural repairs, and rehabilitation.

ONGOING/PERIODIC PROJECTS

- *Facilities General Renovations (\$100,000)*: The budget continues annual funding for general renovations to address needs of aging facilities.
- *Future Economic Development (\$100,000)*: The budget dedicates a portion of increased property tax from designated new businesses toward investment in economic development.
- *Public Safety Project (\$39,752)*: The budget reserves funds freed up by changes in Rescue Squad appropriations in a Public Safety project for future investment as needed to provide “right care, right place, right time” public safety services.

- *Technology Infrastructure Upgrades (\$350,000)*: Annually the County sets aside funds for ongoing infrastructure upgrades, based on a comprehensive multi-year hardware and software replacement schedule for elements of the core network.
- *Technology Oblique Photography (\$64,530)*: The budget funds the first year of a three-year contract to update oblique photography maps, which are high-resolution low-angle maps useful for code enforcement, real estate appraisal, economic development, and public safety/emergency services purposes.
- *Technology - Permit and Inspections Software (\$200,000)*: The budget continues to set aside funds for the future replacement or upgrade of the County's permitting and inspection system, which has been in use for seven years. Based on the current use of the system and service level, upgrade or replacement is expected to be needed in the next four to five years and cost at least \$800,000.
- *Technology Server and Desktop Applications (\$408,000)*: Annually the County funds server and desktop applications to continue a licensing agreement with Microsoft for the software on the County's servers. This provides employees with critical office productivity programs in the Microsoft Office Suite such as Word, Excel, PowerPoint, and Outlook. Technology continues to upgrade and re-standardize the County's computers to operate on Office 2013. Funds are also included in this account for security software to protect the County's network from external threats. Funding was decreased for one year to help fund increased infrastructure pressures.

PAY AS GO PROJECTS

- *Communications – Infrastructure Upgrades (\$51,000)*: Funds are added to an existing Viper 800 MHz project and renamed Communications Infrastructure Upgrades. The project has an available balance of \$61,768. Funds are needed for required tower maintenance at the Justice Center and Anderson Mountain and to replace a base station transmitter.
- *Economic Development – Trivium Corporate Center (\$3,395,000)*: The budget appropriates additional funds for the Trivium Corporate Center, being developed in cooperation with the City of Hickory. The budget diverts Board dedicated water and sewer revenue for the second of two years planned toward known costs to develop the Trivium Corporate Center and consolidates \$700,000 from a Water & Sewer project for Trivium into the General Capital Project.
- *Parks – Mountain Creek Park (\$100,000)* – The budget appropriates \$100,000 donated by a developer toward the development of Mountain Creek Park.
- *Parks – Riverbend Park (\$255,600)* – The budget appropriates funds paid to the County by Duke Power as a part of its Federal Energy Regulatory Commission (FERC) relicensing requirements toward Riverbend Park development.
- *Records Management System (RMS) & Field Based Reporting (FBR) System Upgrade (\$200,000)* – Funds are included to upgrade public safety software used for incident reporting in the office and in the field.

SCHOOLS CONSTRUCTION FUND

DEPARTMENT DESCRIPTION

Counties are responsible for funding school construction needs. Larger projects, typically those over \$1 million, are budgeted in Schools' Construction and are debt financed. Every four years, in conjunction with revaluation, the County develops a multi-year funding plan for schools' construction. Annually, the budget appropriates the projects planned for the coming year.

The budget decrease is due to reduced capital equipment expenses and a \$1,000,000 reduction in the transfer to the Solid Waste Capital Fund. Charges and fees increase \$205,000 due to a planned 2.2 percent increase in Municipal Solid Waste (MSW) and a \$1 increase in Commercial & Demolition (C&D) tipping fees. The proposed budget includes the addition of one Scale Attendant position at the Landfill to reduce wait times and provide one attendant per inbound and outbound land.

CAPITAL IMPROVEMENT PLAN

CAPITAL IMPROVEMENT PLAN

OVERVIEW

The County's Capital Improvement Plan is a five-year plan for the scheduling and appropriation of funds for major projects representing significant contributions to the overall inventory of physical assets. The types of projects traditionally included in the CIP are major non-recurring expenditures for the:

- construction, purchase or major renovation of buildings, utility systems, schools, solid waste, parks, or other physical structures
- purchase of land for utilities, right of way, schools, solid waste, parks, and sites associated with proposed public buildings
- purchase and implementation of technology
- stimulation of economic development

To be considered as a project in the CIP, the project must meet the following criteria:

- project or equipment life of greater than five years
- estimated cost of at least \$100,000 or be set aside for future spending

The CIP is a planning tool as well as a financial plan and fulfills the County's policy of planning ahead for our future facilities and equipment needs. The first year of the CIP represents the actual capital project budget appropriated for that year. Approval of the CIP therefore commits the County to the first year of the capital projects with conditional approval for those projects listed in the four future planning years. Each year, the CIP is updated (with deletion of the "prior year" data and the addition of a planning year) to maintain five-year plan with the exception of Schools Construction, which is only four years in conjunction with the County's property revaluation.

The CIP preparation is concurrent with the budget process. In the fall of each year, all County departments submit their budget requests along with any capital projects for consideration and inclusion in the CIP. The requests are reviewed by the Facilities Director and the Budget Staff and submitted to the County Manager as part of the County's budget.

Capital Projects Fund accounts for financial resources to be used for the acquisition or construction of major capital facilities and include the following:

- **General Capital Projects Fund:** to account for the financing and construction of all major general government capital projects, operating impacts to the General Fund are identified.
- **Schools Construction Fund:** to account for the financing and construction of all school projects across all the school systems. Projects are debt financed and are part of the County's long-range plan. Debt service is budgeted in the General Fund. Debt service for schools is financed through dedicated funding and by maintaining a constant contribution to debt as existing debt is retired
- **Water & Sewer Construction Fund:** to account for the financing and construction major water and sewer capital projects in the unincorporated sections of the County. As an enterprise fund, the capital plan also reflects the five-year projected operating plan.
- **Solid Waste Fund:** to account for the financing and construction of all major solid waste projects. As an enterprise fund, the capital plan also reflects the five-year projected operating plan.

APPENDIX

FINANCIAL STATISTICS, STATEMENTS & POLICIES

Investment Policy

SCOPE

This investment policy applies to all financial assets of Catawba County. The County combines the cash resources of its various funds into a single pool in order to maximize investment earnings. Each fund's portion of total cash and investments is shown by fund type in the combined balance sheet of the County's Comprehensive Annual Financial Report. This policy applies to all transactions involving the financial assets and related activity of all the various funds accounted for in the County's Comprehensive Annual Financial Report.

OBJECTIVES

Funds of the County will be invested in accordance with North Carolina General Statute 159-30, the County's Investment Policy and written administrative procedures. The County's investments shall be undertaken in a manner that (1) seeks to ensure the preservation of capital in the overall portfolio (safety), (2) provides for sufficient liquidity to meet the cash needs of the County's various operations (liquidity), and (3) attains a fair market rate of return (yield). Cash management functions will be conducted in such a manner as to ensure that adequate funds will always be available to meet the County's financial obligations and to provide the maximum amount of funds available for investment at all times.

RESPONSIBILITY

In accordance with North Carolina General Statutes, the Chief Financial Officer is designated as the Investment Officer of the County and is responsible for the County's financial assets. The Chief Financial Officer is also responsible for investment decisions and activities and shall develop and maintain written administrative procedures for the operation of the cash management and investment program, consistent with North Carolina General Statutes. In order to promote the efficiency of investment duties and related activities, the Chief Financial Officer may, at his option, designate one or more members of his staff to perform the functions of cash management and investing. Such delegation shall not relieve the Chief Financial Officer of responsibility for all transactions and executions performed by the designated individuals.

The standard of prudence to be used by the Investment Officer shall be the "prudent person" standard and shall be applied in the context of managing an overall portfolio. It states that investment officers acting in accordance with North Carolina General Statutes, this policy, written administrative procedures, and exercising due diligence, shall be relieved of personal responsibility for an individual security's credit risk or market price change, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments. Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the

management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

ETHICS AND CONFLICTS OF INTEREST

The Chief Financial Officer, designated Investment Officer and employees involved in the investment process shall refrain from personal business activity that could conflict with proper execution and management of the investment program, or which could impair their ability to make impartial investment decisions. Investment officials and employees shall disclose to the County Manager any material interests in financial institutions that conduct business with Catawba County, and they shall further disclose any personal financial/investment positions that could be related to the performance of the County's portfolio. This disclosure need not include normal banking or brokerage relationships that are at normal market rates and conditions available to the general public.

STATUTORY AUTHORIZATION

The legal limitations of local government investments are defined in North Carolina G.S. 159-30. Accordingly, the following classes of securities are indicative of the investments utilized by Catawba County:

- A. Obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States.
- B. Obligations of the Federal Financing Bank, the Federal Farm Credit Bank, the Bank for
- C. Cooperatives, the Federal Intermediate Credit Bank, the Federal Land Banks, the Federal
- D. Home Loan Banks, the Federal Home Loan Mortgage Corporation, the Federal National
- E. Mortgage Association, the Government National Mortgage Association, the Federal
- F. Housing Administration, the Farmers Home Administration and the U.S. Postal Service.
- G. Obligations of the State of North Carolina.
- H. Deposits at interest or purchase of certificates of deposit with any bank, savings and loan association or trust company in North Carolina, provided such deposits or certificates of deposit are fully collateralized.
- I. Prime quality commercial paper bearing the highest rating of at least one nationally recognized rating service and not bearing a rating below the highest (A1, P1, F1) by any nationally recognized rating service which rates the particular obligation.
- J. Participating shares in a mutual fund for local government investment (such as the N.C. Capital Management Trust), which is certified by the N.C. Local Government Commission.

ADMINISTRATIVE RESTRICTIONS

In addition to the previously noted limitations on appropriate securities, Catawba County's investment activities are further restricted in the following manner:

It is the policy of Catawba County to diversify its investment portfolio. Assets held shall be diversified to eliminate the risk of loss resulting from the over concentration of assets in a specific issuer or specific class of securities. Diversification strategies shall be determined and revised periodically by the Chief Financial Officer. Portfolio maturities shall be staggered to avoid undue concentration of assets in a specific maturity sector. Maturities selected shall provide for stability of income and reasonable liquidity.

- Catawba County will invest its short-term investments (< one year) based on cash flow analysis
- Catawba County will invest minimal levels in money market funds or local government investment pools unless these instruments have higher yields
- Short-term investments will be aggressively managed to maximize yield
- Reserve funds and other funds with longer-term investment horizons (> one year) will be invested in higher yield, longer maturing investments to maximize the investment opportunity available.

Catawba County recognizes that investment risks can result from issuer defaults, market price changes or various technical complications leading to temporary illiquidity. Portfolio diversification is employed as a way to minimize default risk. No individual investment transaction shall be undertaken that jeopardizes the capital position of the overall portfolio. In the event of a default by a specific issuer, the Chief Financial Officer shall review and, if appropriate, proceed to liquidate securities having comparable credit risks.

SELECTION OF SECURITIES

The Chief Financial Officer, or his designee, will determine which instruments shall be purchased and sold, and the desired maturity date(s) that are in the best interest of the County. All brokers and dealers transacting business with the County must be licensed to do business within North

Carolina. They must also have extensive knowledge of NC General Statutes and have references from other North Carolina local governments. The selection of an instrument will involve the evaluation of, but not be limited to, the following factors:

- A. Cash flow projections and requirements
- B. Current market conditions
- C. Overall portfolio balance and makeup
- D. Relative liquidity of the instrument

CUSTODY AND SAFEKEEPING OF SECURITIES

Catawba County will maintain a third party safekeeping account for all investments (generally provided by the County's primary bank), or take physical possession of them. Some securities, primarily certificates of deposit, will not be kept in the third party safekeeping account, but will be kept by the Investment Officer in the vault of the County Finance Department. Transactions will be processed on a delivery versus payment basis, which insures that securities are deposited in an eligible financial institution prior to the release of funds.

INTERNAL CONTROLS

The Chief Financial Officer is responsible for establishing and maintaining a system of internal controls. The internal control structure shall be designed to provide reasonable assurances that the assets of Catawba County are protected from loss, theft, or misuse by third parties or County employees. Accordingly, the Chief Financial Officer shall establish a process for an annual independent review by an external auditor to assure compliance with policies and procedures.

REPORTING

The Chief Financial Officer shall prepare an investment report on a semi-annual basis, including a management summary that provides an analysis of the status of the current investment portfolio. The report will include the following:

- Listing of individual securities held at the end of the reporting period.
- Average weighted yield to maturity of portfolio on investments.
- Listing of investments by maturity date.
- Percentage of each type of investment in the total portfolio.

Debt Management Policy

INTRODUCTION

Catawba County recognizes that a formal debt policy is essential to effective financial management. Adherence to a debt management policy signals to rating agencies and capital markets that the government is well managed and therefore likely to meet its debt obligations in a timely manner. In addition, it helps to insure that a government maintains a sound financial position and that credit quality is protected. Debt management policies are written guidelines, allowances and restrictions that guide the debt issuance process and it is a recommended practice of the Government Finance Officers Association (GFOA).

Many of the processes for approval, sale and repayment of debt are controlled by North Carolina General Statutes and may not all be repeated within this policy. This debt policy is to be used in conjunction with those laws and regulations along with the operating and capital budgets and other financial policies. Objectives of the debt policy have been established to assist the County in retaining its bond ratings and include:

- Funding a Capital Improvement Plan
- Maintaining an appropriate mix of pay-as-you-go and debt funding
- Maintaining an adequate fund balance, including an appropriate level of unassigned fund balance
- Structuring debt repayment schedules that observers expect of highly rated (AA or AAA) counties

DEBT INSTRUMENTS

The County will use appropriate debt instruments to provide funding for capital assets and improvements at the lowest cost with minimal risk:

General Obligation Bonds

General Obligation Bonds are bonds secured by a promise to levy taxes in an amount necessary to pay debt service, principal and interest, coming due each fiscal year until repaid. General obligation bonds are backed by the full faith and credit of the County. These bonds are authorized by a referendum or by non-voted (2/3) authorization by the governing body. The non-voted authorization allows governments to issue up to two-thirds of the previous year's net debt reduction without a referendum.

Revenue and Special Obligation Bonds

Revenue bonds are bonds that pledge revenues generated by the debt-financed asset or by the operating system of which that asset is a part. Special Obligation Bonds are bonds that are payable from the pledge of revenues other than locally levied taxes.

Other Financing Options

Installment financings are alternative financing methods that do not require a referendum. Certificates of Participation or Limited Obligation Bonds represent an undivided interest in the payments made by a public agency pursuant to a financing lease or an installment purchase agreement. The security for this financing is represented by a lien on the property acquired or constructed.

An Installment Purchase Contract is an agreement with a financial institution in which the equipment or property is acquired and periodic payments are made to satisfy the debt service.

The County will typically use this type of financing to finance a capital asset for ten to fifteen years with the capital asset being used as collateral for the loan. In other cases, this financing will be used for short-term equipment/vehicle purchases of three to five years.

The County will use pay-as-you-go funding for capital improvements or capital assets having a cost of less than \$250,000 or assets having a useful life of less than ten years unless budgetary constraints require the use of financing to acquire the necessary funding for those capital improvements or capital assets.

PURPOSES FOR DEBT ISSUANCE

The County may issue debt for the purpose of acquiring or constructing capital assets including land, buildings, machinery, equipment, fixtures and any other eligible expenses of a project and for making major renovations to existing capital improvements that are for the good of the public. Exceptions to this rule will be considered on a case-by-case basis to determine if the contemplated debt is in the best interest of the County. Long-term debt shall not be used for financing ongoing operational expenses. When applicable, debt issuance will be pooled together to minimize issuance expense.

Before issuing any new debt the County will consider the following factors:

- Global, national and local financial environment and economy
- Current interest rates and expected interest rate changes
- Cash position and current debt position
- Availability of funds to repay the debt
- Urgency of current capital needs and flexibility to meet future needs
- Appropriate debt issuance practices and debt structuring

DEBT STRUCTURE

The debt structure is made up of the type of debt, interest rate and principal maturity schedule. This could include General Obligation Bonds, Revenue or Special Obligation Bonds or other installment financings. The cost of taxable debt is typically higher than the cost of tax-exempt debt; however, the issuance of taxable debt is mandated in some circumstances and may allow flexibility in subsequent contracts with users or managers of the improvements constructed with bond proceeds. The County will usually issue obligations on a tax-exempt basis, but may occasionally issue taxable obligations when there is an expected benefit from doing so. The County shall establish an affordable debt level to preserve credit quality and insure sufficient revenue is available to pay annual debt service obligations.

General Obligation Bonds will generally be competitively bid with no more than a 20-year life unless there are compelling factors which make it necessary to extend beyond and applicable law allows a longer term. In a competitive sale, the County may sell its debt obligations by allowing an interested underwriter or syndicate to submit a proposal to purchase and issue bonds. The bonds are awarded to the underwriter presenting the best bid according to stipulated criteria set forth in the notice to sale.

Negotiated sales or private placements may be used where allowed when complex financing or sales structure is a concern with regard to marketability. In a negotiated sale, the bonds may be sold through an exclusive arrangement between the County and an underwriter or underwriting syndicate. At the end of successful negotiations, the issue is awarded to the underwriter. This method offers the most flexibility to the County. The criteria used to select an underwriter or syndicate in negotiated sales should include, but not be limited to the following: overall experience, marketing philosophy, capability, recent experience, underwriter's discount and overall expenses.

The County may elect to sell its debt obligations through a private placement with a financial institution when appropriate. Selection through private placement shall be determined through a Request for Proposal (RFP) process.

Debt service for each issue will be structured in an attempt to minimize the County's interest payments over the life of the issue while taking into account the existing debt obligations of the County. Any debt issued shall not have a maturity date beyond the useful life of the asset being acquired or constructed by the debt proceeds.

The County may also consider various financing methods including fixed or variable interest rate debt in order to minimize the interest costs over the life of the issue. The use of these methods will be evaluated based on market conditions and the maximum benefit to the County while minimizing the County's risk. When appropriate, the County may choose to issue securities that pay a rate of interest that varies according to a predetermined formula or results from a periodic remarketing of the securities or reset date determined by the bondholder. The County will limit the issuance of variable rate debt to help maintain the County's credit rating. The County's long term variable rate debt will not exceed 10 percent of the total outstanding general debt.

Investment of bond proceeds will be consistent with those authorized by existing state law, the County's investment policy and applicable bond covenants. Bond proceeds shall be invested and tracked separately from other investments.

DEBT RATIOS

The County will use an objective, analytical approach to determine the amount of debt to be considered for authorization and issuance. This process involves the comparison of generally accepted debt ratios from similar counties to the current County ratios. These ratios will be reevaluated every five (5) years or sooner as market conditions dictate. The County shall adhere to the following ratios:

Net Direct Debt Per Capita

This ratio measures the burden of direct debt placed on the population supporting the debt. This is widely used by rating agencies as a measure of an issuer's ability to repay the debt. The County's General Obligation debt per capita will be in line with other North Carolina counties that maintain the same credit rating. The County will maintain per capita debt that does not exceed \$2,000.

Net Direct Debt as a Percentage of Assessed Valuation

This ratio measures debt levels against the property tax base that generates the tax revenues used as the main source of debt repayment. The County will maintain its debt at no more than 1.50 percent of the countywide assessed value (legal limit is 8 percent).

Net Direct Debt Service as a Percentage of Operational Budget

This ratio reflects the County's budgetary flexibility to adjust spending levels as economic conditions change. The County will maintain its net debt service at no more than 20 percent of the operational budget.

Ten-Year Payout Ratio

This ratio measures how quickly the County retires its outstanding indebtedness. A higher payout ratio preserves the County's capacity to borrow for future capital needs. The County will maintain its ten-year payout at a 65 percent level or higher.

REFINANCING OF OUTSTANDING DEBT

The County will continually review its outstanding debt and recommend issue for refunding as market opportunities arise. Debt shall only be refinanced for the purpose of achieving debt service savings, unless required to achieve specific debt management goals of the County. The estimation of net present value savings should be, at a minimum, in the range of 3 percent of the refunded maturities before a refunding process would be considered unless the County otherwise determines the annual savings warrant the refunding. The County will not refinance debt for the purpose of deferring scheduled debt service, unless unique circumstances are present. The County is aware that refinancing for the purpose of deferring debt service may have an impact on its credit rating.

The County may issue advance refunding bonds when advantageous, legally permissible and prudent while net present value savings are achieved. Advance refunding transactions are those undertaken in advance of the first date the refunded debt can be called for optional redemption and will require an establishment of an escrow account for the defeasance of the refunded debt. All costs incurred in completing the refunding shall be taken into account when determining the net present value savings.

The County may issue current refunding bonds when advantageous, legally permissible and prudent while net present value savings are achieved. Current refunding transactions shall be considered whenever possible. These transactions are undertaken at or after the call date on outstanding debt and provide for redemption and replacement of refunded debt within ninety days of issuance of the refunding debt.

PAY-AS-YOU-GO FUNDING

The County shall use pay-as-you-go and other alternative sources of funding for capital projects to minimize debt levels. To have an effective pay-as-you-go program, at least one funding source must be identified that is consistent, reliable and large enough to provide for capital needs in an amount that reduces dependency on debt. In order to reduce the impact of capital programs on future years, the County will annually appropriate funds for its capital improvement plan. The County will also appropriate proceeds from the sale of capital assets and land, as deemed appropriate, for capital projects. This practice will allow additional funding of capital improvement projects and reduce the County's dependence on borrowing. Pay-as-you-go funding will save money by eliminating interest expense on funded projects and will improve financial flexibility in the event of sudden revenue shortfalls or emergency spending.

ISSUANCE OF DEBT

The scheduling and amount of bond sales and installment purchase transactions will be recommended by the Chief Financial Officer and County Manager. The Board of County Commissioners must approve the sale. These decisions will be based upon the identified cash flow requirements for each project to be financed as well as market conditions and other relevant factors including debt ratios. If the cash requirements for capital projects are minimal in any given year, the County may choose not to issue the debt and fund the project costs and reimburse these costs when financing is arranged. In these situations, the County will adopt a reimbursement resolution prior to the expenditure of project funds.

Fixed rate General Obligation Bond sales are conducted on a competitive basis by the Local Government Commission (LGC), a division of the Office of State Treasurer. Variable rate bonds, revenue and special obligation bonds will be sold on a negotiated basis with a selected underwriter.

The County must receive an opinion acceptable to the market from a nationally recognized law firm that each financing transaction complies with applicable laws and all agreements in connection with any financing are legal, valid and binding obligations of the County.

CONTINUING DISCLOSURE

In accordance with the Securities and Exchange Commission (SEC), Rule 15c-2-12, the County will provide financial and operating information to the repository or repositories designated by the SEC. Where applicable, the county will also provide its Comprehensive Annual Financial Report (CAFR) and other relevant information to rating agencies, corporate trustees and financial institutions as required by continuing disclosure requirements within all debt financing documents.

ARBITRAGE LIABILITY MANAGEMENT

The County will maintain a system of record keeping and reporting to meet the arbitrage and rebate compliance requirements of the federal tax code. This effort includes tracking investment earnings on bond proceeds, calculating rebate payments in compliance with tax law and remitting applicable earnings to the federal government in a timely manner in order to preserve the tax-exempt status of the County's outstanding debt issues.

It is the County's policy to minimize the cost of arbitrage rebate and yield restriction while strictly complying with the applicable laws. Because of the complexity of arbitrage rebate regulations and the severity of non-compliance penalties, arbitrage calculation will be performed by qualified arbitrage professionals in strict adherence to applicable laws and regulations. These calculations will be done in accordance with required Internal Revenue Service reporting dates.

FINANCING TEAM, ADMINISTRATION AND IMPLEMENTATION

The County will provide for a solicitation and selection process for securing all professional services required in connection with any debt issues. The service professionals selected will be required to follow the County's debt management policy with the goal of continuity, quality service and competitive prices.

The County Manager and Chief Financial Officer are responsible for the administration and issuance of debt including the completion of specific tasks and responsibilities included in this policy.

GLOSSARY

Ad Valorem Tax: A tax levied in proportion to the value of a property.

Accrual Basis of Accounting: Revenues are reported on the income statement when they are earned not when they are received. Expenses are matched with related revenues and/or are reported when the expense occurs, not when the cash is paid. The result of accrual accounting is an income statement that better measures profitability during a specific time period.

Activity: Departmental efforts which contribute to the achievement of a specific set of program outcomes; the smallest unit of the program budget.

Allocate: To set apart portions of budgeted expenditures which are specifically designated to organizations for special activities or purposes (i.e., various rescue squads).

Annual Budget: A budget covering a single fiscal year.

Appropriation: An authorization granted by the Board of Commissioners to make budgeted expenditures and to incur obligations for purposes specified in the budget ordinance.

Approved Budget: The budget as formally adopted by the Board of Commissioners for the upcoming fiscal year.

Arbitrage: The difference between the interest expense paid by the bond debt issuer and the earnings from the invested proceeds. Tax-exempt municipal bond issuers are subject to Federal arbitrage compliance rules as a condition of bond covenants or other issuance requirements.

Assessed Value: The value of real estate or personal property as determined by tax assessors and used as a basis for levying taxes.

Assessment: The process for determining values of real and personal property for taxation purposes.

Audit: The examination or inspection of various books of accounts by an auditor followed by physical checking of inventory to make sure that all departments are following the documented system of recording transactions. It is done to ascertain the accuracy of financial statements provided by the organization.

Authorized Bond: Bonds which have been legally approved but may or may not have been sold.

Available Fund Balance: Total cash and investments minus liabilities, encumbrances, and deferred revenues at the end of each fiscal year.

Balanced Budget: Occurs when planned expenditures equal anticipated revenues. In North Carolina it is required that the budget submitted to the Board of Commissioners be balanced.

Board of County Commissioners: Five-member Board elected at large by the voters of the County for four year terms.

Bond: A written promise to pay a specific amount of money with interest within a specific time period, usually long-term.

Bond Issued: Bonds that are sold.

Bond Rating: A grade indicating a governmental unit's investment qualities. Generally speaking, the higher bond rating, the more favorable the interest rate and the lower the cost of financing capital projects funded by bonds. A high rating is indicative of the Government's strong financial position. Ratings range from AAA (highest) to D (lowest).

Budget Document: A formal document presented to the Board of Commissioners containing the County's financial plan for a fiscal year.

Budget Message: A written overview of the proposed budget from the County Manager to the Board of Commissioners which discusses the major budget items and the County's present and future financial condition.

Capital Improvement Plan (CIP): A long term plan of proposed capital improvement projects which includes estimated project costs and funding sources that the County expects to undertake within a five-year period. The plan is updated annually to reassess capital needs.

Capital Outlay: An expenditure expected to have a useful life greater than three years or an estimated total cost of \$5,000 or more. Capital outlay expenditures include such purchases as a vehicle, ambulance equipment, or Landfill equipment.

Capital Project: A project expected to have a useful life greater than ten years or an estimated total cost of \$100,000 or more and requiring professional certification. Capital projects include the construction, purchase, or major renovation of a building or the purchase of land.

Capital Projects Fund: A fund used to account for the acquisition or construction of major governmental capital facilities and equipment which are not financed by other funds.

Contingency Account: Account in which funds are set aside for unforeseen expenditures which may become necessary during the year and which have not been provided for in the context of the annual operating budget. Transfers from this account must be approved by the County Manager or Board of Commissioners.

Current Expense: Local funds used to supplement the State's minimum level of support for operating the schools. These funds by State law are appropriated on a per pupil basis.

Debt Service: Used for payment of general long-term debt principal, interest, and related costs.

Delinquent Taxes: Taxes that remain unpaid after the due date on which a penalty for nonpayment is incurred.

Department: A major administrative division of the County that has overall management responsibility for an operation within a function area.

DHR: Represents Departments of Human Resources that includes Social Services, Public Health, and Partners Behavioral Health Management (Partners BHM).

Encumbrance: A financial commitment for services, contracts, or goods that have not as yet been delivered or performed.

Enterprise Fund: A grouping of activities whose expenditures are wholly or partially offset by revenues collected from consumers in the form of fees and charges.

Expenditures: The total costs of a program or capital project.

Fire Protection Service Districts: Districts established pursuant to NCGS 153A-301(a)(2) within the County for the purpose of establishing fire tax rates to provide fire protection services.

Fiscal Year: The time period beginning July 1 of a calendar year and ending on June 30 of the following calendar year. Budgeting is carried out on a fiscal year schedule.

Fixed Asset: An asset of long-term character. For budgetary purposes a fixed asset is defined as an item costing \$5,000 or more with an expected life of more than three years.

Fringe Benefits: For budgeting purposes fringe benefits include employer payments for social security, retirement, group health, life insurance, dental insurance, and worker's compensation.

Full-Time Equivalent (FTE): An FTE converts the hours worked by a position into a percentage of a full year's number of hours. One FTE equals 40 hours per week or 2,080 hours per years per permanent position.

Fund: An accounting entity created to record the financial activity for a selected financial grouping. A fund is set up to carry out a special function or attain certain objectives in accordance with set laws and regulations.

Fund Balance: Amounts shown as fund balance represent monies which remain unspent after all budgeted expenditures have been made. North Carolina statutes dictate that a portion of fund balance should be retained and not made available for appropriation in the following fiscal year.

Function: A broad grouping of activities and departments whose outcomes and expenditures are inter related. Examples of functions within Catawba County include Human Services, Public Safety, and General Government.

General Fund: The general operating fund of the County used to account for all financial resources except those required to be accounted for in another fund.

General Obligation Bonds: Bonds issued by a government that are backed by the full faith and credit of its taxing authority.

Governmental Funds: There are three groups of funds for which financial statements are prepared—governmental, proprietary, and fiduciary. Proprietary funds are employed to report on activities financed primarily by revenues generated by the activities themselves, such as a utility. Fiduciary funds contain resources held by a government but belonging to individuals or entities other than the government. Governmental funds account for everything else. Catawba County has three types of governmental funds:

- General Fund and like funds
- Special Revenue Funds
- Capital Project Funds

Grants: A broad statement of desired conditions to be maintained or achieved through the efforts of an organization.

Indirect Cost: The component of the total cost for a service that is provided by and budgeted within another department or division. Indirect costs are budgeted to more accurately reflect the true total cost for such services such as those provided by the Administrative Departments.

Intergovernmental Revenues: Revenues from other governments (State, Federal, or local), which can be in the form of grants, shared revenues, or entitlement.

Lease Purchase: A method of purchasing equipment in which payments are spread over a period of time.

Levy: The amount of tax, service charge, and assessments imposed by the government.

Line Item: A budgetary account representing a specific object of expenditure.

Major Fund: Major funds represent the significant activities for the County and can include any fund whose revenues or expenditures constitute more than 10% of the revenues or expenditures of the appropriated budget.

Modified Accrual: The County budgets all funds on the modified accrual basis of accounting according to North Carolina General Statute. This is an accounting method in which revenues are recorded when they are earned or billed and expenditures are recorded when they are obligated.

Ordinance: A formal legislative enactment by the Board of Commissioners that has the full force and effect of law within the boundaries of the County.

Personal Services: Salaries and wages paid to employees for full-time, part-time, and temporary work including overtime and similar compensation. Also included in this account group are fringe benefits paid for employees.

Program: A well-defined portion of the operating plan for which a distinct set of goals and outcomes may be developed.

Program Objective: A specific statement about what is to be accomplished or achieved for a particular program during the fiscal year.

Public Safety: A group of expenditures related to the provision and enforcement of law enforcement and fire and disaster protection.

Reappraisal: The process of revaluing a jurisdiction's real property in order to adjust the tax value to the market value. By North Carolina law, a revaluation must be conducted at a minimum of every eight years.

Reclassification: A change in the classification and corresponding job title of an existing position that results from a major change in assigned responsibilities.

Reinventing Department: One of four departments operating under alternative methods for budgeting which give more flexibility for accounts.

Reserve: An account designated for a portion of the fund balance that is to be used for a specific purpose.

Revenue: Income including transfers and excluding proceeds from the sale of bonds or notes for the fiscal year. The major categories of revenue include taxes, intergovernmental, Federal and State, permits and fees, sales and services, and interest on investments.

Special Revenue Fund: A fund used to account for the revenues from specific sources that are to be used for legally specified expenditures.

Tax Levy: Revenue produced by applying a given tax rate to a property's assessed or tax value.

Unassigned Fund Balance: Available fund balance minus fund balance appropriated for subsequent year's expenses and Board of Commissioner designations such as Reinvesting Surplus, which may or may not be spent, and other reserves.

Square Foot Construction Cost: Published by ICC based on occupancy and type of construction.

Catawba County Building Cost Factor (CCBCF): A mechanism for adjusting building construction costs specifically for Catawba County set for each building group and construction type annually with County budget adoption and are based on actual documented building costs during the fiscal year and comparisons with other regional jurisdictions.

Note: The Board of Commissioners established the formula for fees on June 4, 2004.

Permit Fee Multiplier =

$$\frac{\text{Amount of Building Services Budget to be recovered through permit fees (1)}}{\text{Total Annual Construction Value (2)}}$$

1. Building Services Division budget as approved by the Catawba County Board of Commissioners including the percentage of the budget that is to be recovered through permit fees.
2. Based on historical records, total annual construction value in dollars that has occurred within Catawba County in the previous year.

The Fiscal Year 2018/19 Permit Fee Multiplier is 0.0086.

Appeals: Building valuation data may be appealed by one of the following methods:

1. Upon issuance of a Certificate of Compliance the permit holder may submit final documentation of all building construction costs to include structural, electrical, plumbing, mechanical, interior finish, normal site preparation, architectural and design fees, overhead and profit. Documentation will be compared to ICC Square Foot Construction Costs to determine if the initial building valuation was accurate. All documentation that verifies a difference of more than 10% from the initial building valuation data to the actual completed cost of construction can be appealed for a refund of a portion of the permit fees initially paid.
2. Permit applicants may appeal valuation data by submitting a Cost of Construction claim form to the Catawba County Permit Center at time of permit issuance. This form shall be sealed and certified by a North Carolina registered design professional engaged in the project. The contractors and design professionals shall also agree to supply the County with all change orders that occur during project construction. Prior to issuance of a Certificate of Compliance the permit holder will be responsible to reimburse Catawba County for any additional permit fees that may be assessed due to change orders that increase the value of the building by more than 10% of the original cost of construction.

Structure values which are not identified by the International Code Council Building Valuation Data will be based on the contractor's estimate and using the permit fee multiplier with a minimum building permit of \$88.00.

FEE SCHEDULE POLICIES

EMERGENCY SERVICES

Ambulance Fees

Recover 50 percent of cost of ambulance service but maintain a reasonable rate compared to other counties.

Impound Fee

Charge a fee to recover costs of staff time and resources while encouraging and promoting responsible pet ownership when an animal is impounded due to a violation of County Code.

Fee to Municipalities Using Animal Shelter

Share the costs of operating the shelter with the municipalities who use it. Costs are allocated based on the ratio of the municipalities' populations and the County's population. Cities pay 100 percent of their share of costs.

Fire Permit Fees

Charge reasonable fees to ensure proper application of the state fire prevention code.

Hazardous Material Recovery

Recover costs of staff time, equipment and resources related to hazardous material incidents.

GENERAL GOVERNMENT

Copy Charges

Recover the cost of copies in accordance with state law.

Returned Check Fee

Discourage people from writing a worthless check to the County and to cover some costs related to recovering funds.

HUMAN RESOURCES

Employee Health Connection Fees

Recover costs related to providing services.

Risk Management Services

Recover costs of staff time, equipment and resources related to training provided to outside agencies.

LIBRARY

Audio-Visual and Adult Print Materials

Encourage the timely return of materials.

Interlibrary Loan Materials

Interlibrary loan policies are set by the lending library. Overdue fees reflect the standard rate charged statewide.

Lost Library Card

Initial card is free. The replacement card fee is to encourage patrons to keep track of their library card.

PLANNING, PARKS, & DEVELOPMENT

Planning & Zoning Fees

Recover 100 percent of staff time, materials and costs for recording plats, ordinances, maps, street signs, board of adjustment, rezoning and road assessments.

Parks Fees

Consistent with other counties and the State, charge fees for specialized amenities and the reservation of facilities.

COOPERATIVE EXTENSION

All Fees

Cooperative Extension's fees will cover 100 percent of program materials and supplies.

PUBLIC HEALTH

Clinical Services

Clinical fees are based on Public Health costs of service provision. Clinical fees are billed to third party payors as applicable. In the event the third party payor does not reimburse, the patient will be billed as permitted. Patient bills may include a discount based on pre-determined eligibility. Eligibility scale is based on the Federal Poverty level adjusted annually by the Department of Health and Human Services.

Environmental Health Fees

Fees will support 100 percent of the total cost.

TAX ADMINISTRATION

Real and Personal Property Tax Billing & Collection for Municipalities

Have municipalities proportionately share the cost of billing and collecting real and personal property taxes. Periodically, the county will recalculate the cost per bill and charge municipalities an equitable amount based on the number of bills issued per municipality.

Sale of Maps

Recover costs of staff time, equipment and resources.

TECHNOLOGY

GIS Fees

Encourage efficiency and recover operational and maintenance costs. In June 1991, the North Carolina General Assembly approved HB 356 that exempts the Catawba County GIS database from the Public Records Act. Under the precepts of the legislation, the County can charge "reasonable costs" for the computerized database and data files. Fees will be reviewed annually.

GIS Charges to Municipalities

Have participating municipalities pay a proportionate percentage of costs for the base map project, selected personnel and operating costs, based on a ratio of the municipality's extraterritorial jurisdiction area compared to the total county area at the time the bids are awarded.

UTILITIES & ENGINEERING

Building Services Fees

Building Inspection fees are in place to recover 100 percent of the cost of the Building Services Office. Fees will be benchmarked against other counties each year and rates will be set to recover as much of the County's cost as possible given economic conditions and the results of the benchmarking.

Erosion Control Fees

Erosion control fees are in place to recover a portion of the cost of the local Erosion and Soil Sedimentation Control program.

Solid Waste Fees

Consistent with County Code, landfill fees will generate sufficient revenues to operate the landfill and build reserve for future needs as well as encourage protection and preservation of the environment.

Water and Sewer Fees

Recover a portion of the costs of constructing water and sewer infrastructure.
